Applicant Information

1. Name of Entity/Organization: <u>Bay District Schools – Tom P. Haney Technical Center</u>

2. Background of Applicant Individual/Entity/Organization:

Bay County District Schools are governed by an elected five-member board, responsible for setting school policies which are designed with the goal of delivering the best possible education to each child. The policies govern budgetary, facility and personnel resources, as well as the students, faculty and staff at each school. School board policies also ensure that the local schools comply with state and federal laws. Bay District Schools is led by Superintendent William V. Husfelt, III. Superintendent Husfelt was first elected in November 2008 and was re-elected in both 2012 and 2016 serving his third term. The district is comprised of 47 schools: 5 high schools, 6 middle schools, 2 combined grade level schools (K-8, K-12), 3 special purpose schools, 1 adult technical school, 10 charter schools and 1 virtual school. The entire school system has a total membership of 28,461 students.

Bay District Schools strives to develop schools that are unique, competitive and welcoming to all students in Bay County. Bay District Schools, along with its educational and industry partners, is the gateway to a seamless career pathway. Tom P. Haney Technical Center (TPHTC) opened in 1968 with the mission of providing educational opportunities for all students and the training necessary to meet the needs and standards of today's changing global workplace. Haney is an adult center serving students 16 and older which currently offers 18 career technical education programs and also provides Adult Basic Education, GED (General Educational Diploma), and ESOL (English for Speakers of Other Languages) instruction. Qualified area high school students may enroll tuition-free in Haney's career technical education programs to receive Dual Enrolled credit. Some licensure programs such as Practical Nursing and Massage Therapy require a high school diploma or GED for entry. Haney holds dual accreditation with AdvancED and with the Council on Occupational Education (COE). As documented in the COE 2017 Annual Report, Haney's overall average CTE program completion rate is 84%, the overall average CTE program job placement rate is 84%, and the overall average program CTE licensure examination passing rate is 98%.

Employers in Bay County and surrounding areas experience challenges in finding a qualified, trained workforce in technical and industrial fields. One particular area that has a high need for qualified workers is in the industrial pipefitter field. There is clear evidence indicating the need for employees and the positive economic benefits to individuals, industry, and the area if these jobs are filled. Barriers to providing training in industrial pipefitting include the lack of funding to purchase equipment and materials, hire an instructor, and to retrofit the classroom and shop space to meet the educational requirements established by the Florida Department of Education and current industry requirements.

a. Tom P. Haney Technical Center Educational Attainment

Tom P. Haney Technical Center complies with accreditation requirements established by the Council on Occupational Education (COE) and AdvancEd for the 18 Career Technical Education programs and adult basic education programs such as GED and ESOL currently taught at the school. Haney consistently meets and exceeds COE's requirements established in terms of completion (percentage of students who have demonstrated the competencies required for a program, or exit point within a program, and earned a credential), placement (the percentage of graduate and non-graduate completers employed in positions related to field of instruction) and licensure (percentage of graduate completers who have completed taking state or federallyrequired licensure exams and have received pass/fail results) requirements.

Over the last three years, the completion, placement, and licensure rates for Haney's Career Technical Education students remain consistently high. The number of Industry Certifications offered and earned has risen consistently over the last three years.

Table 1.0 Tom P. Haney Technical Center Completion, Placement & Licensure Rates & Industry Certifications 2013-2016					
	2013-2014 2014-2015 2015-2016				
Completion	89%	82%	84%		
Placement	85%	86%	84%		
Licensure	99%	97%	98%		
Industry Credentials	96	126	215		

b. <u>Tom P. Haney Technical Center's Career & Technical Education Demographics</u> Career and Technical Education (CTE) focuses on developing academic and technical skills as well as the knowledge and training necessary to succeed in future careers. CTE prepares learners for the world of work by introducing them to workplace competencies, hands-on training, and by offering industry certifications that are portable and stackable. At Tom P. Haney Technical Center, CTE programs are offered in specialized career clusters with specific Florida Department of Education curriculum frameworks that provide exposure to hands-on, workbased learning opportunities and input from local and regional industry partners.

Haney serves over 1000 CTE and Adult Basic Education students annually. The school is committed to CTE and continues to develop to meet the needs of students and industry. In 2017-2018, Haney employed 27 Career & Technical Education teachers instructing as part of the following 18 CTE programs:

Table 2.0 Tom P. Haney Technical Post-Seco	ondary Career Technical Education Program Offerings
Administrative Office Specialist	Digital Design
Air Conditioning, Refrigeration & Heating Technology (HVAC)	Electrician
Automotive Collision Technology Technician	Electricity
Automotive Service Technology 1	Marine Service Technologies
Automotive Service Technology 2	Massage Therapy
Aviation Airframe Mechanics	Medical Administrative Specialist
Aviation Powerplant Mechanics	Practical Nursing
Computer Systems & Information Technology	Welding Technology
Cosmetology	Welding TechnologyAdvanced

Many of Haney's CTE programs offer national industry credentials or provide eligibility to sit for state or national licensure examinations after program completion. See the number of Industry Credentials earned by Haney students in Chart 1.0.

Table 3.0 Industry Certifications Earned b	y Tom P. Haney Technical Center Students 2015-16
American Welding Society (AWS) Certified Welder	Florida Board of Massage Therapy License
Automotive Service Excellence (ASE) Certification	Microsoft Office Specialist
Certified Medical Administrative Assistant (CMAA)	Microsoft Office Specialist—Master
Federal Aviation Administration (FAA)	National Council Licensure Examination for
General, Written, Oral, and Practical Examination	Licensed Practical Nurses (NCLEX-PN)

Written, Oral, and Practical Examination	Research Certifications HVAC Levels 1, 2, 3, & 4
Florida Board of Cosmetology License	National Center for Construction Education &
	Research Certifications Welding Levels 1, 2, & 3

The end goal for Haney's CTE programs is to provide employability for students and to provide a skilled workforce for local and regional employers. Students who complete CTE programs are ready to work as soon as they graduate. Partnering with industry leaders and advisors is an essential aspect of the curriculum. Each of Haney's CTE programs has a strong Occupational Advisory Committee consisting of local and regional employers and experts in the field. These industry partners meet as a group at least twice annually to tour the facilities, review the curriculum, analyze industry trends, discuss hiring opportunities and internships, as well as to make general recommendations for the program.

Industry leaders and community leaders in multiple fields serve on Haney's School/Institutional Advisory Committee. These members serve as a liaison between the school and the community. CareerSource Gulf Coast also has a strong partnership with Haney and maintains a satellite office located on campus to provide resources for students and to assist students with finding jobs.

CTE programs are offered based on the needs of local industry. Multiple industry partners have requested the addition of an Industrial Pipefitter program to fill a great local need for skilled workers in this field. Haney has the space, industry partners, and successful experience with adult career technical education that will enable a new Industrial Pipefitter program to flourish. The clear economic benefits to local employers and future employees is both immediate and longstanding. The school is in need of funding to convert the existing space and provide equipment and supplies to meet curriculum needs that will provide educational and training opportunities for future generations.

- 3. Federal Employer Identification Number: 59-6000511
- Contact Information: Ann Leonard Director, Haney Technical Center 850-767-5520 leonaaa1@bay.k12.fl.us

5.	Primary Contact Information:	<u>William V. Husfelt, III</u>	
	Title:	Superintendent	
	Mailing Address:	1311 Balboa Ave. Panama City, FL 32401	
	Telephone Number:	<u>850-767-4100</u>	
	Email Address:	husfewv@bay.k12.fl.us	
	Website:	http://www.bay.k12.fl.us/	

6. Identify any co-applicants, partners, or other entities or organizations that will have a role in the proposed project or program and such partners proposed roles.

- 7. Total amount of funding requested from Triumph Gulf Coast: \$584,000
- Has the applicant in the past requested or applied for funds for all or part of the proposed project/program?
 No
- 9. Describe the financial status of the applicant and any co-applicants or partners:

Bay District Schools is in good financial status. As indicated in the Carr, Riggs & Ingram 2016 audit, as of June 30, 2016, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. *(See Appendix i)*

Eligibility

- 1. Purpose of the proposed project:
 - Grants to support programs that prepare students for future occupations and careers at K-20 institutions that have campuses in the disproportionately affected counties. Eligible programs include those that increase students' technology skills and knowledge; encourage industry certifications; provide rigorous, alternative pathways for students to meet high school graduation requirements; strengthen career readiness initiatives; fund high-demand programs of emphasis at the bachelor's and master's level designated by the Board of Governors; and, similar to or the same as talent retention programs created by the Chancellor of the State University System and the Commission of Education, encourage students with interest or aptitude for science, technology, engineering, mathematics, and medical disciplines to pursue postsecondary education at a state university or a Florida College System institution within the disproportionately affected counties.
 - Grants to support programs that provide participants in the disproportionately affected counties with transferable, sustainable workforce skills that are not confined to a single employer.
- 2. Project Title and Description

Tom P. Haney Technical Center works closely with local and regional industry to meet the needs of the workforce in Bay, Gulf, Washington, Jackson, Franklin, Walton, Escambia, Wakulla, and Santa Rosa Counties. Pipefitting is a regional construction field with a critical need for skilled workers at large companies such as Southern Company, Chicago Bridge & Iron (which recruits locally), Eastern Shipbuilding Group, Inc., WestRock, Berg Steel Pipe Corp, and others. School administrators and instructors have been approached with the request by industry partners to open a pipefitting program.

To accommodate industry requests, Haney Technical Center proposes a complete renovation of an existing space as well as funding to purchase tools, equipment, and supplies to outfit the program to meet current industry standards. CareerSource Gulf Coast has committed funds in the amount of \$80,000 for materials and equipment, and Bay District Schools has committed \$78,560. This funding request of \$584,000 includes the cost of design, building renovations, contingency funds, start-up tools and materials for this program. From the time it is funded, the Industrial Pipefitter project could be completed and ready for student enrollment within 6 months. With this funding, Tom P. Haney Technical Center can open a much-needed program to support the business and industry needs of our local community and to provide high-skill employment opportunities for our students.

a. Location Overview: Bay County

The planned location for the proposed project is on the Tom P. Haney Technical Center Campus, 3016 Hwy 77, Panama City, Florida. If funded, current classroom and shop space located in building 1 will be renovated for this program.

Bay County Demographic Landscape

Bay County is considered one of the disproportionally affected areas that need Triumph Funds. The county is located on the Gulf of Mexico in Northwest Florida between Pensacola and Tallahassee, one hundred miles from either destination. It is comprised of seven municipalities with their own mayor/commissioner form of government: Panama City, Panama City Beach, Lynn Haven, Springfield, Mexico Beach, Callaway, and Parker. The unincorporated areas of the community are governed by the Bay County Commissioners.

Bay County's economic anchors are tourism, military, education and a diverse group of local industries ranging from call centers of nationally known companies to major manufacturers. The area includes one of the newest airports in the United States, Northwest Florida Beaches International Airport. Bay County is also known to be a military-friendly community home to Tyndall Air Force Base and the Naval Support Activity which employs over 10,000 military and civilian personnel.

Bay County Job Outlook

According to the *Northwest Florida Forward* 2009-2016 report, regional data indicates a slower (6.6%) job growth compared to state and national averages. However, jobs grew by 8.0% in the region's five most populated counties which includes Bay County. Although the growth is promising, the available workforce to fill positions that require advanced educational attainment falls critically short.

In Bay County, great strides have been made because of the relentless pursuit of momentous opportunities by local industry and economic development leaders. Such success has resulted in an aggressive recruitment and training challenge for local educational institutions. Examples include two companies in 2016 that provided a much-needed boon to the local economy:

1.) *Berg Steel Pipe Corp* --a European-owned manufacturing company that builds natural gas pipelines located on the Panama City Port-- announced that it secured two large contracts resulting in the company's capturing between 40 and 50 percent of the domestic market share.

2.) *Eastern Shipbuilding* --a local commercial shipbuilder, landed a record \$10.5 billion contract to build two dozen new U.S. Coast Guard cutters bringing over 2,000 jobs to the county.

The most recent economic triumph for Bay County was the 2017 decision of *GKN Aerospace* to establish a manufacturing facility in Bay County's Venture Crossings Enterprise Center. The notable addition of this company to the area represents a \$50 million capital investment that will create an estimated 170 new highly skilled jobs for the region with an average salary of \$65,000.

Momentum continues not only in bringing in new industrial opportunities but also revitalizing Bay County's military activity that has been a major economic factor in the area. In late 2017, Tyndall Air Force Base was selected as the preferred site for the MQ-9 Reaper wing, a decision that will strengthen the local economy. It is projected that over 1600 Airmen could arrive in 2020, with aircraft following in 2022. The wing is expected to increase Tyndall's workforce by more than 30 percent.

Bay County Educational Attainment

Unfortunately, after the age of 18, data suggests that educational attainment stops for most, experiencing some college but not advancing to complete a Bachelor's degree. These statistics indicate that young adults in Bay County are limited by their educational attainment which hinders them from having the opportunity to be a candidate for the high skilled positions in which there are critical workforce shortages. According to 2011-2015 Census data, of those between the age of 18-24, 41% have attained some college or an Associate's degree while only 6.8% of this age group have earned a Bachelor's degree or higher.

Table 4.0 Educational Attainment for population 18 to 24 years in Bay County		
Less than high school graduate	19.6%	
High school graduate (includes equivalency)	32.1%	
Some college or associate's degree	41.6%	
Bachelor's degree or higher	6.8%	
Source: 2011-2015 American Community Survey (ACS), U.S. Census Bureau		

According to the Florida Forward County Snapshot, the 2015 educational landscape for all ages in Bay County is generally reflective of the statistics for ages 18-24. The data indicates that 87.6% of the total population has obtained a high school diploma (includes equivalency) or above. However, statistics suggest that there are less people overall in Bay County that have obtained an Associate's degree or above (31.9%) compared to those ages 18-24. A distinction occurs when the total population (all ages) in Bay county is accounted for, in such case there is an increase of those who have earned a Bachelor's degree or above (21.6%) compared to the 18-24 age group.

This lack of educational attainment contributes to the shortage of skilled workers residing in the region thus influencing the total economic conditions of the area. According to a 2015 economic analysis conducted by the Haas Center --a research and consulting arm of the University of West Florida that engages in applied research and strategy development in economics and across the social sciences-- the largest cities within Bay County (Panama City, Panama City Beach and Lynn Haven) have a lower than average job skills index (-4.4) ranking 15th out of 22 Florida areas examined. The job skills index measures a combination of economic factors including skill levels needed for occupations, price of goods and services from area to area, labor supply or demand and regional amenities. The higher the job index, the healthier the economy is within the area. This area ranked lowest out of all other Northwest Florida regions compared to Pensacola, Ferry Pass and Brent earning a (.09) and Crestview, Ft. Walton Beach and Destin (1.3). In perspective, the national job index average in this study was 0 and Florida ranked 39th out of all 50 states earning a (-1) job index.

Bay County Income

The educational level of the population in Bay County may have a correlation to the income level attained in Bay County as well as in the region. The report reveals that in 2014, 14.75% of the total population in Bay County live below the poverty level, slightly lower than the region's (15.8%) and the national (15.6%) population living in poverty. However, the median income in Bay County (\$47,274) is lower than both the region's (\$48,567) and national (\$53,482) median income level.

Other employment factors in Bay County may contribute to the lower than average median income level. Bay County is a coastal area in which the economy is primarily dependent upon Hospitality and Tourism and local government positions (education). The *Florida Forward County Snapshot* points out that in 2016 the top industry for employment (6,248 jobs) is in full-service restaurants with average earnings of \$22,771. Second, are positions filled in elementary and secondary schools (4,832 jobs) earning an average of \$46,831 annually.

b. Location Overview: Tom P. Haney Technical Center

Tom P. Haney Technical Center Demographic Landscape

The first building on the Tom P. Haney Technical Center campus was built in 1968 with additional buildings added through the years. There are currently nine buildings that are a part of the campus. Renovations to specific programs and buildings have taken place to modernize the facility throughout the years. The 18 career technical education programs on this campus make a sustainable contribution to the area's workforce pipeline and ultimately provide a pathway to long-term economic stability for future generations in the region.

Haney serves a diverse and significantly low-income population in Bay County and the surrounding area. Over 85% of Haney's students receive some type of funding or scholarship to attend. In addition, Haney has a large population of United States Armed Forces Veterans who attend the school. Approximately 80-100 veterans use VA benefits to enroll annually.

c. Case for economic recovery, diversification and enhancement

The state curriculum frameworks for the Industrial Pipefitter program outline a 600 hour course *(see Appendix ii)*. If created, it would be possible to complete the course in one semester and have two enrollment periods annually. A six month training period with low enrollment costs of less than \$3500 would yield a large return-on-investment for students. In 2017, Florida Labor Market Statistics estimate the average wage for Plumbers, Pipefitters, and Steamfitters in the region at \$20.07 per hour or \$41,760 annually. The benefits for future employees and local businesses would be transformational. Eastern Shipbuilding Group, Inc. has been awarded a \$10.5 billion contract with the United States Coast Guard to build 24 cutters. When operating at full capacity, they employ over 200 pipefitters with the expectation to hire approximately 100 pipefitters annually since the turnover rate averages 50%. This company and other area businesses such as Gulf Power, WestRock, Oceaneering, Maritech Machine Inc., and Berg Steel Pipe Corporation have expressed concern about the limited number of skilled employees with this training for their current and expected future workforce needs.

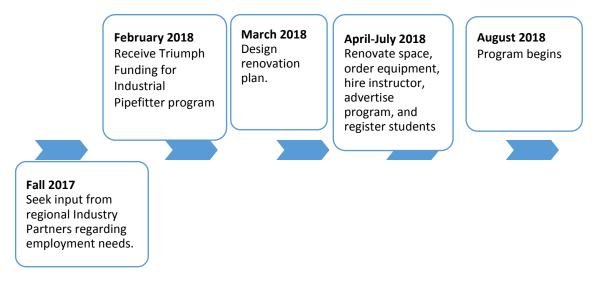

In Northwest Florida the situation is reflective of this nationwide workforce dilemma, economic development and industry leaders have succeeded in securing new contracts and bringing new companies to the region. The magnitude of such economic growth poses *an urgent cris* to ensure a workforce talent pipeline that these companies can depend on. <u>High school graduates</u>, with the right education and training pathway, can be the diverse talent pool that is vital to the economic viability of existing and foothold industries in Bay County as well as throughout the region. Per the *Northwest Florida Forward County Snapshots County* report, out of the 2015 estimated total population (181,635) of Bay County, more than three quarters of the population is 18 years and older. This group is a significant portion of the community that can enter the workforce pipeline.

<u>The sub-baccalaureate workforce pipeline is also an important factor toward economic</u> <u>recovery</u>. Research suggests that Career and Technical Education programs are a good strategic investment and has shown to be a critical asset to the economy. The Association of Career and Technical Education (ACTE) reports, investment in Career and Technical Education provides exponential economic return. The report cites an example for Washington State, estimating that for every dollar spent on Secondary CTE students, taxpayers receive a \$9 return on investment. In Tennessee, CTE returns one dollar for every \$2 invested and at the secondary level, CTE program completers account for over \$13 million annual tax revenues. In addition, data indicates that students who earn CTE credits helps High School students succeed. A U.S. Department of Education, *Data Points* (July 2016) report on *Career and Technical Education Course taking and Postsecondary Attainment,* suggests that students that have been exposed to Career and Technical Training are more successful in their educational and occupational journey

The Industrial Pipefitter program will enhance the overall opportunities and quality of life of the residents of Bay County in perpetuity. Research supports that advanced education in relevant career and technical programs is an investment that results in higher wages and long-term employment--both key indicators of an improved quality of life. Up to 40 students, year after year will be a part of a robust program with proven local employment opportunities. If the need arises for additional enrollment opportunities, a second instructor could be hired or additional courses could be offered in the evening in the same space. The graduates from this program will have the necessary skills to fulfill the foundational needs that are sought by both local and regional industries. Gateways of opportunity for the graduating students will be broadened to a regional level due to the portability of the skills and knowledge learned.

d. Timeline

Renovation plans could be completed in six months. If funded immediately, the planned construction of the proposed Industrial Pipefitter program could take place over the summer, and enrollment could begin in the August 2018 or January 2019 semester.

e. Affected Counties

The program will be established in Bay County and will serve residents in all of the disproportionately affected counties. It will have a positive ripple effect in supplementing the workforce for the entire Northwest Florida region. Students who graduate from the program can earn industry skills which will make them employable not only in Bay County but throughout the entire region. The investment in educating skilled workers in Bay County supports an overall

regional approach that indicates to potential foothold companies that the entire Northwest Florida Panhandle has a candidate pool which is workforce ready.

3. The project is transformational and will positively affect the disproportionately affected counties in the next ten years.

According to the Florida Department of Economic Opportunity, skilled workers in the Industrial Pipefitter field constitute one of the largest and highest paid construction occupations, and job opportunities should be very good.

- Employment of plumbers, pipe layers, pipefitters, and steamfitters is expected to grow 16% between 2008 and 2018, faster than the average for all occupations.
- According to projections from the Florida Department of Economic Opportunity, approximately 396 job openings are projected over the next eight years.
- The Panama City region has 129 projected openings from 2015-2023.
- In 2015, there were 624 workers employed in this occupation in Panama City, Florida. Many people in this career field are expected to retire in the next 10 years, which will create additional job openings.
- Companies within a 100 mile radius of Panama City hiring Industrial Pipefitters: NSC Technologies LLC, Technical Marine Maintenance Services, Tradesmen International, Legacy Industrial Group, JLL, Eastern Shipbuilding, WestRock, Berg Steel Pipe Corp, and others.

It is well documented that the nation is facing a critical crisis in a skilled workforce. In a December 2017 Report, the USG Corporation + United States Chamber of Commerce Commercial Construction Index states that over half (57%) of contractors expect to hire more workers in the next six months. They also report that 99% of contractors feel confident in the demand for new commercial construction over the next 12 months. "Despite demand, 60% of contractors reported difficulty finding skilled workers in the third quarter of 2017 due to an ongoing skilled labor shortage." The lack of trained and educated talent available in the workforce stifles economic growth in all communities, especially in the Northwest Florida region.

An Industrial Pipefitter program would provide transformational change in the future of the lives of residents of Bay County and the surrounding counties for many generations to come. The small tuition cost of \$3500 generates a huge return-on-investment given the potential salaries. The continuity of graduates from this program will be a part of the long-term solution ensuring that there is a qualified candidate pool that current and future companies can depend on in the region. Furthermore, these students will have the opportunity to embark on career and educational pathways that are considered high demand occupations listed on the Florida Department of Economic Opportunity for the affected counties. The positive impact to the socio-economic class of the residents in the county from such opportunity can be life-changing.

The project will strengthen the career pathway models that have already been charted by Bay District Schools. The addition of the Industrial Pipefitter program to Haney's 18 other strong career technical education programs will serve as evidence for future economic development site visits, that Bay District Schools is committed to building an infrastructure that improves the

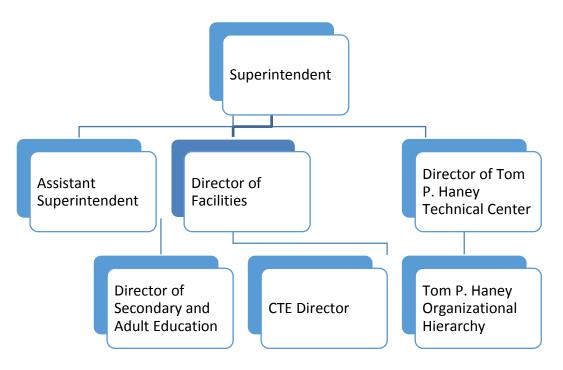

quality of place and livelihood for all Bay County families. Foundations and other potential industry funders will be able to see this program as a resource that can be leveraged, thus positioning the county, region, and state for future workforce development initiatives and grants.

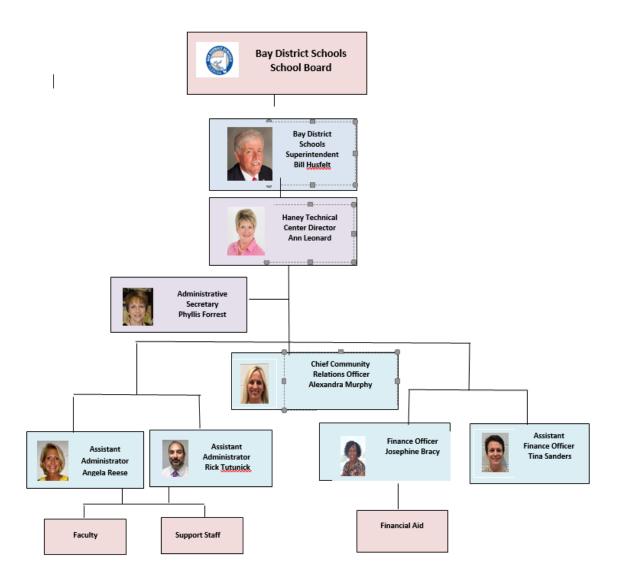

4. Viability of the proposed program:

Integrated into the organizational structure and operations

The project design and program plan is inherently viable as it will be fully integrated into the overall organizational infrastructure of Tom P. Haney Technical Center. Haney has been established since 1968 and has been accredited with the Council on Occupational Education for 40 years. The majority of programs at Haney operate at full capacity, so the school has a proven track record of success with enrollment, student completion, and job placement. Participation in the program will be available to anybody in Bay County and the surrounding area who meets entry requirements.

The School Superintendent and the Director of Facilities, within the Division of Operational Support Services will oversee the planned project construction for the Industrial Pipefitter program. The program will be managed by the Director of Tom P. Haney Technical Center in collaboration with school administration, instructional and support staff, as well as Bay District Schools' Director of Career & Technical Education. This working committee will be established in the early stages of project planning until full implementation of the project.

The operational plan will be administered by Tom P. Haney Technical Center as a part of the Bay District School's organizational structure. The Tom P. Haney Technical Center Director, Assistant Administrators, and Staff will coordinate with Bay District Schools' Administrators to ensure that the project will reach set objectives. The school will be held to all accountability measures set forth by the Florida Department of Education, the Council on Occupational Education, and the Bay District School Board.

Mission Alignment

The viability of the proposed project is also solidified by the full alignment of its mission with the academic goals outlined in the Bay District Schools Strategic Plan. The Industrial Pipefitter program is expected to advance the goals and strategy of the school district that will make a long-term impact in career placement for students throughout the region. The following are the goals and objectives which the Industrial Pipefitter program will address that align with the overall vision for Bay County.

Suild a sustainable workforce talent pipeline for Bay County and the Region

- <u>Objective Increase the career academies and career pathways offered based on</u> <u>community need for high-demand and high-wage jobs.</u> The Industrial Pipefitter program will increase CTE offerings available to eligible Bay District Schools' students who are juniors and seniors in high school as well as students over the age of 16 who are not enrolled in another area school.
- Objective Enhance career opportunities and counseling (job shadowing, internships, career dual enrollment, etc.) for all students, including post-secondary students and modified programs for Students with Disabilities. Job fairs, career days, and career programs developed in partnership with education navigators, industry human resource managers and CareerSource employment counselors will take place to promote job placement and educational advancement. Haney's Career Specialist and the program instructor will also serve these students and assist with job placement.
- 5. How will the impact of the disproportionately affected counties be measured long-term?
 - # of program completers (COE Annual Report)
 - # of program completers who obtain a job in field regionally (COE Annual Report)
- 6. How is the proposed project sustainable?

Bay District Schools has a proven infrastructure and capacity to carry out and sustain the proposed project plan. The financial management procedures for the Industrial Pipefitter program will be consistent with the policies and procedures of the district that comply with the Florida Department of Education. Bay District schools has a strong track record in monitoring financial accountability through the Business Support Services Division as well as A Citizens Oversight Committee for the half-cent sales tax expenditures. Haney Technical Center has a long and proven historical track record with sustaining enrollment, completion rates, and job placement in field for multiple career and technical education programs.

The *Business Support Services* division includes the Budget Office, Financial Services, Purchasing, Insurance/Risk Management, and the Payroll Office.

Responsibilities of individuals are as follows:

A *Citizens Oversight Committee*, consisting of nine members, review the expenditures of the proceeds generated from the half-cent sales tax and make quarterly reports to the Bay District School Board and the public regarding the use of these monies. The make-up of this committee includes an appointee by each School Board Member, two appointees by the Superintendent, an appointee from the Bay County Chamber of Commerce and an appointee from the Panama City Beach Chamber of Commerce. The Committee makes certain that the proceeds of the tax are being used in accordance with the Board's Resolution dated July 14, 2010, under Section 212.055 Florida Statutes.

7. How will the deliverables of the project will be measured?

The outcome measures for the project will be measured based on the completion and placement rate of students in the program as reported to the Council on Occupational Education annually.

Priorities

The Industrial Pipefitter program meets the Triumph fund priorities in multiple ways including but not limited to:

- Increase household income in the disproportionately affected counties above national average household income
- Leverage or further enhance key regional assets, including educational institutions, research facilities, and military bases

- Partner with local governments to provide funds, infrastructure, land, or further assistance for the project
- Provide outcome measures
- Partner with K-20 educational institutions or school districts located within the disproportionately affected counties as of January 1, 217.
- Are recommended by the Board of County Commissioners of the county in which the project or program will be located
- Partner with convention and visitor bureaus, tourist development councils or chambers of commerce located within the disproportionately affected counties
- 1. How does the proposed project meet the priorities identified?

The proposed project meets seven of the identified priorities. Research supports that the development of talent with career and technical education is a long-term investment that results in people obtaining high-skilled jobs. The training and program pathways offered lead to entry-level positions that are well above the minimum wage as well as high demand occupations listed by the Florida Department of Economic Opportunity.

This proposal would be beneficial for employees, employers, and the economy in all eight of the disproportionately affected counties. Training a skilled workforce in the industrial pipefitter industry would lead to higher paying jobs and increased household income. The large-scale renovation required to open this program at Tom P. Haney Technical Center would further enhance the educational institution in partnership with Bay District Schools' financial and educational contribution. Outcome measures will be clearly reported with oversight from the school's accrediting agency, the Council on Occupational Education. An annual report requires documentation that verifies each programs' completion and job placement rate.

The proposed project will be carried out by the leadership of Bay District Schools and Tom P. Haney Technical Center and leverages existing relationships with other educational institutions, industry partners and economic development leaders to ensure excellence in project delivery. The Bay County Board of Commissioners recommended this project. Local Chamber of Commerce groups such as the Bay County Chamber of Commerce, the Bay Economic Development Alliance, and other partners have written letters of support endorsing this project.

2. How does the proposed project meet the discretionary priorities identified?

The Industrial Pipefitter program addresses several of the discretionary priorities identified by the Triumph Board. The *Northwest Florida Forward* report laid out a clear strategy for such transformational change that emphasized the need for substantial investment in career and technical education in order to cultivate the talent needed in the workforce. Bay District Schools and Tom P. Haney Technical Center have committed to do their part by developing an Industrial Pipefitter program that will feed the workforce pipeline year after year. Thus, strengthening the regional approach toward economic recovery and growth in the affected counties and by providing strong incomes for skilled workers.

3. In which of the eight disproportionately affected county is the proposed project located?

The project will be located in Bay County. Students from the surrounding disproportionately affected counties are currently enrolled at Haney and will also be prospective students for the program. In addition, employers and industry from all eight of the counties will benefit from a skilled workforce.

4. Was this proposed project or program on a list of proposed projects and programs submitted to Triumph Gulf Coast, Inc., by one (or more) of the eight disproportionately affected Counties as a project and program located within its county?

Yes. Bay County

5. Does the Board of County Commissioners for each County listed in response to question 5, above, recommend this project or program to Triumph?

Yes. (See Appendix iii)

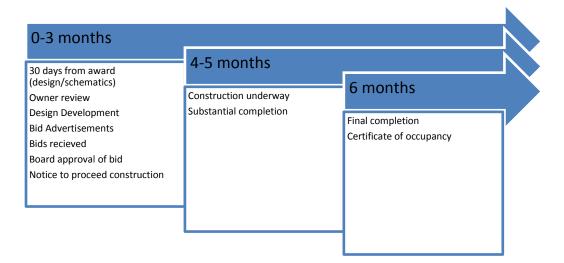

Approvals and Authority

- 1. Approvals needed before executing an agreement with Triumph Gulf Coast, Inc. In order to execute an agreement, School Board approval is required.
- 2. If approval of a board, commission, council or other group is needed prior to execution of an agreement between the entity and Triumph Gulf Coast:
 - a. The schedule of Meeting dates (See Appendix iv)

BAY DISTRICT SCHOOL BOARD REGULAR MEETING DATE SCHEDULE 2018		
February – 2/27	July – 7/10. 7/24	
March – 3/13. 3/27	August – 8/14. 8/28	
April – 4/10. 4/24	Sept – 9/11. 9/25	
May – 5/8. 5/22	Oct – 10/9. 10/23	
June – 6/12. 6/26	Nov – 11/13. 11/27	

- b. Can the group hold special meetings, and if so, upon how many days' notice?Yes, special board meetings can be scheduled with a 48-hour notice.
- 3. Describe the timeline for the proposed project or program if an award of funding is approved, including milestones that will be achieved following an award through completion of the proposed project or program.

The project could be ready for student enrollment within six months if funded immediately. Start dates would be either in Fall 2018 (August) or Spring 2019 (January) depending on the timeline that funding is distributed. The program timeline is as described in the Project description section 2.d. Renovation timeline is as follows:

4. Attach evidence that the undersigned has all necessary authority to execute this proposal on behalf of the entity applying for funding.

Bay County District Schools are governed by an elected five-member board, responsible for setting school policies which are designed with the goal of delivering the best possible education to each child. The policies govern budgetary, facility and personnel resources, as well as the students, faculty and staff at each school. School board policies also ensure that the local schools comply with state and federal laws. Bay District Schools is led by Superintendent William V. Husfelt, III. Superintendent Husfelt was first elected Superintendent of Schools in November 2008 and was re-elected in both 2012 and 2016. The Superintendent has the authority to execute this proposal following board approval.

The District School Board is the Agency Head for the Bay County School System. Members of the Board are elected for four-year terms at the general election held in November of even numbered years, pursuant to Sections 1001.34, 1001.35, 1001.36, Florida Statutes. The general

duties and responsibilities of the School Board are as stated in these rules and in Section 1001.42, Florida Statutes. (See Appendix v)

a. Letters of support (See Appendix vi)

Funding and Budget

1. Identify the amount of funding sought from Triumph Gulf Coast, Inc. and the time-period over which funding is requested.

Bay District Schools requests a total of \$584,000 for the project to be allocated in three draws: 50% or 292,000 at award; 25% or \$146,000 at five months from award; and 25% or \$146,000 at eight months from award

2. What percentage of total program or project costs does the requested award from Triumph Gulf Coast, Inc. represent?

The requested award of \$584,000 represents 79% of the total project cost.

3. Please describe the types and number of jobs expected from the proposed project or program and the expected average wage.

According to the Florida Department of Economic Opportunity, skilled workers in Industrial Pipefitter field constitute one of the largest and highest paid construction occupations, and job opportunities should be very good. A six month training period with low enrollment costs of less than \$3500 would yield a large return-on-investment. Initially, the program would enroll up to 20 students per semester with two enrollment periods annually. If additional need arises, a second instructor could be hired or night classes could be offered to increase enrollment opportunities.

- In 2017, Florida Labor Market Statistics estimate the average wage for Plumbers, Pipefitters, and Steamfitters in the region at \$20.07 per hour or \$41,760 annually.
- Employment of plumbers, pipe layers, pipefitters, and steamfitters is expected to grow 16% between 2008 and 2018, faster than the average for all occupations.
- According to projections from the Florida Department of Economic Opportunity, approximately 396 job openings are projected over the next eight years.
- The Panama City region has 129 projected openings from 2015-2023.
- In 2015, there were 624 workers employed in this occupation in Panama City, Florida. Many people in this career field are expected to retire in the next 10 years, which will create additional job openings.
- Companies within a 100 mile radius of Panama City hiring Industrial Pipefitters: NSC Technologies LLC, Technical Marine Maintenance Services, Tradesmen International, Legacy Industrial Group, JLL, Eastern Shipbuilding,

- 4. Does the potential award supplement but not supplant existing funding sources?
 - No
- 5. Project Budget
 - a. Project/Program Budget.

CATEGORY	DESCRIPTION	PROPOSED BUDGET
Construction	Building Renovations	\$578,000
	(includes design/professional fees,	
	contingency and furnishings and	
	equipment)	
Equipment, Materials,	Supplies, equipment and instructor	\$101,800
Instructor training	training.	
Supplemental	Relocate existing class currently in the	\$35,000
	Space	
Other	Other pipefitting materials and supplies	\$49,560
	TOTAL COST	\$ 764,360

b. Other Project Funding Sources

Source	In-kind/Cash	Amount
Bay District Schools –	CASH	\$78,560
Local capital improvement		
CareerSource Gulf Coast	Equipment, supplies,	\$101,800
	instructor training	
	TOTAL	\$180,360

c. Detailed Budget Narrative, including the timing and steps necessary to obtain the funding and any other pertinent budget-related information.

Construction: The total cost for renovation is \$578,000 which includes design fees, professional fees, contingency and all standard furnishings and equipment. \$78,560 will be allocated by Bay District Schools from the Local Capital Improvement fund.

Equipment, Materials & Instructor Training: The total cost is \$101, 800. This cost will be provided by CareerSource Gulf Coast.

Supplemental: This expense is needed to relocate the existing class that is in the planned space. The cost of relocation is \$35,000.

Other: \$49, 560 is needed for materials and supplies to establish the pipefitting program.

- 6. Applicant understands that the Triumph Gulf Coast, Inc. statute requires that the award contract must include provisions requiring a performance report on the contracted activities, must account for the proper use of funds provided under the contract, and must include provisions for recovery of awards in the event the award was based upon fraudulent information or the awardee is not meeting the performance requirements of the award.
 - Yes
- 7. Applicant understands that awardees must regularly report to Triumph Gulf Coast, Inc. the expenditure of funds and the status of the project or program on a schedule determined by Triumph Gulf Coast, Inc.
 - Yes
- 8. Applicant acknowledges that Applicant and any co-Applicants will make books and records and other financial data available to Triumph Gulf Coast, Inc. as necessary to measure and confirm performance metrics and deliverables.
 - Yes
- 9. Applicant acknowledges that Triumph Gulf Coast, Inc. reserves the right to request additional information from Applicant concerning the proposed project or program.
 - Yes

ADDENDUM FOR WORKFORCE TRAINING PROPOSALS

1. Program Requirements

A. Will this proposal support programs that prepare students for future occupations and careers at K-20 institutions that have campuses in the disproportionately affected counties? If yes, please identify where the campuses are located and provide details on how the proposed programs will prepare students for future occupations and at which K-20 institutions that programs will be provided.

Yes. The planned location for the proposed project is on the Tom P. Haney Technical Center Campus which is located in Bay County. Haney is an adult center serving students 16 years old and above which currently offers 18 career technical education programs and also provides Adult Basic Education, GED (General Educational Diploma), and ESOL (English for Speakers of Other Languages) instruction. Qualified area high school students may enroll tuition-free in Haney's career technical education programs to receive Dual Enrolled credit. Haney holds dual accreditation with AdvancED and with the Council on Occupational Education (COE). The proposed program will provide hands-on training needed to secure a position in Industrial Pipefitting. An industry that is need of skilled workers in Bay County and throughout the region.

- B. The proposed program will:
 - \checkmark Increase students' technology skills and knowledge
 - ✓ Encourage industry certifications
 - ✓ Provide rigorous, alterative pathways for students to meet high school graduation requirements
 - ✓ Strengthen career readiness initiatives

For each item checked above, describe how the proposed program will achieve these goals:

- Embedded in the proposed Industrial Pipefitting program are curriculum standards that are required by the Florida Department of Education. Participants in the program will be expected to have an increased knowledge in the technical skills necessary to be successful in the industry, including a deeper understanding of the applied technology that are used in the field.
- Completers of the Industrial Pipefitting program will have obtained 600 hours of instruction as required by the Florida Department of Education and will have earned a Post-Secondary Advanced Vocational (PSAV) certification.
- Haney Technical Center has historically been a beacon for providing alternative pathways for students to complete high school graduation requirements. The proposed program enhances current offerings by providing more viable pathways who have

completed high school graduation requirements at Haney as well as other Bay District Schools.

- All training offered at Haney are focused on career readiness. The end goal for Haney's CTE programs is to provide employability for students and to provide a skilled workforce for local and regional employers. Completers from the program will be fully prepared to enter a position as an Industrial Pipefitter.
- C. Will this proposal provide participants in the disproportionately affected counties with transferable, sustainable workforce skills but not confined to a single employer? If yes, please provide details.

Yes. Tom P. Haney Technical Center works closely with local and regional industry to meet the needs of the workforce in Bay, Gulf, Washington, Jackson, Franklin, Walton, Escambia, Wakulla, and Santa Rosa Counties. Pipefitting is a regional construction field with a critical need for skilled workers at large companies throughout the region such as Southern Company, Chicago Bridge & Iron (which recruits locally), Eastern Shipbuilding Group, Inc., WestRock, Berg Steel Pipe Corp, and others. Such companies have approached school administrators with a request to open a pipefitting program. If funded, completers will immediately fill a workforce pipeline needed that will benefit many employers.

D. Identify the disproportionately affected counties where the proposed programs will operate or provide participants with workforce skills.

The proposed program will operate in Bay County. Completers will be talent available throughout the entire Northwest Florida region.

E. Provide a detailed description of, and quantitative evidence demonstrating how the proposed project or program will promote: Economic recovery, Economic Diversification, Enhancement of the disproportionately affected counties, Enhancement of a Targeted Industry.

The Industrial Pipefitter program will enhance the overall opportunities and quality of life of the residents of Bay County in perpetuity. Research supports that advanced education in relevant career and technical programs is an investment that results in higher wages and long-term employment--both key indicators toward economic growth and recovery. Up to 40 students, year after year will be a part of a robust program with proven local employment opportunities. The graduates from this program will have the necessary skills to fulfill the foundational needs that are sought by both local and regional industries. Gateways of opportunity for the graduating students will be broadened to a regional level due to the portability of the skills and knowledge learned.

The state curriculum frameworks for the Industrial Pipefitter program outline a 600-hour course. If created, it would be possible to complete the course in one semester and have two

enrollment periods annually. A six month training period with low enrollment costs of less than \$3500 would yield a large return-on-investment for students. In 2017, Florida Labor Market Statistics estimate the average wage for Plumbers, Pipefitters, and Steamfitters in the region at \$20.07 per hour or \$41,760 annually.

The benefits for future employees and local businesses would be transformational for all affected counties. Eastern Shipbuilding Group, Inc. has been awarded a \$10.5 billion contract with the United States Coast Guard to build 24 cutters. When operating at full capacity, they employ over 200 pipefitters with the expectation to hire approximately 100 pipefitters annually since the turnover rate averages 50%. This company and other area businesses such as Gulf Power, WestRock, Oceaneering, Maritech Machine Inc., and Berg Steel Pipe Corporation have expressed concern about the limited number of skilled employees with this training for their current and expected future workforce needs. Many people in this career field are expected to retire in the next 10 years, which will create additional job openings. Companies that have expressed the same sentiments within a 100 mile radius of Panama City hiring Industrial Pipefitters include: NSC Technologies LLC, Technical Marine Maintenance Services, Tradesmen International, and Legacy Industrial Group.

According to the Florida Department of Economic Opportunity, skilled workers in Industrial Pipefitter field constitute one of the largest and highest paid construction occupations, and job opportunities should be very good. Pipefitting is listed on the Regional Demand Occupational list with an expectation of growth in 2018-2019. The investment would enhance this targeted industry throughout the entire region. Funding this project will address an immediate workforce need in the disproportionally affected counties.

Regional Demand Occupational Data for Plumbers, Pipefitters, and Steamfitters (2018-2019) Source: Florida Department of Economic Opportunity, Bureau of Labor Market Statistics			
Counties	Annual percentage Growth	2017 Entry Wage	Annual Openings
Bay, Franklin, and Gulf County	1.40	14.05	3,211
Okaloosa and Walton	1.40	14.05	3,211
Escambia and Santa Rosa	1.17	14.44	75
Wakulla, Gadsen and Leon	1.45	14.33	57

2. Additional Information

A. Is this an expansion of an existing training program?

No.

B. Indicate how the training will be delivered (e.g., classroom-based, computer based, other). If in-person, identify the location(s) (e.g., city, campus, etc.) where the training will be available.

All instruction and training will be delivered in the classroom at Haney Technical Center.

C. Identify the number of anticipated enrolled students and completers.

Initially, the program would enroll up to 20 students per semester with two enrollment periods annually. Considering the employment outlook for Pipefitting, the demand for the program is expected to grow. When the need arises, a second instructor would be hired offering night classes to increase enrollment opportunities. At the rate of 40 students annually, 400 trained Pipefitters will be able to enter the workforce over a period of 10 years. At the maximum capacity, up to 800 trained pipefitters may be available for hire over a period of 10 years.

D. Indicate the length of the program (e.g, quarters, semesters, weeks, months, etc.) including anticipated beginning and ending dates.

If funded immediately, the planned construction of the proposed Industrial Pipefitter program could take place over the summer, and enrollment could begin in the August 2018 or January 2019 semester.

Semester	Months
Fall	August
Spring	January

E. Describe the plan to support the sustainability of the proposed program.

Bay District Schools has a proven infrastructure and capacity to carry out and sustain the proposed project plan. The financial management procedures for the Industrial Pipefitter program will be consistent with the policies and procedures of the district that comply with the Florida Department of Education. Bay District schools has a strong track record in monitoring financial accountability through the Business Support Services Division as well as A Citizens Oversight Committee for the half-cent sales tax expenditures. Haney Technical Center has a long and proven historical track record with sustaining enrollment, completion rates, and job placement in field for multiple career and technical education programs.

The *Business Support Services* division includes the Budget Office, Financial Services, Purchasing, Insurance/Risk Management, and the Payroll Office.

A *Citizens Oversight Committee*, consisting of nine members, review the expenditures of the proceeds generated from the half-cent sales tax and make quarterly reports to the Bay District School Board and the public regarding the use of these monies. The make-up of this committee includes an appointee by each School Board Member, two appointees by the

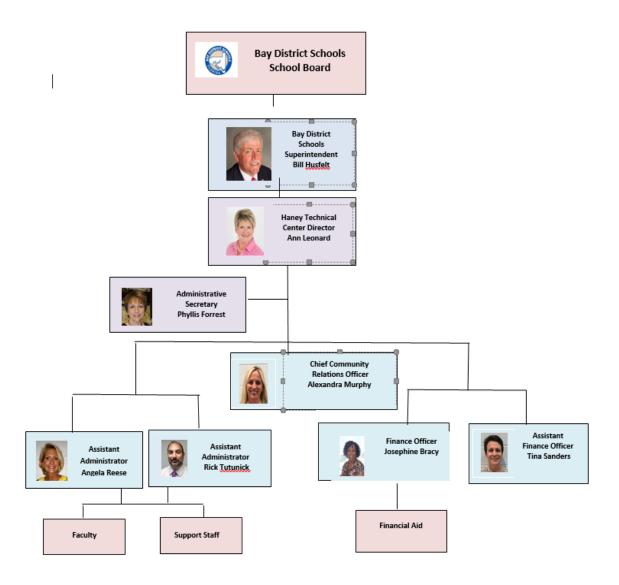

Superintendent, an appointee from the Bay County Chamber of Commerce and an appointee from the Panama City Beach Chamber of Commerce. The Committee makes certain that the proceeds of the tax are being used in accordance with the Board's Resolution dated July 14, 2010, under Section 212.055 Florida Statutes.

Integrated into the organizational structure and operations

The project design and program plan is inherently sustainable as it will be fully integrated into the overall organizational infrastructure of Tom P. Haney Technical Center. Haney has been established since 1968 and has been accredited with the Council on Occupational Education for 40 years. The majority of programs at Haney operate at full capacity, so the school has a proven track record of success with enrollment, student completion, and job placement. Participation in the program will be available to anybody in Bay County and the surrounding area who meets entry requirements.

The School Superintendent and the Director of Facilities, within the Division of Operational Support Services will oversee the planned project construction for the Industrial Pipefitter program. The program will be managed by the Director of Tom P. Haney Technical Center in collaboration with school administration, instructional and support staff, as well as Bay District Schools' Director of Career & Technical Education. This working committee will be established in the early stages of project planning until full implementation of the project.

The operational plan will be administered by Tom P. Haney Technical Center as a part of the Bay District School's organizational structure. The Tom P. Haney Technical Center Director, Assistant Administrators, and Staff will coordinate with Bay District Schools' Administrators to ensure that the project will reach set objectives. The school will be held to all accountability measures set forth by the Florida Department of Education, the Council on Occupational Education, and the Bay District School Board.

Mission Alignment

The viability of the proposed project is also solidified by the full alignment of its mission with the academic goals outlined in the Bay District Schools Strategic Plan. The Industrial Pipefitter program is expected to advance the goals and strategy of the school district that will make a long-term impact in career placement for students throughout the region.

F. Identify any certifications, degrees, etc. that will result from the completion of the program.

Completers of the Industrial Pipefitting program will have obtained 600 hours of instruction as required by the Florida Department of Education and will have earned a Post-Secondary Advanced Vocational (PSAV) certification.

G. Does this project have a local match amount? If yes, please describe the entity providing the match and the amount.

Yes. Bay District Schools intends to provide a cash match for this project. Additional resources have also been identified to support and enhance the project.

Source	In-kind/Cash	Amount
Bay District Schools – Local capital improvement	CASH	\$78,560
CareerSource Gulf Coast	Equipment, supplies, instructor training	\$101,800
	TOTAL	\$180,360

H. Provide any additional information or attachments to be considered for this proposal.

INDEPENDENT AUDITOR'S REPORT

Honorable Superintendent and members of the Bay County District School Board Panama City, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Bay County District School Board (District), as of and for the year ended June 30, 2016, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Palm Bay Preparatory Academy or Central High School (charter schools under the Palm Bay Educational Group, Inc.), Chautauqua Charter School, Inc., Community Charter Academy, Inc., Rising Leaders Academy, Inc., or the Bay Education Foundation, Inc., all of which represent 28 percent, 41 percent, and 38 percent, respectively, of the assets, net position, and revenues of the discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Palm Bay Preparatory Academy or Central High School (charter schools under the Palm Bay Educational Group, Inc.), Chautauqua Charter School, Inc., Community Charter Academy, Inc., Rising Leaders Academy, Inc., and the Bay Education Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Bay County District School Board, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 12, the schedule of funding progress for the retirees' health insurance other postemployment benefits plan and the schedule of employer contributions for the retirees' health insurance other postemployment benefits plan on page 73, the schedule of the District's proportionate share of the net pension liability – Florida Retirement System on page 74, the schedule of the District's contributions – Florida Retirement System on page 75, the schedule of the District's proportionate share of the net pension liability – Health Insurance Subsidy Program on page 76, and the schedule of the District's contributions – Health Insurance Subsidy Program on page 77, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor fund financial statements are presented for the purpose of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements. The combining nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Certified Public Accountants Panama City Beach, Florida March 17, 2017

Management's Discussion and Analysis

Management of the District School Board of Bay County has prepared the following discussion and analysis to (a) assist the reader in focusing on significant financial issues; (b) provide an overview and analysis of the District's financial activities; (c) identify changes in the District's financial position; (d) identify material deviations from the approved budget; and (e) highlight significant issues in individual funds.

Because the information contained in management's discussion and analysis (MD&A) is intended to highlight significant transactions, events and conditions it should be considered in conjunction with the District's financial statements.

Financial Highlights

Key financial highlights for the 2015-2016 fiscal year are as follows:

- Total assets of the District exceed total liabilities by \$169,615,078 (net position). Of this amount, a deficit of \$47,302,861 is unrestricted net position, \$15,548,295 is restricted net position, and \$199,035,636 is net investment in capital assets for governmental activities. \$2,309,577 is unrestricted net position and \$24,431 is net investment in capital assets for business-type activities. The District's total net position increased \$11,593,497 or 7 percent.
- At the end of the fiscal year, the unassigned fund balance of the general fund was \$23,340,103 or 11 percent of the general fund expenditures, compared to the previous fiscal year's unassigned general fund balance of \$21,981,090 also 11 percent of the general fund expenditures.
- During the fiscal year ended June 30, 2016, governmental activities' revenue increased to \$275,552,579 or 4 percent while governmental activities' expenses increased to \$264,121,336 or less than one percent. Business-type activities' revenues increased 6 percent to \$1,669,949 while business-type activities' expenditures increased 13 percent to \$1,507,695.

Nonfinancial Highlights

Key nonfinancial highlights for the 2015-2016 fiscal year are as follows:

- The District went from a fully insured health insurance program to a self-insured platform maintaining Blue Cross and Blue Shield of Florida as the administrator of the program.
- In June of 2016 the District was able to pay off the half cent sales tax note for technology purchased after the referendum passed.
- Thanks to a public/private partnership that will help with funding, the District is able to begin the complete renovation at Tommy Oliver Stadium and continue with many new major capital expenditures.

Overview of the Financial Statements

The basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

In addition, this report presents certain required supplementary information, which includes management's discussion and analysis, the schedule of funding progress for the retirees' health insurance other postemployment benefits plan, the schedule of employer contributions for the retirees' health insurance other postemployment benefits plan, the schedule of the District's proportionate share of the net pension liability – Florida Retirement System, the schedule of the District's contributions – Florida Retirement System, the schedule of the net pension liability – Health Insurance Subsidy Program, and the schedule of the District's contributions – Health Insurance Subsidy Program; combining statements; and compliance section.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental and business-type activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net position, is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in the following categories:

- Governmental activities This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Business-type activities These activities account for the financial resources of the Beacon Learning Center which provides services predominantly for other districts.
- Component units The District's 10 charter schools (Bay Haven Charter Academy, Inc., d/b/a Bay Haven Charter Academy Elementary School, Bay Haven Charter Academy Middle School, North Bay Haven Charter Elementary School, North Bay Haven Charter Middle School, and North Bay Haven Charter Career Academy; Chautauqua Charter School, Inc., d/b/a Chautauqua Learn and Serve Charter School; Palm Bay Educational Group, Inc. d/b/a Palm Bay Preparatory Academy and Central High School; Community Charter Academy, Inc., d/b/a University Academy, Inc.; and Rising Leaders Academy Inc.) are reported as discretely presented

component units. The District also presents two foundations (Bay Education Foundation, Inc. and Bay Haven Foundation) as discretely presented component units. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles.

The Bay County Educational Facilities Finance Corporation (Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the District and the Corporation, the financial activities of the Corporation are included in the District's financial statements as an integral part of the primary government.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or major funds rather than fund types. This is in contrast to the entity wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. This financial resources measurement focus allows the governmental fund statements to provide information on near term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year. Consequently, the governmental fund statements provide a detailed short-term view that may be used to evaluate the District's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand, the long-term impact of the government's near term financing decisions. Both the governmental fund's balance sheet and the governmental fund's statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental fund's balance sheet and statement of revenues, expenditures, and changes in fund balance provide detailed information about the District's most significant funds. The District's major funds are the general fund, debt service – other fund, capital projects – local capital improvement fund, and capital projects – other fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Proprietary Funds: Proprietary funds may be established to account for activities in which a fee is charged for services. Two types of proprietary funds are maintained:

- Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. Enterprise funds are appropriate for activities in which a fee is charged to external users of the District's goods and services. The District uses an enterprise fund to account for the financial activities of the Beacon Learning Center which provides educational services for a fee to individuals, public and private entities, and district school boards.
- Internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses an internal service fund to account for its self-insurance programs. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds: Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because those resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses agency funds to account for resources held for student activities and groups.

Notes to Financial Statements

The notes to financial statements provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide other postemployment benefits to its employees.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceed liabilities by \$169,615,078 at the close of the most recent fiscal year. The following is a summary of the District's net position as of June 30, 2016, compared to net position as of June 30, 2015:

Net Position													
	Govern Activ			ss-type vities	То	tal							
June 30,	2016	2015	2016	2015	2016	2015

Total liabilities	211,292,162 219,706,082	197,288,718 207,765,967	613,910 1,007,765	382,640 802,748	211,906,072 220,713,847	<u>197,671,358</u> 208,568,715							
Total deferred inflows of resources	11,110,489	33,389,811	64,767	167,465	11,175,256	33,557,276							
Net position Net investment in													
capital assets	199,035,636	195,003,685	24,431	17,233	199,060,067	195,020,918							
Restricted Unrestricted	15,548,295 (47,302,861)	14,483,664 (53,637,522)	۔ 2,309,577	۔ 2,154,521	15,548,295 (44,993,284)	14,483,664 (51,483,001)							
Total net position	\$ 167,281,070	\$ 155,849,827	\$ 2,334,008	\$ 2,171,754	\$ 169,615,078	\$ 158,021,581							

By far the largest portion of the District's net position reflects its net investment in capital assets. The District uses these capital assets to educate the students of Bay County, Florida; consequently, these assets are not available for future spending. Although the District's assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position (9%) represents resources that are subject to external restrictions on how they may be used.

The balance of unrestricted net position may be used to help meet the District's ongoing obligations to citizens and creditors. As of fiscal year end, the balance in unrestricted net position is a deficit of \$44,993,284. This deficit resulted from the implementation of GASB 68 during fiscal year 2015, which required the recognition of net pension liability and related deferred inflows and deferred outflows of resources.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2016, and 2015, are as follows:

Increase (decrease)												
in net position	\$ 11,431,243	\$	2,089,575	\$ 162,254	\$	235,262	\$	11,593,497	\$	2,324,837		

Thirty-one percent of total governmental activities were generated from property taxes levied for operational purposes.

State revenues (grants and contributions) increased by \$7,522,418 or 6% due mainly to an increase in the State's portion of the FEFP formula and an increase in full-time equivalent students. This increase was partially offset by a reduction in the local portion of the formula.

Instruction expenses represents 54 percent of total governmental expenses in the 2016 fiscal year. Instruction expenses increased by \$3,379,617, or 2 percent, over the previous fiscal year due mainly to an increase in charter schools, salaries, and enrollment.

Business-type activities charges for services provided 99 percent of the revenues for business-type activities.

Financial Analysis of the District's Funds

Major Governmental Funds

The general fund is the District's chief operating fund. As of June 30, 2016, unassigned fund balance was \$23,340,103, while the total fund balance was \$26,616,779. As of June 30, 2016 total assets were \$28,077,513 and total liabilities were \$1,460,734.

The debt service – other fund is used to account for the payment of principal and interest of the District's Certificates of Participation (COPs) and notes payable and had a total fund balance of \$3,944 at June 30, 2016.

The capital projects – local capital improvement fund had a total fund balance of \$3,293,739 at June 30, 2016 all of which has been restricted for capital projects.

The capital projects – other fund had a total fund balance of \$7,133,051 at June 30, 2016 all of which has been restricted for capital projects.

Proprietary Funds

Unrestricted net position of the enterprise fund – Beacon Learning Center was \$2,309,577 at June 30, 2016, while total net position was \$2,334,008.

Internal Service Fund

Unrestricted net position of the internal service fund was \$4,721,895 at June 30, 2016.

General Fund Budgetary Highlights

The District's budgets are prepared, and amendments made, according to Florida law. The most significant budgeted fund is the general fund.

For the year ended June 30, 2016 actual revenues and other financing sources totaled \$1,387,380 more than the final budgeted amounts, while actual expenditures were \$17,513,661 less than the final budgeted amounts. Positive budget variances occurred in several functions, including instructional, central services, and plant operations. The ending fund balance exceeded the estimated fund balance contained in the final amended budget by \$18,901,041 due to significant cost savings and the establishment of several reserve accounts designed to help the District offset expected revenue shortfalls.

Capital Assets and Long-term Debt

Capital Assets

The District's investment in capital assets for its governmental and business-type activities as of June 30, 2016, was \$301,563,252 and \$24,431, respectively (net of accumulated depreciation). This investment in capital assets includes land; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; property under capital lease; motor vehicles; construction in progress; audio visual materials; and computer software.

Additional information on the District's capital assets can be found in note 5 to the financial statements.

Debt Administration

At June 30, 2016, the District had total long-term debt outstanding of \$211,906,072. This amount is comprised of \$10,260,888 of accrued compensated absences, \$81,739,353 of net pension liability, \$1,516,000 of bonds payable, \$17,333,610 in estimated insurance claims payable, \$21,809,000 in sales tax revenue anticipation notes, \$79,069,200 of certificates of participation payable, \$133,416 in obligations under capital leases, and \$44,605 of other postemployment benefits.

Additional information on the District's long-term debt can be found in notes 6 through 11 to the financial statements.

Requests for Information

This financial report is designed to provide a general overview of the Bay County District School Board's finances. Questions concerning information provided in the report, requests for additional financial information or information associated with the District's discretely presented component units should be addressed to the Manager of Financial Services, Bay County District School Board, 1311 Balboa Avenue, Panama City, Florida 32401. The District's website address is http://www.bay.k12.fl.us/.

Bay County District School Board Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year ended June 30, 2016

mounts reported for governmental activities in the statement of activities are different because:	
Net changes in fund balances - total governmental funds (page 20)	\$ 2,789,935
Governmental funds report capital outlays as expenditures. However,	
in the statement of activities the costs of these assets are allocated	
over their estimated useful lives and reported as depreciation	
expense. This is the amount by which depreciation exceeded	
capital outlay in the current period.	(9,699,723)
The net effect of miscellaneous noncash transactions involving capital	
assets (i.e. sales, trade-ins, adjustments, and donations) is to increase	
net assets.	51,040
Some expenses reported in the statement of activities do not require	
the use of current financial resources and therefore, are not reported	
as expenditures in governmental funds (i.e. compensated absences,	
net pension liabilities, and other postemployment benefits).	2,862,367
Internal service funds are used by management to charge the costs	
of workers' compensation and insurance costs to individual funds.	
The net change of certain activities of internal service funds is	
reported with governmental activities. The internal balance	
resulting from the allocation of internal service funds to business-type	
activities is also reported.	2,052,277
The issuance of long-term debt (e.g., bonds, leases) provides current	
financial resources to governmental funds, while the repayment of the	
principal of long-term debt consumes the current financial resources	
of governmental funds. Neither transaction, however, has any effect	
on net assets. Also, governmental funds report the effect of issuance	
costs, premiums, discounts and similar items when debt is first issued,	
whereas these amounts are deferred and amortized in the statement	
of activities. This amount is the net effect of these differences in the	
treatment of long-term debt and related items.	13,375,347
hange in net position of governmental activities (page 16)	\$ 11,431,243

Bay County District School Board Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Bay County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The Bay County School District (District) is considered part of the Florida system of public education. The governing body of the District is the Board, which is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Bay County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

- <u>Blended Component Unit</u> The Bay County Educational Facilities Finance Corporation (Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in note 8. Due to the substantive economic relationship between the District and the Corporation, the financial activities of the Corporation are included in the accompanying basic financial statements. Separate financial statements for the Corporation are not published.
- <u>Discretely Presented Component Units</u> The component unit columns in the government-wide financial statements include the financial data of two foundations and the District's ten charter schools.

The Bay Education Foundation, Inc., (Foundation) is a separate not-for-profit corporation organized and operated as a direct-support organization to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Bay Haven Foundation, is a separate not-for-profit corporation organized and operated as a direct-support organization to receive, hold, invest, and administer property and to make expenditures to and for the benefit of Bay Haven Charter Academy, Inc. and thereby the District.

The charter schools are Bay Haven Charter Academy, Inc., d/b/a Bay Haven Charter Academy Elementary School, Bay Haven Charter Academy Middle School, North Bay Haven Charter Elementary School, North Bay Haven Charter Middle School, and North Bay Haven Charter Career Academy; Palm Bay Educational Group, Inc. d/b/a Palm Bay Preparatory Academy and Central High School; the Chautauqua Charter School, Inc. d/b/a Chautauqua Learn and Serve Charter School; Community Charter Academy, Inc., d/b/a University Academy, Inc.; and Rising Leaders Academy, Inc.

Bay County District School Board Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The charter schools are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under charters approved by their sponsor, the Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charters, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District.

The District may choose not to renew the charters as specified in the charters, but the District must notify the charter schools in writing at least 90 days prior to the charter's expiration. During the term of the charter, the District may also terminate the charter if good cause is shown. Pursuant to Section 1002.33(8)(e), Florida Statutes, in the event a school is dissolved or terminated, any encumbered funds and all school property purchased with public funds shall automatically revert to the District. The charter schools are considered component units of the District since they are fiscally dependent on the District to levy taxes for its support.

Copies of the separate financial statements for the charter schools and the foundations are available at the District's administrative office.

Basis of Presentation

Government-wide Financial Statements - The statement of net position and the statement of activities, present information about the District as a whole. These statements include the nonfiduciary financial activity of the District and its component units. The statements distinguish between governmental activities of the District and those that are considered business-type activities.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the pupil transportation services, central services, and operation of plant functions is allocated to those functions, with remaining depreciation expense reported as unallocated.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Bay County District School Board Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The effects of interfund activity have been eliminated from the government-wide financial statements, except for interfund services provided and used and the net residual amounts between governmental and business-type activities.

Fund Financial Statements - Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

- General Fund to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Debt Service Other Fund to account for the accumulation of resources for, and the payment of, debt principal, interest, and related costs for the District's certificates of participation and notes payable.
- Capital Projects Local Capital Improvement Fund to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction and removation and remodeling projects.
- Capital Projects Other Fund to account for the financial resources generated by the issuance of certificates of participation, sales tax anticipation note, and the discretionary sales surtax to be used for educational outlay needs, including new construction, renovation and remodeling projects, and technology equipment.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Enterprise Fund Beacon Learning Center to account for the financial activities and account balances of the Beacon Learning Center which provides educational services for a fee to individuals, public and private entities, and district school boards.
- Internal Service Fund to account for the District's self-insurance programs.
- Agency Funds to account for resources of the school internal funds, which are used to administer moneys collected at several schools in connection with school, student athletic, class, and club activities.

During the course of operations the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities column. Similarly, balances between the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in governmental activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditures are generally recognized when the related fund liability is incurred, as with accrual accounting. However, debt service expenditures, claims and judgments, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges for online educational resources and professional development courses. Operating expenses include salaries, benefits, materials, purchased services, capital outlay, and depreciation related to the development of these online educational resources and professional development courses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The principal operating revenues of the District's internal service funds are charges for property casualty and workers' compensation insurance. Operating expenses include insurance claims, excess coverage premiums, and related operating costs. All revenues and expenses not meeting this definition are reported as nonoperating this definition are reported as nonoperating costs.

The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities. The Foundations are accounted for as a not-for-profits and use the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

Cash, Cash Equivalents, and Investments

The District's cash and cash equivalents are considered to be cash on hand; demand deposits; certificates of deposit; and short-term, highly liquid debt instruments with original maturities of three months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME; Hancock Horizon Government Money Market Fund; Federated Government Obligations Fund; and certificates of deposit.

Cash deposits are held by banks that are qualified public depositories under Florida law or through the Federally Insured Cash Account program, which complies with the provisions of Section 218.415(23), Florida Statutes, and is therefore exempt from Florida's public deposits program pursuant to Section 280.03(3)(f), Florida Statutes. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

Investments consist of amounts placed in SBA Debt Service accounts for investment of debt service moneys; amounts placed with SBA for participation in Florida PRIME investment pool created by Sections 218.405 and 218.417, Florida Statutes; those held by a trustee pursuant to a trust agreement entered into and restricted as part of the financing agreement for the Certificates of Participation, Series 2007, Series 2010, Series 2013, and Series 2015; and those made locally. The investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District's investments in Florida PRIME, which SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2016, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost.

The investments held by the trustee are reported at fair value.

Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are measured at net realizable value and stated at average cost, except that United States Department of Agriculture surplus commodities are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. Although the costs of inventories are recorded as expenditures when used rather than purchased, a fund balance reserve is established at fiscal year end to indicate that inventories do not constitute available expendable resources even though inventories are a component of current assets.

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. The cost of prepaids is recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net positions but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000 and a useful service life of more than one year. Donated assets are recorded at fair value at the date of donation.

Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital assets are depreciated using the unweighted average method generally over the following estimated useful lives:

Description	Estimated Lives
Improvements Other than Buildings	9 – 37.5 years
Buildings and Fixed Equipment	10 – 50 years
Furniture, Fixtures, and Equipment	3 – 15 years
Motor Vehicles	5 – 10 years
Audio Visual Materials and Computer Software	5 years

Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Long-term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due.

Compensated Absences

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary related benefits, where applicable.

Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted - net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes.

The nonspendable fund balance classification includes the resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The balance as of June 30, 2016 of \$1,031,956 is from prepaids and inventories which are not in spendable form.

The restricted fund balance classification includes resources restricted by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. The balance as of June 30, 2016 of \$15,548,295 is restricted by creditors for repayment of debt issued, state required carryover programs, food service, and capital projects.

The committed fund balance classification may include amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision making authority. The Board is the highest level of decision making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balance at June 30, 2016.

The assigned fund balance classification is intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board approves the assignment of the fund balances. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent fiscal year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

additional action does not normally have to be taken for the removal of an assignment. The balance as of June 30, 2016 of \$1,255,162 is from purchase orders issued and outstanding as of year end.

The unassigned fund balance classification is the residual classification for the District's fund balance. The balance as of June 30, 2016 is \$23,340,103.

Deferred outflows, deferred inflows, and net position

GASB Statement 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources and this standard renames the components of net position which were previously considered net assets.

Net position is classified in three categories. The general meaning of each is as follows:

Net investment in capital assets - represents the cost of capital assets, less accumulated depreciation reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets.

Restricted - This category includes resources restricted by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation.

Unrestricted - indicates that portion of net position that is available for future periods.

GASB Statement 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of nine months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. The State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that these educational program revenues be accounted for in the general fund. A portion of the fund balance of the general fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Bay County Property Appraiser, and property taxes are collected by the Bay County Tax Collector.

The Board adopted the 2015 tax levy on September 8, 2015. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

by the sale of interest bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Bay County Tax Collector at fiscal year end but not yet remitted to the District.

Capital Outlay Surtax

In November 2010, the voters of Bay County approved a one-half cent school capital outlay surtax on sales in the County for 10 years, effective January 1, 2011, to pay construction costs of certain school facilities and related costs in accordance with Section 212.055(6), Florida Statutes.

Federal Revenue Sources

The District receives federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ significantly from those estimates.

Subsequent events

Management of the District has evaluated subsequent events through March 17, 2017, the date the financial statements were available to be issued.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The following is an explanation of differences between the general fund balance sheet and statement of net position.

The total fund balance of the District's governmental funds (\$41,175,516) differs from the net position of governmental activities (\$167,281,070) reported in the statement of net position and governmental fund balance sheet. This difference results primarily for the long-term economic focus of the statement of net position versus the current fiscal resources focus of the governmental fund balance sheet.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

Capital related items

When capital assets (property, leasehold improvements and equipment) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets of the District as a whole.

Cost of capital assets Acumulated depreciation	\$ 655,487,475 (353,924,223)
Capital assets net of accumulated depreciation	\$ 301,563,252

Long-term debt

Long-term liabilities applicable to the District's governmental activities are not reported as fund liabilities. All liabilities are reported in the statement of net position.

Obligations under capital leases	\$ 133,416
Bonds payable	1,516,000
Note payable	21,809,000
Certificate of participation payable	79,069,200
Other postemployment benefits	44,605
Net pension liability	80,899,580
Compensated absences payable	10,088,575
Total long-term liabilities	\$ 193,560,376

Deferred inflows and outflows of resources

Deferred inflows and outflows related to the net pension liabilities applicable to the District's governmental activities are not reported as fund assets and liabilities.

Deferred change related to net pension - deferred inflow of resources	\$ 20,472,496
Deferred change related to net pension - deferred outflow of resources	(11,060,444)
Deferred loss from debt refunding - deferred outflow of resources	 3,968,731
Deferred outflows and inflows of resources	\$ 13,380,783

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

Internal service fund

Internal service funds are reported as enterprise funds at the fund level but are reported as governmental activities in the government-wide financial statements.

Total assets and deferred outflows of resources Total liabilities and deferred inflows of resources	\$ 22,515,422 (17,793,527)
Total internal service fund	\$ 4,721,895

The following is an explanation of differences between the governmental funds statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net change in fund balance - total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of these assets are allocated over their estimated useful lives and reported as depreciation expense. The details of this difference are as follows:

Capital outlay Depreciation	\$ 16,488,108 (26,187,831)
Net adjustment to decrease net changes in fund balances - total governmental funds to	

arrive at change in net position of governmental activities	\$ (9,699,723)

Another element of that reconciliation states the issuance of long-term debt (i.e., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The detail of this difference is as follows:

Principal payments and payments to bond refunding escrow	\$ 13,680,634
Amortization of loss on debt refunding	(305,287)
Net adjustment to increase net changes in fund balances - total governmental funds to	
arrive at change in net position of governmental activities	\$ 13,375,347

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

Another element of that reconciliation states some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds (i.e. compensated absences and amortization of bond discounts). The detail of this difference is as follows:

Change in compensated absences	\$ (105,827)
Change in other postemployment benefits	(6,429)
Change in net pension liability	(24,390,161)
Change in deferred inflows of resources related to pension	22,191,359
Change in deferred outflows of resources related to pension	5,173,425
Net adjustment to increase net changes in fund balances - total governmental funds to	
arrive at change in net position of governmental activities	\$ 2,862,367

Another element of that reconciliation states the net effect of miscellaneous noncash transactions involving capital assets (i.e. sales, trade-ins, adjustments, and donations) is to increase net position. The details of this difference are as follows:

Donation of fixed assets \$	51,040
-----------------------------	--------

Also, internal service funds are reported as enterprise funds at the fund level but as governmental activities at the government-wide level. The detail of this difference is as follows:

Total revenues	\$ 18,614,730
Total expenses	(16,562,453)
Net adjustment to increase net changes in fund balances - total governmental funds to	
arrive at change in net position of governmental activities	\$ 2,052,277

NOTE 3 - BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

• Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.

Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

• Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.

NOTE 3 - BUDGETARY COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

• Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

NOTE 4 - DEPOSITS AND INVESTMENTS

As of June 30, 2016, the District has the following investments and maturities:

posits and investments Maturities		Fair Value	
State Board of Administation (SBA):			
Florida Prime (1) (2)	39 Day Average	\$	15,019,646
Hancock Horizon Government Money Market			
Fund (1) (3)	N/A		6,379,308
FICA investments (1)	N/A		11,373,187
Florida Community Bank (1)	N/A		20,631,315
Demand deposits (1)	N/A		17,460,609
Total		\$	70,864,065

- (1) Investments reported as cash equivalents.
- (2) SBA LGIP investments, totaling \$9,164, are held under trust agreements pursuant to financing arrangements for the Certificates of Participation, Series 2004, 2007, 2010, and 2013.
- (3) The Hancock Horizon Government Money Market Fund invests exclusively in obligations issued or guaranteed as to principal and interest by the United States Government or its agencies or instrumentalities, and repurchase agreements secured by such instruments. Shares in this fund are held as investments in the accounts governed by the trust agreements pursuant to Bay County School District's issues of Certificates of Participation, Series 2004, 2007, 2010, and 2013.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits the length of investments as follows: (1) investments of short-term funds shall have maturities of no longer than 12 months, and (2) investments of bond reserves, construction funds, and other nonoperating funds shall have a term appropriate for the need for funds and in accordance with debt covenants, but in no event shall exceed five years. Investments of construction funds that are proceeds of tax-exempt debt issues shall have maturities of no longer than three years.

NOTE 4 - DEPOSITS AND INVESTMENTS (CONTINUED)

Florida PRIME had a weighted average days to maturity (WAM) of 39 days at June 30, 2016. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to State Board of Administration (SBA) Local Government Surplus Funds Trust Fund Investment Pool, known as Florida PRIME, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy limits investments to those prescribed by Florida Statutes.

The District's investments in SBA Debt Service accounts are to provide for debt service payments on bond debt issued by the State Board of Education for the benefit of the District. The District relies on policies developed by SBA for managing interest rate risk and credit risk for this account.

The District's investment in Florida PRIME is rated AAAm by Standard & Poor's.

The District's investments with Hancock Horizon Government Money Market Fund are rated AAAm by Standard & Poor's.

The District's investments in certificates of deposit in the fiduciary fund are in qualified public depositories.

Cash deposits are held by banks that are qualified public depositories under Florida law or through the Federally Insured Cash Account (FICA) program, which complies with the provisions of Section 218.415(23), Florida Statutes, and is therefore exempt from Florida's public deposits program pursuant to Section 280.03(3)(f), Florida Statutes. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

NOTE 5 - CHANGES IN CAPITAL ASSETS

Changes in capital assets are presented in the tables below:

			A dditions	Deletions/

NOTE 6 - OBLIGATIONS UNDER CAPITAL LEASE

During May of 2011, Bay County District School Board, entered into a capital lease for 29 modular classrooms. The payments began on June 10, 2011 with monthly payments due in the amount of \$27,428 for 60 months which includes interest of 2.88%. This obligation was paid off during the year ended June 30, 2016 and the related assets with a cost of \$1,529,907 and accumulated depreciation of \$367,942 were reclassified to improvements other than buildings.

NOTE 6 - OBLIGATIONS UNDER CAPITAL LEASE (CONTINUED)

During December of 2011, Bay County District School Board, entered into a capital lease for computer software and hardware. The payments began on January 1, 2012 with monthly payments due in the amount of \$5,177 for 60 months which includes interest of 3.42%.

During March of 2012, Bay County District School Board, entered into a capital lease for computer software and hardware. The payments began August 2012 with annual payments due in the amount of \$105,159 for five years which includes interest of 2.42%.

During March of 2012, Bay County District School Board, entered into a capital lease for a phone system. The payments began March of 2012 with annual payments due in the amount of \$144,404 for five years which includes interest of 3.82%. This obligation was paid off during the current year and the related asset with a cost of \$669,934 and accumulated depreciation of \$669,934 was reclassified to furniture, fixtures, and equipment.

Future minimum installment purchase payments as of June 30 are as follows:

Amounts due for years ending June 30,	Total	Principal	In	iterest
2017	\$ 136,223	\$ 133,416	\$	2,807
Total	\$ 136,223	\$ 133,416	\$	2,807

The amount of assets acquired under the capital lease described above amounted to \$1,751,343 and are fully depreciated as of June 30, 2016.

NOTE 7 - NOTES PAYABLE

Notes payable is comprised of the following:

	Balance	at
	June 30, 2	016
Sales Tax Revenue Anticipation Notes, Series D		
\$30,105,500, borrowed June 21, 2011, under provisions of Section 1011.14, Florida		
Statutes. Interest rate is 1.7 percent. Proceeds were used for renovations at		
Surfside Middle school, renovations at Callaway Elementary School, and technology		
upgrades at various schools. The note is secured by a pledge of the District's sales		
tax revenues. For the year ended June 30, 2016 principal and interest payments on		
the bonds were 31% of pledged revenues. The notes have been paid off as of June		
30, 2016. Principal and interest paid for the current year and total pledged		
revenues were \$6,291,624 and \$20,131,724, respectively.	\$	0

NOTE 7 - NOTES PAYABLE (CONTINUED)

		Balance at ine 30, 2016
Sales Tax Revenue Anticipation Notes, Series 2013		<u> </u>
\$25,115,000, borrowed March 26, 2013, under provisions of Section 1011.14,		
Florida Statutes. Interest rate is 1.5 percent. Proceeds were used for various		
construction and renovation projects included in the list of projects approved by		
the Half Cent Sales Tax Committee. The note is secured by a pledge of the District's		
sales tax revenues. For the year ended June 30, 2016 principal and interest		
payments on the notes were 7% of pledged revenues. The total principal and		
interest remaining to be paid on the notes is \$22,532,767. Principal and interest		
paid for the current year and total pledged revenues were \$1,455,635 and	Ş	21,809,000
\$20,131,724, respectively.		
Total notes payable		21,809,000
Less current portion		5,506,000
Notes payable – noncurrent portion	\$	16,303,000

Amounts payable for the planned extended repayment of the Section 1011.14, Florida Statutes notes payable is as follows:

Year ending June 30,		Total Principal				Interest		
	<u>ب</u>	F 700 (40	~	F F0C 000	~	202 642		
2017	Ş	5,798,613	\$	5,506,000	\$	292,613

2019		5,149,489		5,007,000		142,489		
2020		5,148,968		5,082,000		66,968		
2021		1,286,808		1,282,000		4,808		
Total	\$	22,532,767	\$	21,809,000	\$	723,767		

NOTE 8 - BONDS PAYABLE

Bonds payable at June 30, 2016, are as follows:

Bond Type	0	Amount utstanding	Interest Rate (Percent)	Annual Maturity To
State school bonds:				
Series 2009A, refunding	\$	70,000	4.0 - 5.0	2019
Series 2014B, refunding		1,446,000	2.0 - 5.0	2020
Total bonds payable	\$	1,516,000		

NOTE 8 - BONDS PAYABLE (CONTINUED)

The bonds were issued by the State Board of Education to finance capital outlay projects of the District. These bonds are issued on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration.

Current year principal and interest payments on the Series 2009A bonds are 6% of pledged revenues. The total principal and interest remaining to be paid on the bonds is \$76,250. Principal and interest paid for the current year and total pledged revenues were \$40,250 and \$703,348, respectively.

Annual principal and interest payments on the Series 2014B bonds are 98% of pledged revenues. The total principal and interest remaining to be paid on the bonds is \$1,561,530. Principal and interest paid for the current year and total pledged revenues were \$686,839 and \$703,348, respectively.

Year ending June 30,		Total	Principal	Interest		
2047	<u>,</u>		¢	<u></u>		
2017	\$	729,370	\$ 656,000	\$ 73,370		
2018		727,570	687,000	40,570		
2019		98,220	92,000	6,220		
2020		82,620	81,000	1,620		
Total	\$	1,637,780	\$ 1,516,000	\$ 121,780		

Annual maturities of the bonds outstanding as of June 30, 2016, are as follows:

NOTE 9 - CERTIFICATES OF PARTICIPATION

The District entered into a financing arrangement on November 1, 1994, which was characterized as a master lease-purchase agreement, with the Bay County Educational Facilities Finance Corporation (Corporation) whereby the District secured financing of various educational facilities in the total amount of \$23,715,000. The financing was accomplished through the issuance of Certificates of Participation, Series 1994 to be repaid from the proceeds of rents paid by the District.

On February 1, 1999, the District amended the above master lease-purchase agreement, whereby the District secured additional financing of educational facilities in the amount of \$41,500,000. The financing was accomplished through the issuance of Certificates of Participation, Series 1999, to be repaid from the proceeds of rents paid by the District. As noted below, the District issued Refunding Certificates of Participation Series 2010 to refund the outstanding Refunding Certificates of Participation, Series 1999.

NOTE 9 - CERTIFICATES OF PARTICIPATION (CONTINUED)

On July 1, 2004, the District again amended the master lease-purchase agreement, whereby the District secured additional financing of educational facilities in the amount of \$11,310,000. The financing was accomplished through the issuance of Certificates of Participation Series 2004 to be repaid from the proceeds of rents paid by the District. As noted below and in note 10 - Defeased Debt, the District issued Refunding Certificates of Participation Series 2013 to refund the outstanding Certificates of Participation Series 2004.

On April 1, 2007 the District amended the master lease-purchase agreement, whereby the District secured additional financing of educational facilities in the amount of \$49,330,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2007, to be repaid from the proceeds of rents paid by the District. As noted below and in note 10 - Defeased Debt, the District issued Refunding Certificates of Participation, Series 2015, to refund the outstanding Certificates of Participation, Series 2007.

On July 16, 2010 the District amended the master lease-purchase agreement, whereby the District issued Refunding Certificates of Participation, Series 2010, in the amount of \$37,090,000 to refund the outstanding Refunding Certificates of Participation, Series 1999.

On July 25, 2013 the District amended the master lease-purchase agreement, whereby the District issued Refunding Certificates of Participation, Series 2013, in the amount of \$7,152,900 to refund the outstanding Refunding Certificates of Participation, Series 2004.

On March 18, 2015 the District amended the master lease-purchase agreement, whereby the District issued Refunding Certificates of Participation, Series 2015, in the amount of \$49,065,000 to refund the outstanding Refunding Certificates of Participation, Series 2007.

As a condition of these financing arrangements, the District has given a ground lease on District property to the Corporation, with a rental fee of \$10 per year. The initial term of the lease commenced on November 1, 1994, and ends on the earlier of (a) payment of the outstanding 1999 Certificates, 2004 Certificates, 2007 Certificates, and 2008 Certificates, or (b) June 30, 2034. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time specified by the arrangement which may be through June 30, 2034.

The District properties included in the ground lease under the master lease-purchase arrangement include properties at Patronis Elementary School, Lucille Moore Elementary School, Robert L. Young Service Center, J.R. Arnold High School, Emerald Bay Academy, New Horizons Learning Center, Breakfast Point Academy, and Deer Point Elementary School.

The Certificates of Participation Series 2007 include outstanding serial certificates maturing from 2012 through 2029. These payments are payable by the District, semiannually, on July 1 and January 1 at interest rates ranging from 3.7 to 5.0 percent.

NOTE 9 - CERTIFICATES OF PARTICIPATION (CONTINUED)

The Refunding Certificates of Participation, Series 2010, include outstanding serial certificates maturing from 2012 through 2023. These payments are payable by the District, semiannually, on July 1 and January 1 at interest rates ranging from 2.25 to 4.50 percent.

The Refunding Certificates of Participation, Series 2013, include outstanding serial certificates maturing from 2014 through 2023. These payments are payable by the District, semiannually, on July 1 and January 1 at an interest rate of 2.21 percent.

The Refunding Certificates of Participation, Series 2015, include outstanding serial certificates maturing from 2017 through 2029. These payments are payable by the District, semiannually, on July 1 and January 1 at an interest rate of 2.56 percent.

The following is a schedule of future minimum lease payments required under the master leasepurchase agreement as of June 30:

Year ending June 30,	Total Principal		Interest	
2017	\$ 7,636,077	\$	5,279,700	\$ 2,356,377
2018	7,573,040		5,385,700	2,187,340
2019	7,567,773		5,549,400	2,018,373
2020	7,566,841		5,728,800	1,838,041
2021	7,568,254		5,925,500	1,642,754
2022-2026	35,902,725		30,700,100	5,202,625
2027-2029	21,558,432		20,500,000	1,058,432
Total	\$ 95,373,142	\$	79,069,200	\$ 16,303,942

NOTE 10 - DEFEASED DEBT

On March 18, 2015, the Board issued \$49,065,000 in Refunding Certificates of Participation, Series 2015, with an interest rate of 2.56 percent to refund the District's Refunding Certificates of Participation, Series 2007. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$4,579,305. This difference is reported as a deferred amount on refunding. The District completed the refunding to reduce its debt service payments over fifteen years by \$7,263,260 and obtain an economic gain of \$5,783,678. The net proceeds of \$48,764,305 (after payment of \$300,695 in attorney fees and other issuance costs) were deposited with the trustee. On July 2017, the District will call the Refunding Certificates of Paritcipation, Series 2007, totaling \$44,185,000, at 100 percent.

On July 25, 2013, the Board issued \$7,152,900 in Refunding Certificates of Participation, Series 2013, with an interest rate of 2.21 percent to refund the District's Refunding Certificates of Participation,

NOTE 10 - DEFEASED DEBT (CONTINUED)

Series 2004. The Certificates of Participation, Series 2004, were refunded to reduce its total debt service payments over the next 10 years by \$888,371 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$705,501. The net proceeds of \$7,077,463 (after payment of \$69,592 in attorney fees and other issuance costs) were deposited with the trustee. On July 2014, the District called the Refunding Certificates of Participation, Series 1999, totaling \$6,760,000, at 100 percent.

On December 2, 2014, the FDOE issued SBE Capital Outlay Bonds, Series 2014B. The refunding bonds were issued, in part, to refund callable portions of the SBE Capital Outlay Bonds, Series 2005B, maturing on or after January 1, 2015. The District's portion of the refunding SBE Capital Outlay Bonds, Series 2014B, was \$2,026,000. The refunding of the Series 2005B Bonds reduced the District's total debt service payments by \$214,006.

NOTE 11 - CHANGES IN LONG-TERM LIABILITIES

Governmental Activities	Beginning Balance	Additions Deductions				0	Due in One Year
Obligations under capital							
leases	\$ 730,010	\$-	\$ 596,594	\$ 133,416	\$ 133,416

NOTE 11 - CHANGES IN LONG-TERM LIABILITIES (CONTINUED)

In the governmental activities, compensated absences, net pension liability, and other postemployment benefits are generally liquidated with resources of the general fund. Estimated insurance claims payable is generally liquidated with resources of the internal service fund.

NOTE 12 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The following is a summary of interfund receivables and payables reported in the fund financial statements:

June 30, 2016	Ree	ceivables	Payables		
General	\$	286,317	\$	280	
Local capital improvement		-		49,697	
Beacon Learning Center		-		61,663	
Nonmajor governmental		277		169,686	
Internal service		-		5,268	
Total	\$	286,594	\$	286,594	

Interfund receivables and payables are primarily to reimburse the general fund for expenditures paid on behalf of other funds.

The following is a summary of interfund transfers reported in the fund financial statements:

June 30, 2016	Transfers In	•	Transfers Out	
General	\$ 2,014,24	6\$	-	
Local capital improvevment		-	9,915,995	
Other capital projects		-	7,747,050	
Debt service	15,372,60	2	-	
Nonmajor governmental		-	1,301,293	
Internal services	1,577,49	0	-	
Total	\$ 18,964,33	8 \$	18,964,338	

The interfund transfers are mainly to provide for debt repayments and to assist in financing maintenance operations of the District. Additionally, funds were transferred from capital projects – local capital improvement fund to the internal service fund for property and casualty insurance premiums.

NOTE 13 - SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue sources for the 2015-2016 fiscal year:

Florida Education Finance Program	\$ 73,140,229
Categorical Educational Program - Class Size Reduction	30,219,402
Workforce Development Program	3,089,451
Voluntary prekindergarten	1,622,085
School recognition	1,865,373
Motor Vehicle License Tax (Capital Outlay and Debt Service)	703,348
Charter school capital outlay	763,972
Racing commission funds	211,083
Capital outlay and debt service distributed	245,994
Other miscellaneous	1,910,810
Total	\$ 113,771,747

NOTE 14 - PROPERTY TAXES

The following is a summary of millage rates and taxes levied on the 2015 tax roll for the 2015-2016 fiscal year.

	Millage Rate	1	axes Levied	
General fund				
Nonvoted school tax				
Required local effort	4.959	\$	77,760,637	
Basic discretionary local effort	0.748		11,729,171	
Capital projects funds				
Nonvoted tax				
Local capital improvements	1.2		18,816,851	
Total	6.907	\$	108,306,659	

NOTE 15 - DEFINED BENEFIT PENSION PLANS

General Information

All of the District's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including FRS Pension Plan (Pension Plan) and the Retirees' Health Insurance Subsidy Pension Plan (HIS). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the FRS Pension Plan, which is administered by the State Board of Administration (SBA). See note 16 - defined contribution pension plan for additional information related to the Investment Plan. As a general rule, membership in FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for FRS. The latest report may be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the web site at www.dms.myflorida.com/workforce_operations/retirement/publications.

Florida Retirement System Pension Plan

Plan Description

The FRS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees.

Benefits Provided

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. The final average compensation for all these members is based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost of living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Health Insurance Subsidy Plan

Plan Description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Benefits Provided

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include medicare. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

Contributions

All enrolled members of FRS, other than DROP participants, are required to contribute three percent of their salary to FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS and HIS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. Generally membership is compulsory for all full-time and part-time employees. The rates, as a percentage of gross earnings, are as follows:

	July 1, 2015 through June 30, 2016		
	FRS	HIS	
Regular employees	5.60%	1.66%	
Elected district officers	40.61%	1.66%	
DROP	11.22%	1.66%	

The District's contributions, including employee contributions, totaled \$7,025,227 to FRS and \$2,043,679 to the HIS Plan for the fiscal year ended June 30, 2016. The District contributed 100% of its statutorily required contributions for the current and preceding three years.

Pension Liabilities and Pension Expense

The District reports a liability for its proportionate share of net pension liabilities. Net pension liabilities were measured as of June 30, 2015, and the total pension liabilities used to calculate the net pension liability were determined by an actuarial valuation dated July 1, 2015. The District's proportions of the net pension liabilities were based on the City's share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

	FRS	HIS
Net pension liability	\$ 40,535,02	9 \$ 41,204,324
Proportion at:		
Current measurement date	0.313827488	% 0.404026266%
Prior measurement date	0.317902372	% 0.402468985%
Pension expense/(benefit)	\$ 183,53	6 \$ 33,439

Deferred Outflows/Inflows of Resources Related to Pensions

At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to FRS from the following sources:

		Deferred Outflows of		Deferred nflows of
	Resources		Resources	
Effect of economic/demographic gains or losses (difference				
between expected and actual experience)	\$	4,279,299	\$	961,367
Effect of assumptions changes or inputs		2,690,445		-
Net difference between projected and actual investment				
earnings		-		9,679,087
Changes in proportion and differences between				
contributions and proportionate share of contributions		902,989		534,802
District contributions subsequent to the measurement date		7,025,227		-
Total	\$	14,897,960	\$	11,175,256

At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to HIS from the following sources:

	Deferred Outflows of Resources		Deferred Inflows o Resource	of
Effect of assumptions changes or inputs	\$	3,241,705	\$	_
Net difference between projected and actual investment				
earnings		22,305		-
Changes in proportion and differences between				
contributions and proportionate share of contributions		468,482		-
District contributions subsequent to the measurement date		2,043,679		-
Total	\$	5,776,171	\$	-

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the District's fiscal year end will be recognized as a reduction of the net pension liability in the reporting period ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension expense will be recognized as follows:

Measurement period ending June 30,	F	RS Expense	HIS Expense	
2016	\$	(3,097,542) \$	650,880	
2017		(3,097,542)	650,880	
2018		(3,097,542)	650,880	
2019		4,888,007	646,346	
2020		890,141	644,170	
Thereafter		211,955	489,336	
Totals	\$	(3,302,523) \$	3,732,492	

Actuarial Assumptions

The total pension liability for each of the defined benefit plans, measured as of June 30, 2015, was determined by an actuarial valuation dated July 1, 2015, using the individual entry age normal actuarial cost method and the following significant actuarial assumptions.

	FRS	HIS
Inflation	2.60%	2.60%
Salary increases	3.25%	3.25%
Investment rate of return	7.65%	N/A
Discount rate	7.65%	3.80%

Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB.

For both plans, the actuarial assumptions used in the valuation dated July 1, 2015 were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The following changes in actuarial assumptions occurred in 2015:

- FRS: No changes in key actuarial assumptions.
- HIS: The municipal rate used to determine total pension liability decreased from 4.29% to 3.80%.

The long-term expected investment rate of return was not based on historical returns, but instead was based on a forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class.

Long-term Long-term Expected Real Expected Real Target Rate of Return Rate of Return Allocation (Arithmetic) (Geometric) Cash 1.0% 3.20% 3.10% Fixed income 4.80% 4.70% 18.0% **Global equity** 8.50% 7.20% 53.0% Real estate (property) 10.0% 6.80% 6.20% 8.20% Private equity 6.0% 11.90% Strategic investments 6.70% 6.10% 12.0% 100.0%

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 7.65%. FRS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis, a municipal bond rate of 3.80% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Sensitivity Analysis

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability of the participating employers if the discount rate was 1.00% higher or 1.00% lower than the current discount rate at June 30, 2016.

FRS	Ne	t Pension Liab	ility		HIS	Ne	t Pension Liab	ility	/
		Current		Current					
1 % Decrease	D	iscount Rate	1 % Increase	1	% Decrease	D	iscount Rate	1	% Increase
6.65%		7.65%	8.65%		2.80%		3.80%		4.80%
\$ 105,035,428	\$	40,535,029	\$ (13,139,897)	\$	46,950,409	\$	41,204,324	\$	36,412,951

Pension plan fiduciary net position

Additional audited financial information supporting the Schedules of Employer Allocations and the Schedules of Pension Amounts by Employer, is located in the Florida CAFR for the fiscal year ended June

NOTE 15 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

30, 2015, and in the Florida Retirement System Pension Plan and Other State-Administered Systems CAFR for the fiscal year ended June 30, 2015. The Florida CAFR is available on line at: http://www.myfloridacfo.com/Division/AA/Reports/default.htm.

The system's CAFR and the actuarial valuation reports as of July 1, 2015, are available online at: http://www.dms.myflorida.com/workforce_operations/retirement/publications.

Payables to the Pension Plan

At June 30, 2016, the District had no outstanding contributions to the Pension Plan or the HIS Plan required for the fiscal year ended June 30, 2016.

NOTE 16 - DEFINED CONTRIBUTION PENSION PLAN

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The investment Plan is reported in the SBA's annual financial statements and in the State of Florida's Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected District Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2015-16 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows:

	July 1, 2015 through June 30, 2016		
	FRS	HIS	
Regular employees	5.60%	1.66%	
Elected district officers	40.61%	1.66%	
DROP	11.22%	1.66%	

NOTE 16 - DEFINED CONTRIBUTION PENSION PLAN (CONTINUED)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$486,045 for the fiscal year ended June 30, 2016.

NOTE 17 – OTHER POSTEMPLOYMENT BENEFITS PLAN

Plan Description

The Other Postemployment Benefits Plan is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The Other Postemployment Benefits Plan does not issue a stand-alone report, and is not included in the report of a Public Employee Retirement System or another entity.

Funding Policy

Contribution requirements of the District and plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-

NOTE 17 - OTHER POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

funded or established a funding methodology for the annual other postemployment benefit (OPEB) costs or the net OPEB obligation, and the Plan is financed on a pay-as-you-go basis. For the 2015-16 fiscal year, 258 retirees received other postemployment benefits. The District provided required contributions of \$636,806 toward the annual OPEB cost. Plan members receiving benefits contributed \$2,140,045. The approved rates per month for retiree plans are as follows:

	Blue Choice 117 & 317		BlueOptions 3900		BlueOptions HSA	
Retiree only	\$	678	\$	464	\$	450
Retiree & spouse		1,395		954		1,000
Retiree & child(ren)		993		679		773
Retiree/family		1,924		1,316		1,311

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with parameters of GASB Statement 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the District's annual OPEB cost for the fiscal year, the amount actually contributed to the Plan, and changes in the District's net OPEB obligation:

Description	Amount
Normal cost (service cost for one year) Amortization of unfunded actuarial	\$ 369,337
accrued liability	260,210
Interest on normal cost and amortization	14,009
Annual required contribution	643,556
Interest on net OPEB obligation	1,718
Adjustment to annual required contribution	(2,039)
Annual OPEB cost (expense)	643,235
Contributions toward the OPEB cost	(636,806)
Increase in net OPEB obligation	6,429
Net OPEB obligation, beginning of year	38,176
Net OPEB obligation, end of year	\$ 44,605

NOTE 17 - OTHER POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation as of June 30, 2016, and the two preceding years, were as follows:

	Percentage of			
	Annual	Annual OPEB		Net OPEB
Fiscal Year	OPEB Cost	Cost Contributed		Obligation
2013-2014 \$	531,945	95.4%	\$	24,322
2014-2015	557,011	97.5%		38,176
2015-2016	643,235	99.0%		44,605

Funded Status and Funding Progress

As of July 1, 2015, the most recent valuation date, the actuarial accrued liability for benefits was \$5,436,887, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$5,436,887 and a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$90,009,646 for the 2015-2016 actuarial accrued liability to the covered payroll was 6.04 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress immediately following the notes to financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District's OPEB actuarial valuation as of July 1, 2016, used the entry age normal cost actuarial method to estimate the unfunded actuarial liability as of June 30, 2016, and the District's 2015-2016 fiscal year annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumptions do not include an assumed rate of return on invested assets. The actuarial assumptions include a 4.5 percent discount rate. The actuarial assumptions also included a payroll growth rate of 4 percent per year, and an annual healthcare cost trend rate of 6 percent initially beginning in the first year of the valuation

NOTE 17 - OTHER POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

reduced uniformly to an ultimate rate of 5 percent over a two year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2016 was 21 years.

NOTE 18 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

Encumbrances - Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered. The following schedule is of all encumbrances at year end. The amount shown as encumbered on the financial statements is less because if funds are already restricted they are not considered encumbered.

Total Local Capital Nonmajor Capital **Projects** -Governmental Governmental General Improvement Other Funds Funds \$ 1,251,218 \$ 2,312,026 \$ 2,365,454 \$ 617,647 \$ 6,546,345

The following is the schedule of encumbrances at June 30, 2016:

Construction contracts – encumbrances include the following construction contract commitments June 30, 2016:

NOTE 18 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS (CONTINUED)

NOTE 19 - RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District has entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis. The District has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past three fiscal years.

General and Workers' Compensation Claims

A liability in the amount of \$15,019,325 was actuarially determined to cover estimated incurred, but not reported, insurance claims payable at June 30, 2016 related to general and workers' compensation claims. The loss estimates include legal and certain other expenses associated with claims settlements (allocated loss adjustment expenses). These estimates do not include provisions for unallocated loss adjustment expenses, such as fees for the claim administrators or other miscellaneous costs associated with claims settlements. Liabilities for unpaid workers' compensation claims and claims adjustment expenses were discounted and reported at their present value using an investment yield rate of 4 percent.

Bay County District School Board Notes to Financial Statements

NOTE 19 - RISK MANAGEMENT PROGRAMS (CONTINUED)

The following schedule represents the changes in claims liability for the past three fiscal years for the District's self-insurance program:

		Current Year		
	Beginning of Fiscal Year	Claims and Changes in	Claims	Balance at Fiscal Year
Fiscal Year	Liability	Estimates	Payments	End
2013-2014	\$ 14,347,818	4,122,336	\$ (4,058,632) \$	14,411,522
2014-2015	14,411,522	2,935,108	(3,068,577)	14,278,053
2015-2016	14,278,053	4,150,285	(3,409,013)	15,019,325

Health Insurance Claims

Health prescription drug coverage is being provided through purchased commercial insurance with minimum deductibles for each line of coverage.

Effective January 1, 2016, the District became partially self-insured with respect to employee health insurance coverage. The plan covers all eligible active and retired employees and their dependents. Blue Cross Blue Shield of Florida provides claims processing and administrative services for the plan.

Health benefits were self-insured up to a specific stop loss amount of \$150,000 per participant and a maximum aggregate benefit of \$1,000,000. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop loss amount.

The District's insurance consultant established monthly premiums based upon the District's historical claims history. A portion of the monthly premium is paid to Blue Cross Blue Shield of Florida for claims processing and administrative services as well as the stop loss insurance. The balance of the premium is deposited to an internal service fund. As of June 30, 2016, the claims liability of \$2,000,000 was reported as accounts payable in the Health Insurance Internal Service Fund. This liability is based on the requirements of Governmental Accounting Standards Board Statement 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Monthly invoices are submitted by Blue Cross Blue Shield of Florida representing claims paid on the District's behalf. The invoices are paid from the claims account previously referenced. The balance in the claims liability account at year end represents claims incurred prior to year end and paid subsequent to June 30, 2016. Each fund and department reports the premium costs related to its employees while the actual claims, cash and liability accounts are reported in the internal service fund. No actuarial estimate has been utilized to establish the claims reserve at fiscal year end.

Bay County District School Board Notes to Financial Statements

NOTE 19 - RISK MANAGEMENT PROGRAMS (CONTINUED)

Funding for health insurance premiums is derived from three sources:

- City contribution for active employees
- Active employee contributions for dependent coverage
- Retired employee contributions

Changes in reported liabilities for the fiscal year ended June 30, 2016 are summarized as follows:

Claims liability as of January 1, 2016	\$ -
Claims and changes in estimate during the fiscal year	7,555,592
Claims paid	(5,241,307)
Claims liability as of June 30, 2016	\$ 2,314,285

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Superintendent and members of the Bay County District School Board Panama City, Florida

We have examined the Bay County District School Board's (District) compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended June 30, 2016. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2016.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Can, Rigge & Ingram, L.L.C.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Superintendent and members of the Bay County District School Board Panama City, Florida

Report on the Financial Statements

We have audited the financial statements of the Bay County District School Board (District), as of and for the year ended June 30, 2016, and have issued our report thereon dated March 17, 2017.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.800, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report in accordance with Chapter 10.800, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 17, 2017, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the prior year.

Financial Condition

Section 10.804(1)(f)2., Rules of the Auditor General, requires a statement be included as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5.a. and 10.805(7), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Transparency

Section 10.804(1)(f)6., Rules of the Auditor General, requires that we report the results of our determination as to whether the District maintains on its web site the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its web site the information specified in Section 1011.035, Florida Statutes.

Other Matters

Section 10.804(1)(f)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.804(1)(f)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts, grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Joint Legislative Auditing Committee, members of the Florida Senate, the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, District School Board members, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Superintendent and members of the Bay County District School Board Panama City, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Bay County District School Board (District), as of and for the year ended June 30, 2016, and the related notes to financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 17, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Superintendent and members of the Bay County District School Board Panama City, Florida

Report on Compliance for Each Major Federal Program

We have audited the Bay County District School Board's (District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2016. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency is a deficiencies, in internal control over compliance to the prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule fo Expenditures of Federal Awards:

(1) Basis of Presentation: The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Bay County District School Board under programs of the Federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

(2) Summary of Significant Accounting Policies: Expenditures are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate: The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

(4) Noncash Assistance: National School Lunch Program - Includes \$739,745 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation. Cash received in lieu of donated foods of \$26,422 is included in this amount.

(5) Impact Aid: Includes expenditures related to grant number/program 19-FL-2013-0003 of 20,670; 19-FL-2014-0003 of \$34,747; and 19-FL-2016-0003 of \$335,901.

SOC Codes (all applicable)	47-2152 - Plumbers, Pipefitters, and Steamfitters
CTE Program Resources	http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/program-resources.stml
Basic Skills Level	Mathematics:9Language:9Reading:9

<u>Purpose</u>

The purpose of the program is to prepare students for employment in a variety of industrial pipefitting occupations.

This program focuses on broad, transferable skills, stresses understanding of the pipe fitting industry, and demonstrates elements of the Pipe Fitting Trades industry; such as planning, management, finance, technical and production skills, underlying principles of technology, labor issues, community issues and health, safety, and environmental issues.

This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in the Architecture & Construction career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of the Architecture & Construction career cluster.

Additional Information relevant to this Career and Technical Education (CTE) program is provided at the end of this document.

Program Structure

This program is a planned sequence of instruction consisting of two occupational completion points.

This program is comprised of courses which have been assigned course numbers in the SCNS (Statewide Course Numbering System) in accordance with Section 1007.24 (1), F.S. Career and Technical credit shall be awarded to the student on a transcript in accordance with Section 1001.44(3)(b), F.S.

The following table illustrates the post-secondary program structure:

OCP	Course Number	Course Title	Length	SOC Code
A	BCV0568	Industrial Pipefitter Helper	300 Hours	47-2152
В	BCV0569	Industrial Pipefitter	300 Hours	47-2152

Common Career Technical Core – Career Ready Practices

Career Ready Practices describe the career-ready skills that educators should seek to develop in their students. These practices are not exclusive to a Career Pathway, program of study, discipline or level of education. Career Ready Practices should be taught and reinforced in all career exploration and preparation programs with increasingly higher levels of complexity and expectation as a student advances through a program of study.

- 1. Act as a responsible and contributing citizen and employee.
- 2. Apply appropriate academic and technical skills.
- 3. Attend to personal health and financial well-being.
- 4. Communicate clearly, effectively and with reason.
- 5. Consider the environmental, social and economic impacts of decisions.
- 6. Demonstrate creativity and innovation.
- 7. Employ valid and reliable research strategies.
- 8. Utilize critical thinking to make sense of problems and persevere in solving them.
- 9. Model integrity, ethical leadership and effective management.
- 10. Plan education and career path aligned to personal goals.
- 11. Use technology to enhance productivity.
- 12. Work productively in teams while using cultural/global competence.

Standards

After successfully completing this program, the student will be able to perform the following:

- 01.0 Apply safety rules and procedures.
- 02.0 Apply proper use and care of hand tools.
- 03.0 Apply proper use and care of power tools.
- 04.0 Accomplish threaded pipe fabrications.
- 05.0 Apply proper use and care of ladders and scaffolds.
- 06.0 Apply proper use and care of motorized equipment.
- 07.0 Demonstrate the importance of health, safety, and environmental management systems in organizations and their importance to organizational performance and regulatory compliance.
- 08.0 Identify and explain excavations.
- 09.0 Identify and explain underground pipe.
- 10.0 Identify and explain intermediate excavations.
- 11.0 Perform underground pipe installation.
- 12.0 Understand drawings and detail sheets.
- 13.0 Identify and explain piping systems.
- 14.0 Use pipefitter trade math.
- 15.0 Identify and explain socket weld pipe fabrication.
- 16.0 Identify and explain butt weld pipe fabrication.
- 17.0 Identify, select, use and maintain rigging.
- 18.0 Identify and use pipe hangers and supports.
- 19.0 Read advanced blue print.
- 20.0 Read, interpret pipefitting standards and specifications.
- 21.0 Use, explain, perform and calculate advanced trade math.
- 22.0 Identify, explain, and use motorized equipment.
- 23.0 Accomplish above ground pipe installation.
- 24.0 Identify and install valves.
- 25.0 Field route and accomplish vessel trim.
- 26.0 Identify, explain, select, install spring can supports.
- 27.0 Test piping systems and equipment.
- 28.0 Accomplish basic plumbing.
- 29.0 Plan work activities.
- 30.0 Accomplish advanced pipe fabrication.
- 31.0 Perform NDE testing.
- 32.0 Accomplish stress-relieving and aligning.
- 33.0 Identify and use steam traps.
- 34.0 Identify and use inline components.
- 35.0 Use and fabricate special piping.
- 36.0 Accomplish hot taps.
- 37.0 Maintain valves.

Florida Department of Education Student Performance Standards

Program Title: Industrial Pipefitter PSAV Number: I460514

Course Number: BCV0568

	pational Completion Point: A trial Pipefitter Helper – 300 Hours – SOC Code 47-2152
01.0	Apply safety rules and proceduresThe student will be able to:

01.01 Practice shop safety rules and procedures.

01.02 Practice personal safety rules and procedures.

01.03 Practice fire safety rules and procedures.

01.04 Practice electrical safety rules and procedures.

01.05 Practice tool safety rules and procedures.

01.06 Practice ladder and scaffolding safety rules and procedures.

01.07 Practice maintaining a clean work and shop area.

01.08 Perform tag lockout procedures

01.09 Identify Occupational Safety and Health Administration (OSHA) requirements and procedures.

01.10 Locate and use Materials Safety Data Sheets (MSDS).

02.0 Apply proper use and care of hand tools--The student will be able to:

02.01 Explain general hand tool safety.

02.02 Use and care for pipefitter vises and stands.

02.03 Use and care for pipe wrenches.

02.04 Use and care for levels.

02.05 Use and care for pipe fabrication tools.

	02.06 Use and care for pipe cutting tools.
	02.07 Use and care for benders and flaring tools.
03.0	Apply proper use and care of power toolsThe student will be able to:
	03.01 Explain and perform power tool safety.
	03.02 Cut pipe using a portable band saw.
	03.03 Identify and explain types of portable grinders.
	03.04 Use and care for portable grinders.
	03.05 Identify and explain pipe-threading machines.
	03.06 Use and care for pipe threading machines.
	03.07 Perform special threading applications.
	03.08 Identify and explain portable power drives.
	03.09 Operate portable power drives.
	03.10 Identify and explain types of power bevellers.
04.0	Accomplish threaded pipe fabricationThe student will be able to:
	04.01 Identify and explain the materials used in threaded systems.
	04.02 Identify and explain pipefittings.
	04.03 Read and interpret screwed fitting joint drawings.
	04.04 Identify and explain types of threads.
	04.05 Determine pipe lengths between fittings.
	04.06 Perform threaded pipe assembly techniques.
05.0	Apply proper use and care of ladders and scaffoldsThe student will be able to:
	05.01 Use and care for ladders.
	05.02 Use and care for tubular buck scaffolds.

05.03 Use and care for pole scaffolds (OES). 05.04 Use and care for rolling scaffolds. 06.0 Apply proper use and care of motorized equipmentThe student will be able to: 06.01 Use and care for engine-driven generators. 06.02 Use and care for portable air compressors. 06.03 Identify and explain portable pumps. 06.04 Identify and explain forklift trucks (OSHA). 06.05 Identify and explain hydraulic cranes. 07.0 Demonstrate the importance of health, safety, and environmental management systems in organizations and their importan organizational performance and regulatory complianceThe students will be able to: 07.01 Describe personal and jobsite safety rules and regulations that maintain safe and healthy work environments. 07.02 Explain emergency procedures to follow in response to workplace accidents. 07.03 Create a disaster and/or emergency response plan.	ce to
06.0 Apply proper use and care of motorized equipmentThe student will be able to: 06.01 Use and care for engine-driven generators. 06.02 Use and care for portable air compressors. 06.03 Identify and explain portable pumps. 06.04 Identify and explain forklift trucks (OSHA). 06.05 Identify and explain hydraulic cranes. 07.0 Demonstrate the importance of health, safety, and environmental management systems in organizations and their importan organizational performance and regulatory complianceThe students will be able to: 07.01 Describe personal and jobsite safety rules and regulations that maintain safe and healthy work environments. 07.02 Explain emergency procedures to follow in response to workplace accidents. 07.03 Create a disaster and/or emergency response plan.	ce to

organizational performance and regulatory complianceThe students will be able to: 07.01 Describe personal and jobsite safety rules and regulations that maintain safe and healthy work environments. 07.02 Explain emergency procedures to follow in response to workplace accidents. 07.03 Create a disaster and/or emergency response plan.	ice to
07.02 Explain emergency procedures to follow in response to workplace accidents. 07.03 Create a disaster and/or emergency response plan.	
07.03 Create a disaster and/or emergency response plan.	
08.0 Identify and explain excavationsThe student will be able to:	
08.01 Explain properties of soil.	
08.02 Identify and explain types of soils.	
08.03 Explain excavation safety.	
08.04 Explain sloping requirements for different types of solid.	
08.05 Explain excavation support systems.	
08.06 Identify and explain bedding materials.	
09.0 Identify and explain underground pipeThe student will be able to:	
09.01 Identify and explain the types of underground piping materials.	
09.02 Identify the size classifications of underground pipe.	
09.03 Identify and explain the use of underground pipefittings.	

	09.04 Explain the joining methods for underground pipe.
	09.05 Explain the storage and handling requirements of underground pipe.
10.0	Identify and explain intermediate excavationsThe student will be able to:
	10.01 Identify and explain the use of shoring materials.
	10.02 Identify and explain the use of pre-manufactured support systems.
	10.03 Install a vertical shore to be used for shoring.
	10.04 Determine the overall fall of a sewer line.
	10.05 Determine and set the grade and elevation of a trench.
	10.06 Explain backfilling procedures.
11.0	Perform underground pipe installationThe student will be able to:
	11.01 Identify and explain underground pipe installation guidelines.
	11.02 Install cast iron pipe.
	11.03 Install ductile iron pipe.
	11.04 Install vitrified clay pipe.
	11.05 Install concrete pipe.
	11.06 Install carbon steel pipe.
	11.07 Install fiberglass pipe.
	11.08 Install thermoplastic pipe.
12.0	Use drawings and detail sheetsThe student will be able to:
	12.01 Identify and explain parts of drawings.
	12.02 Identify and explain types of drawings.
	12.03 Make field sketches.
13.0	Identify and explain piping systemsThe student will be able to:

	13.01 Identify and explain the types of piping systems.
	13.02 Identify piping systems according to color-coding.
	13.03 Explain thermal expansion.
	13.04 Explain types and applications of pipe insulation.
14.0	Use pipefitter trade mathThe student will be able to:
	14.01 Identify and explain the use of special measuring devices.
	14.02 Use tables of weights and measurements.
	14.03 Use ratios and proportions.
	14.04 Solve basic algebra problems.
	14.05 Solve area problems.
	14.06 Solve volume problems.
	14.07 Solve circumference problems.
	14.08 Solve right triangles.
15.0	Identify and explain socket weld pipe fabricationThe student will be able to:
	15.01 Identify and explain types of socket weld piping materials.
	15.02 Identify and explain socket weld fittings.
	15.03 Read and interpret socket weld piping drawings.
	15.04 Determine pipe lengths between socket weld fittings.
	15.05 Fabricate socket weld fittings to pipe.
16.0	Identify and explain butt weld pipe fabricationsThe student will be able to:
	16.01 Identify butt weld piping materials.
	16.02 Identify butt weld fittings.
	16.03 Read and interpret butt weld piping drawings.

18.0	Identify and use pipe hangers and supportsThe student will be able to:
	17.11 Plan a rigging job.
	17.10 Rig pipe and valves.
	17.09 Explain load balancing.
	17.08 Read and interpret lifting capacity charts.
	17.07 Inspect heavy rigging hardware.
	17.06 Identify and explain heavy rigging hardware.
	17.05 Select, inspect, use and maintain a tugger.
	17.04 Select, inspect, use and maintain jacks.
	17.03 Select, inspect, use and maintain come-alongs.
	17.02 Select, inspect, use and maintain chain hoists.
	17.01 Select, inspect, use and maintain a block and tackle hoist.
17.0	Identify, select, use and maintain riggingThe student will be able to:
	16.13 Perform alignment procedures for various types of fittings.
	16.12 Use and care for clamps and alignment tools.
	16.11 Select and install backing rings.
	16.10 Determine pipe lengths between fittings.
	16.09 Prepare by beveling pipe ends for set-up.
	16.08 Cut pipe using an oxyacetylene torch.
	16.07 Cut holes using an oxyacetylene torch.
	16.06 Bevel plate steel using and oxyacetylene torch.
	16.05 Cut plate steel using an oxyacetylene torch.
	16.04 Set up oxyacetylene equipment.

18.01	Identify types of pipe hangers and supports.
18.02	Identify and interpret pipe support drawings and symbols.
18.03	Determine field placement of hangers.
18.04	Identify and install concrete fasteners.
18.05	Fabricate angle iron brackets to support pipe.

Course Number: BCV0569 Occupational Completion Point: B Industrial Pipefitter – 300 Hours – SOC Code 47-2152		
19.0	Read advanced blueprintsThe student will be able to:	
	19.01 Identify symbols and abbreviations on P & IDs.	
	19.02 Identify piping arrangement drawings.	
	19.03 Read and interpret coordinates, control points, and elevation.	
	19.04 Read and interpret P & IDs, plan views, and section views.	
	19.05 Identify isometric drawings.	
	19.06 Read isometric drawings taken from plan views.	
	19.07 Draw isometric drawings.	
20.0	Read an interpret pipefitting standards and specificationsThe student will be able to:	
	20.01 Read and interpret pipefitting standards and codes.	
	20.02 Read and interpret pipefitting specifications.	
	20.03 Identify pipe and components according to specifications.	
21.0	Use, explain, perform, and calculate advanced trade mathThe student will be able to:	
	21.01 Use tables of equivalents.	
	21.02 Use unit conversion tables.	
	21.03 Explain thermal expansion.	

	21.04 Perform right angle trigonometry.
	21.05 Calculate take-outs using trigonometry.
22.0	Identify, explain, and use motorized equipmentThe student will be able to:
	22.01 Identify and explain types of manlifts.
	22.02 Explain manlift safety rules and hazards.
	22.03 Inspect scissors-type and telescoping boom manlifts.
	22.04 Explain the use of cable lifts.
	22.05 Identify and explain the use of hydrostatic pumps.
	22.06 Identify and explain the use of hydroblaster pumps.
	22.07 Identify and explain the use of drain cleaners.
	22.08 Identify and explain the use of pipeline side boom tractors.
	22.09 Use construction trucks and trailers.
23.0	Accomplish above ground pipe installationThe student will be able to:
	23.01 Store pipe and materials.
	23.02 Identify types of flanges.
	23.03 Identify types of gaskets and bolts used with flanges.
	23.04 Explain the location of flange bolt holes.
	23.05 Install pipe with flanged connections.
	23.06 Lay out and install pipe sleeves and floor penetrations.
	23.07 Read and interpret spool sheets.
	23.08 Explain how to erect spools in piping systems.
24.0	Identify and install valvesThe student will be able to:
	24.01 Identify types of valves that start and stop flow.

	24.02 Identify types of valves that regulate flow.
	24.03 Identify valves that relieve pressure.
	24.04 Identify valves that regulate the direction of flow.
	24.05 Identify types of valve actuators.
	24.06 Explain how to properly store and handle valves.
	24.07 Explain valve locations and positions.
	24.08 Install valves with threaded ends.
	24.09 Install valves with welded ends.
	24.10 Install valves with flanged ends.
25.0	Field route and accomplish vessel trimThe student will be able to:
	25.01 Secure the work area.
	25.02 Determine field run specifications.
	25.03 Determine the required rigging equipment based on weight, location, and configuration.
	25.04 Determine the load weight for erection equipment.
	25.05 Determine the support needs.
	25.06 Select and install erection materials.
	25.07 Perform screw pipe assembly.
	25.08 Perform socket weld pipe assembly.
	25.09 Perform butt weld pipe assembly.
	25.10 Fabricate the field run of piping.
	25.11 Erect vessel trim.
26.0	Identify, explain, select, and install spring can supportsThe student will be able to:
	26.01 Explain standard practice document MSS SP-58.

	26.02 Identify and explain the types of spring can supports.
	26.03 Identify and explain the types of variable spring can supports.
	26.04 Identify and explain the types of constant spring can supports.
	26.05 Explain how to select spring can supports.
	26.06 Explain the storing and handling procedures for spring can supports.
	26.07 Explain how to install spring can supports.
	26.08 Maintain spring can supports.
27.0	Test piping systems and equipmentThe student will be able to:
	27.01 Perform pretest requirements.
	27.02 Perform service and flow tests.
	27.03 Perform head pressure tests.
	27.04 Perform hydrostatic tests.
	27.05 Explain how to perform steam blow tests.
28.0	Accomplish basic plumbingThe student will be able to:
	28.01 Identify and explain the basic materials used in manufacturing plumbing fixtures.
	28.02 Identify drainage fixture unit ratings for given type of plumbing fixtures.
	28.03 Identify and explain the operation of lavatories and sinks.
	28.04 Identify and explain water closets, urinals and bidets.
	28.05 Identify and explain drinking fountains and water coolers.
	28.06 Identify and explain mop sinks, service basins, and floor drains.
	28.07 Identify and explain the basic considerations for plumbing fixture installations.
	28.08 Identify cast iron soil pipefittings.
	28.09 Assemble cast iron soil pipe with lead-and-oakum joints.

	28.10 Assemble cast iron soil pipe with compression joints.
	28.11 Assemble cast iron soil pipe with no-hub joints.
29.0	Plan work activitiesThe student will be able to:
	29.01 Plan daily work activities.
	29.02 Coordinate work activities with other crafts.
	29.03 Ensure safe working conditions.
	29.04 Determine material requirements.
	29.05 Secure equipment and materials.
	29.06 Prepare to perform a task.
	29.07 Sequence operations specific to the task.
	29.08 Field-verify the installation.
30.0	Accomplish advanced pipe fabricationThe student will be able to:
	30.01 Calculate simple piping offsets.
	30.02 Calculate three line, 45 degree, equal-spread offsets around a vessel.
	30.03 Calculate three line, 45 degree, unequal-spread offsets.
	30.04 Fabricate tank heating coils.
	30.05 Perform mitering procedures.
	30.06 Layout three and four piece mitered turns.
	30.07 Layout 45 degree laterals using reference.
	30.08 Fabricate dummy legs and trunions out of pipe using references.
	30.09 Perform geometric layout of pipe laterals and supports.
31.0	Perform NDE testingThe student will be able to:
	31.01 Identify potential hazards for testing.

	31.02 Identify types of NDE testing.
	31.03 Prepare welds for NDE testing.
	31.04 Perform visual inspections.
32.0	Accomplish stress relieving and aligningThe student will be able to:
	32.01 Explain thermal expansion.
	32.02 Perform stress-relief procedures.
	32.03 Explain grouting.
	32.04 Explain types of misalignment.
	32.05 Align pipe flanges to equipment nozzles.
33.0	Identify and use steam trapsThe student will be able to:
	33.01 Identify types of steam traps.
	33.02 Install steam traps.
	33.03 Troubleshoot steam trap systems.
34.0	Identify and use inline componentsThe student will be able to:
	34.01 Identify the potential hazards associated with in-line components.
	34.02 Identify in-line special components.
	34.03 Explain how to store and handle in-line special components.
35.0	Use and fabricate special pipingThe student will be able to:
	35.01 Install flared and compression joints using copper tubing.
	35.02 Solder and braze joints using copper tubing.
	35.03 Bend pipe to a specified radius.
	35.04 Install glass-lines pipe.
	35.05 Explain how to install hydraulic fitted compression joints.

	35.06 Install grooved pipe couplings.
36.0	Accomplish hot tapsThe student will be able to:
	36.01 Explain hot tap safety and potential hazards.
	36.02 Identify and install fittings used with hot taps.
	36.03 Explain the use of hot tap machines.
	36.04 Identify and explain the use of stopples.
37.0	Maintain valvesThe student will be able to:
	37.01 Remove and install threaded valves.
	37.02 Remove and install flanged valves.
	37.03 Replace valve stem o-rings.
	37.04 Replace bonnet gaskets.
	37.05 Explain the purpose of valve packing.
	37.06 Repack a valve.

Additional Information

Laboratory Activities

Laboratory investigations that include scientific inquiry, research, measurement, problem solving, emerging technologies, tools and equipment, as well as, experimental, quality, and safety procedures are an integral part of this career and technical program/course. Laboratory investigations benefit all students by developing an understanding of the complexity and ambiguity of empirical work, as well as the skills required to manage, operate, calibrate and troubleshoot equipment/tools used to make observations. Students understand measurement error; and have the skills to aggregate, interpret, and present the resulting data. Equipment and supplies should be provided to enhance hands-on experiences for students.

Career and Technical Student Organization (CTSO)

SkillsUSA is the intercurricular career and technical student organization for providing leadership training and reinforcing specific career and technical skills. Career and Technical Student Organizations provide activities for students as an integral part of the instruction offered. The activities of such organizations are defined as part of the curriculum in accordance with Rule 6A-6.065, F.A.C.

Cooperative Training – OJT

On-the-job training is appropriate but not required for this program. Whenever offered, the rules, guidelines, and requirements specified in the OJT framework apply.

Basic Skills (if applicable)

In PSAV programs offered for 450 hours or more, in accordance with Rule 6A-10.040, F.A.C., the minimum basic skills grade levels required for postsecondary adult career and technical students to complete this program are: Mathematics 9, Language 9, and Reading 9. These grade level numbers correspond to a grade equivalent score obtained on a state designated basic skills examination.

Adult students with disabilities, as defined in Section 1004.02(7), Florida Statutes, may be exempted from meeting the Basic Skills requirements (Rule 6A-10.040). Students served in exceptional student education (except gifted) as defined in s. 1003.01(3)(a), F.S., may also be exempted from meeting the Basic Skills requirement. Each school district and Florida College must adopt a policy addressing procedures for exempting eligible students with disabilities from the Basic Skills requirement as permitted in Section 1004.91(3), F.S.

Students who possess a college degree at the Associate of Applied Science level or higher; who have completed or are exempt from the college entry-level examination; or who have passed a state, national, or industry licensure exam are exempt from meeting the Basic Skills requirement (Rule 6A-10.040, F.A.C.) Exemptions from state, national or industry licensure are limited to the certifications listed on the Basic Skills and Licensure Exemption List which may be accessed from the CTE Program Resources page.

Accommodations

Federal and state legislation requires the provision of accommodations for students with disabilities to meet individual needs and ensure equal access. Postsecondary students with disabilities must self-identify, present documentation, request accommodations if needed, and develop a plan

with their counselor and/or instructors. Accommodations received in postsecondary education may differ from those received in secondary education. Accommodations change the way the student is instructed. Students with disabilities may need accommodations in such areas as instructional methods and materials, assignments and assessments, time demands and schedules, learning environment, assistive technology and special communication systems. Documentation of the accommodations requested and provided should be maintained in a confidential file.

Note: postsecondary curriculum and regulated secondary programs cannot be modified.

County Commission endorses 11 Triumph hopefuls

By JOHN HENDERSON

News Herald Reporter Posted Jan 3, 2018 at 5:43 PM Updated Jan 5, 2018 at 2:45 PM

PANAMA CITY — The Bay County Commission on Tuesday recommended 11 projects for funding from the first round of the Triumph Gulf Coast oil spill funds.

The list includes requests to pay for workforce training programs, infrastructure to reel in new airport companies, an expansion of the port and proposed sports park on the beach, a vessel manufacturing facility at Eastern Shipbuilding and a new FSU Aging Research Center.

The commission picked its favorites out of a list of 25 "pre-applications" that were submitted requesting funding for the first \$300 million in the Triumph Gulf Coast oil spill damages. The program is designed to help the area rebound economically from the 2010 spill.

The total requests this year for the 11 pre-applications endorsed by the commission adds up to more than \$125 million, but commissioners pointed out that the Triumph Gulf Coast board would decide how much is doled out, if anything, for each project.

Commissioners are only recommending their preferences to the Triumph Gulf Coast board, a nonprofit organization whose members were appointed by state officials.

"They are the ones who are going to be making the final decision," Commissioner Robert Carroll said. "But we do need to back projects that we believe have the best chance of getting funded."

Commissioner Philip "Griff" Griffitts pointed out that the Triumph board in the past week has hired its administrator, Cori Henderson.

"I kind of liken it to, 'She's the loan officer, and these people are making loans,' " he said. "And she is either going to tell them, 'No, yes, or I need more information.' "

Griffitts said the commission can come up with its own list of recommended projects, but the Triumph staff and board might or might not go along with it. "We'll bless our list but she might choose something we didn't bless," he said. "We just don't know how she will react and we don't know how the seven (Triumph) board members will as well."

Also Wednesday, commissioners:

— Listened as Commissioner Guy Tunnell announced he won't be running again for the commission seat he has held for two terms. After more than 40 years in public service, including 16 as Bay County's sheriff, Tunnell said it's time for him to retire. Commissioners praised Tunnell and the audience gave him a standing ovation.

— Approved an agreement with the Florida Department of Transportation for the design and construction of a southbound right turn lane at County 389 and U.S. 231, and a westbound turn lane at County 389 and State 77. Bay County is paying \$602,316, half of the project cost, with the funds coming from the half-cent sales tax voters approved in November.

WHO MADE THE CUT?

The commission recommended that the Triumph board fund these requests:

— \$15.6 million for a new 7,500-foot crosswind runway at Northwest Florida Beaches International Airport to increase landing capacity and runway ability.

— \$7 million for infrastructure improvements to bring in "Project Bluestar," an aircraft manufacturing maintenance and overhaul company for large commercial aircraft at Northwest Florida Beaches International Airport. The project would generate more than 65 jobs over the first two years of operation, with more in the future and a possible relocation of the company headquarters to Bay County, its application states.

— \$20 million to Eastern Shipbuilding to help fund a manufacturing project of Coast Guard patrol cutters. The application states that the University of West Florida's Haas Center estimates that the initial contract will directly and indirectly support over 10,000 full- and part-time workers from 2016 to 2024.

— \$3.4 million for infrastructure improvements to bring in "Project SoHo," an aviation parts supplier interested in locating in Venture Crossings at Northwest Florida Beaches International Airport. The business would generate 105 new jobs over the first six years. — \$20 million to the Panama City Beach Convention and Visitors Bureau to add an indoor facility to the proposed Beach Sports Park. The 109,000-square-foot indoor athletic facility would house eight basketball courts or 16 volleyball courts, team meeting rooms, locker rooms and training/physical therapy rooms.

— \$10 million to the Panama City Port Authority to assist in the first phase development of the port's new East Terminal. The \$10 million in Triumph funds would enable the port to complete the planned improvements with enough left over to for the channel deepening and berth dredging.

— \$20 million for a Science, Technology, Engineering and Match Training Center to be constructed at Bay High School. The first floor would be dedicated to workforce training education that showcases a technical training area.

- \$965,000 to add a welding workforce training lab at Rutherford High School. The lab would help train students for jobs in local industries in need of welders, such as Eastern Shipbuilding, the application states.

\$584,000 to add a pipefitter training program Tom P. Haney Technical Center.
"Pipefitting is a regional construction field with a critical need for skilled workers at large companies," the application states.

— \$5 million to fund a new FSU-Panhandle Aging Research Center. The center would be operated within a new community being planned by the St. Joe company at the intersection of the west side of State 79 and the Intercoastal Waterway. It will be housed in a 90,000-square-foot facility that would employ 18 faculty members and create 130 jobs, the application states.

— \$25.6 million to Gulf Coast State College for an Advanced Manufacturing Innovation Institute. The institute will integrate the work of current and developing Advanced manufacturing partners – partners who make extensive use of computerized and highly automated, high-precision technologies and techniques, the application states.

The commission did not endorse these Triumph applications:

- \$4.5 million for an Environmental Sciences Center.
- \$10 million for Triumph Pre-K Academy.
- \$1.8 million to Lynn Haven to pay for its own Emergency Operations Center.
- \$15.8 million to Lynn Haven to expand the Lynn Haven Sports Complex.

- \$80 million to Pumpout USA, a long-time DeFuniak Springs company that removes sewage from boats instead of the owners disposing it into the water.

- \$5 million from B&C Technologies, a company that designs and distributes laundry equipment and parts for the laundry industry, to expand its business.

- \$40,000 from the Bay Youth Summer Work foundation, a nonprofit community service organization, to support summer work programs.

- \$7.1 million for Mexico Beach to build a new pier to replace the one at 37th Street.

- \$100,000 to Base IT Inc., a nonprofit corporation, to assist high school and college students in pursuing a career in science, technology engineering and math.

- \$3.6 million for an office building complex in Lynn Haven that will offer free or lowrent office space for start-up companies.

- \$4.1 million to build and operate warehouse spaces in Lynn Haven that will offer companies free or low-cost rent.

— \$10 million for infrastructure improvements for the former Air Force fuel depot site in Lynn Haven. Marina Island, LLC plans to develop 243 acres into a seaside-type village resort.

 A request for a yet-to-be-determined dollar amount for Bay Defense Initiative to create an educational program to promote innovation, technology, defense, entrepreneurship and STEM education from kindergarten.

- \$584,743 over three years for The Arc of the Bay to develop a culinary employment training program.

PART ONE RULES OF PROCEDURE

ORGANIZATION OF THE BAY COUNTY SCHOOL SYSTEM

1.101

<u>Agency Head</u>. The District School Board is the Agency Head for the Bay County School System. Members of the Board are elected for four year terms at the general election held in November of even numbered years, pursuant to Sections 1001.34, 1001.35, 1001.36, Florida Statutes. The general duties and responsibilities of the School Board are as stated in these rules and in Section 1001.42, Florida Statutes.

<u>Description of Organization and Operation</u>. The Bay County School System is organized as illustrated in the chart at the conclusion of this rule.

General Information.

<u>Office Hours</u>. The District office for the school system shall be open to the public from 7:30 A.M. to 4:30 P.M. Monday through Friday of each week, except for authorized holidays. The work week and daily schedule may be adjusted during the summer months when school is not in session.

Public Information and Inspection of Records.

All records made public by law shall be made available for inspection or copying, or both, at reasonable times during normal office hours of the district office or other office or school in which the records are maintained.

Photocopying of any record will be performed upon request of any person based upon the following charges which are computed as covering the actual cost of materials and supplies: \$.15 for each copy of each page; actual cost of postage if materials are to be mailed.

If the nature or volume of public records requested to be inspected, examined, or copied is such as to require extensive use of information technology resources, or extensive clerical or supervisory assistance by personnel of the District, or both, the District may charge a reasonable special service charge, which shall be *in addition to* the duplication charge, pursuant to Fla. Stat. § 119.07(1)(b).

- (a) The term "extensive use" means any time longer than 15 minutes needed to complete all tasks defined in subparagraphs (i) and (ii) below:
 - i. The term "extensive use of *clerical or supervisory assistance*" includes longer than 15 minutes of locating and retrieving of records; reviewing records for statutorily exempt information; preparing records for inspection or copying by redacting or excising exempt or confidential information from records prior to review or copying; monitoring of the inspection or copying of records when necessary to ensure the integrity of the records; and instructing, or supervising personnel in performing the foregoing tasks when responding to a particular public records request.
 - ii. The term "extensive use of *information technology resources*" includes longer than 15 minutes of writing or executing software commands or setting up information technology resources. Under Fla. Stat. § 119.07(1)(b), the term shall include data processing hardware, software, or services; and/or communications, supplies, personnel, facility resources,

maintenance, and technology training required to fulfill a given public records request. The term does not include videotapes or VCRs.

- (b) The special service charge for "extensive use" may be based on either *or both* of the following, as applicable:
 - i. the cost incurred for extensive use of information technology resources; and/or
 - ii. the labor cost actually incurred by, or attributable to, the District for clerical or supervisory assistance of the personnel providing the service.

When a special service charge is based, in whole or in part, on labor costs the charge will be based on the current hourly rate of pay (including benefits) of the personnel whose time contributes to the "extensive use" of clerical or supervisory assistance required to fulfill the records request. When the "extensive use" consists of tasks that should be performed by an attorney, law clerk, or paralegal, such as reviewing materials for exemptions and confidential information requiring redaction, the District may reasonably charge the attorney's or law clerk's/paralegal's hourly salary (excluding benefits).

Prior to the duplication of any public record, the District shall notify the requester of the estimated cost. Prior to the assessment of any special service charge, the District shall notify the requester if the information does not appear to be readily identifiable, possibly does not exist, or will require additional time to review and copy. Upon agreement by the requester and payment of estimated charges, if any, the District will proceed to complete the request.

- (a) Of the monies deposited with the District for fulfillment of a public records request, those in excess of the actual costs incurred to fulfill the request will be refunded to the requester; or, in the alternative, the requester shall be required to remit additional monies to pay for any costs in excess of the monies deposited with the District.
 - i. In the event the requester fails to remit additional monies to cover costs in excess of the monies deposited, the District may withhold releasing any public records produced pursuant to the request until those amounts are paid in full.

Records maintained by the District, which are exempt from public inspection, by law, include:

- (a) Personally identifiable records of students, pursuant to Section 1002.22, Fla. Stat.
- (b) Portions of personnel records, pursuant to Section 1012.31, Fla. Stat.
- (c) All work products developed in preparation for collective bargaining, pursuant to Section 447.605, Fla. Stat.
- (d) Appraisals, offers, and counter offers relating to purchase of real property, pursuant to Section 1013.14, Fla. Stat.
- (e) Legal records prepared by an attorney exclusively for civil or criminal litigation, pursuant to Section 119.07(3)(o), Fla. Stat.
- (f) Data processing software obtained under a licensing agreement which prevents its disclosure, and data processing software designated by the School Board as "sensitive", pursuant to Section 119.03(3), Fla. Stat.
- (g) Sealed requests for proposals or bids, until such time as they are publicly opened, pursuant to Section 119.07(3), Fla. Stat.

<u>Designation of Agency Clerk</u>. The Assistant to School Board Members is hereby designated as the Agency Clerk for the filing of all proceedings for administrative review and all proceedings under Chapter 120, Fla. Stat. In fulfilling this function the Assistant Superintendent for Administrative Services shall:

- (1) Receive, docket, and maintain all filings;
- (2) Respond to requests for information or copies of filings;
- (3) Maintain a case accounting system;
- (4) Maintain a subject index of Agency Orders;
- (5) Periodically distribute changes in School Board rules to registered holders of copies of the Rules Manual.

<u>Access to School Board Meetings</u>. All meetings, workshops, hearings or other proceedings conducted by or on behalf of the School Board shall be open to the public at all times, except as noted herein.

Pursuant to Section 447.605, Fla. Stat., the Board may hold executive sessions for the purpose of discussing pending or ongoing subjects of collective bargaining with the Superintendent or his representative, and may exclude the general public from such discussions.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1003.01, 1013.01, 1001.35, 119.07, 286.011, 1013.14, 447.605, Fla. Stat.; 28-1.33, F.A.C.; Chapter 84-298, Laws of Florida History: New, June 12, 1989; November 12, 2008

SCHOOL BOARD MEETINGS AND WORKSHOPS

1.102

All official meetings of the Board shall be open to the public and all informal meetings or workshops involving members of the Board shall be conducted as public meetings unless specifically exempted by law. No official action may be taken by the Board at any time other than an official meeting.

<u>Regular Meetings</u>. Regular meetings of the School Board will be held at least once during each calendar month. The time of such meetings will be established at the organizational meeting in November each year. The date of a regular meeting may be changed by action of the Board at any previous meeting provided that every member is notified either by letter or by the distribution of the minutes carrying a record of the change.

<u>Special Meetings</u>. Special meetings may be called at any time by the Superintendent, either upon his own initiative or upon the request of the Chairman or a majority of the membership of the Board. If the Superintendent should refuse to call such a meeting upon request of the Chairman or a majority of the Board, the Chairman or the majority may, by giving written notice to the Superintendent and all members of the Board in the manner prescribed by law, call a special meeting.

<u>Emergency Meetings</u>. The Superintendent may call an emergency meeting of the Board at any time for the purpose of acting upon emergency matters affecting the public health, safety or welfare.

Notice of Meetings.

<u>Regular Meetings</u>. The Superintendent shall give at least seven (7) days public notice of any regular meeting of the School Board. Such notice of meeting shall be in the following format:

"NOTICE OF PUBLIC MEETING

The Bay County School Board announces a public meeting to which all persons are invited.

Date and Time:_	
Place:	
Purpose:	

If a person intends to appeal the Board's decision with respect to any matter, or has any thought that an appeal may be taken, the person has the responsibility to insure that a verbatim (word for word) record of the proceeding is made, and that the verbatim record includes all testimony and evidence upon which the appeal is to be based.

A copy of the agenda may be obtained by contacting the Superintendent of Schools at P.O. Drawer 820, Panama City, Florida 32402."

The notice of meeting shall be made:

- a. By posting at the Superintendent's office and by publication in a newspaper of general circulation in the County; and
- b. By mail to all persons who have made requests of the Board for advance notice of its meetings.

<u>Special Meetings</u>. The Superintendent shall give at least 48 hours public notice prior to any special meeting of the School Board. Notice of such meetings shall be in the format prescribed herein for regular meetings of the Board. The notice shall be given in the following manner:

- a. By posting at the at the office of the Superintendent of Schools; and
- b. By mail to all persons who have made requests of the Board for advance notice of its meetings.

<u>Emergency Meetings</u>. The Superintendent shall notify at least one (1) newspaper of general circulation in the District of the time, date, place and purpose of an emergency meeting.

Agenda for Meetings.

<u>Regular Meetings</u>. The Superintendent shall prepare and distribute an agenda for each regular meeting so that a copy may be received at least seven (7) days before the event by any person who has requested a copy and pays the reasonable cost per copy.

<u>Special Meetings</u>. The Superintendent shall prepare and distribute an agenda for each special meeting so that a copy may be received at least 48 hours before the meeting by any person who has requested a copy and pays the reasonable cost per copy.

<u>Emergency Meetings</u>. No advance distribution of an agenda will be required for emergency meetings of the School Board. However, following an emergency meeting the Superintendent shall publish in a newspaper of general circulation in the County the following information:

- 1. Time, date and place of the emergency meeting;
- 2. Reasons why an emergency meeting was necessary; and
- 3. A statement setting forth the action taken at the meeting.

<u>Format of Agenda</u>. The Superintendent and School Board Chairman shall prepare the agenda for regular and special meetings. The agenda shall be specific as to items to be considered. All matters involving the exercise of Board discretion and policymaking shall be listed and summarized on the agenda. Additions to agenda items such as "old business", "new business," "other business," or "other matters which may come before the Board" or similar terms shall be for consideration of solely ministerial, or internaladministrative matters which do not affect the interests of the public generally. The agenda shall be prepared in essentially the following format:

"BAY COUNTY SCHOOL BOARD

Time, Date, and Place of Meeting This Meeting is Open to the Public

- 1. Call to Order
- 2. Public Hearings (if applicable)
- 3. Input from Public, Board Committees, and School-Related Organizations
- 4. Review of Agenda and Minutes
- 5. Superintendent's Report
- 6. Business Services Report
- 7. Instructional Services Report
- 8. Administrative Services Report
- 9. Reports from Chairman, Board Members and Attorney
- 10. Reports and Input from Employee Organizations"

<u>Superintendent's Recommendations</u>. The agenda or the agenda materials should reflect the Superintendent's recommendation on each item to be presented to the Board for consideration.

<u>Following of Agenda</u>. The agenda shall list the items in the order they are to be considered. For good cause stated in the record, items on the agenda may be considered out of their stated order with the approval of the Chairman. Items not appearing on the posted agenda which require action, may not be added except by majority vote of the Board Members present at the meeting declaring the item an emergency that requires action at the particular meeting. The reason for the emergency must be entered in the record. All meetings shall be conducted in accordance with Section 1.207.

<u>Materials and Information</u>. In order for Board Members to properly prepare for Board meetings, they must be given materials and information far enough in advance of the meeting to allow them to adequately review them. All backup material concerning the items on the agenda of regular School Board meeting should be delivered to each of the Board Member at least six (6) days prior to the meeting. If backup material for the agenda is not delivered to the Board Member at least 48 hours prior to the meeting, the item shall be automatically tabled until the next Board meeting. The agenda item may be heard and not tabled only if there is a vote by a majority of the Board Members present declaring the item an emergency that requires it not be tabled until the next regular meeting. The reason for the emergency must be entered in the record.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.372(1), 120.53(1)(d), 120.54(10), 1001.372(2), 1001.371, Fla. Stat.; Chapter 28-2, F.A.C. History: New, June 12, 1989 Revised: July 11, 1991

ADOPTION, AMENDMENT AND REPEAL OF BOARD RULES

1.103

<u>Regular Actions Initiated by School Board or Staff</u>. If the Superintendent or a member of the School Board wishes to propose the adoption of a new rule or the amendment or repeal of an existing rule, he\she shall have the proposed action placed on the agenda for a regular or special meeting in the manner prescribed above.

At the meeting the Board shall consider the proposal and either reject or tentatively approve the proposal, with or without modification. Following tentative approval the Board shall direct the Superintendent to give public notice of the Board's proposed action.

Public notice of intent to adopt, amend or repeal a rule shall be made at least 21 days prior to intended action:

- a. By publication in a newspaper of general circulation in the County;
- b. By mail to all persons who have made requests of the Board for advance notice of its proceedings;
- c. By posting a copy of the notice in each school or work area where it will be clearly visible to employees and students; and
- d. By mail to organizations representing groups of Board employees.

If such public notice does not contain a copy of the complete text of the proposed rule or change, the notice shall identify the location where a copy of the text may be examined or obtained.

The public notice shall also contain the name of the person originating the rule and the name of the person approving the proposed rule for initial consideration by the Board.

After the publication of public notice initiating rulemaking, the Superintendent shall make available for public inspection, and shall provide upon request, copies of the following materials:

- a. The text of the proposed rule, or any amendment, or repeal of any existing rule;
- b. A detailed written statement justifying the proposed rule;
- c. A copy of the economic impact statement required by Section 120.54, Fla. Stat.;
- d. The published notice.

<u>Public Hearing</u>. If the proposed rule or rule change does not relate exclusively to organization, practice or procedure, the School Board shall provide, upon request, a public hearing for presentation of evidence, argument and oral statements, within reasonable limitations to avoid duplication, irrelevant comments, unnecessary delay or disruption of the proceeding. Written statements may be submitted to the School Board following the hearing by any person, and may be considered and made part of the record if authorized by the Board.

Such public hearing shall be held if requested by a person affected by the rule within 21 days after the date of publication of the public notice. However, the School Board may elect on its own initiative to hold a public hearing and publish notice of this fact.

An agenda shall be prepared for the public hearing that provides affected persons with sufficient time to present evidence, argument or oral statements, and other information.

The hearing shall be conducted by the School Board as a body.

The School Board may take official recognition of any material that is of common and general knowledge, authoritatively well settled and free from uncertainty. If the material is officially recognized by the School Board it is deemed to be admissible without the necessity of the offering party presenting evidence. This material shall be a part of the record and all affected persons shall be given a reasonable opportunity to examine and offer evidence and argument in opposition.

Upon request of any affected person a transcript shall be made of the proceedings and made available to the public. Costs of preparing the transcript and having the proceeding recorded shall be paid by the requesting person. A copy of the transcript shall be available to the public at cost.

At any time prior to the conclusion of the public hearing, any person may assert that such hearing does not provide an adequate opportunity to protect his substantial interests and request that the hearing be conducted under the provisions of Section 120.57, Fla. Stat. Upon receipt of such request, the School Board shall proceed in the manner prescribed by Section 1.105(4)(c) of these rules.

Any person who is substantially affected by the proposed rule may, in addition, within 14 days following advertising of the public notice, request an administrative determination of the validity of the proposal on the grounds and in the manner prescribed in Section 120.54(3), Fla. Stat.

- a. If such hearing is granted by the state Division of Administrative Hearings, the School Board is precluded from taking any final action of the proposed rule pending the final decision of the hearing officer.
- b. The hearing officer may declare all or any part of the proposed rule to be invalid. No proposal or portion of a proposal so declared invalid may be subsequently adopted by the School Board.

Following the public hearing, or the final decision of the state hearing officer, or a 14 day waiting period if no hearing is requested or challenge made, the School Board may take action on the final adoption of the rule.

Following the final adoption the Superintendent shall file a certified copy of the new rule, amendment, or repeal in the district office complete with the data, and in the form required by applicable portions of Section 120.54(11)(b), Fla. Stat.

<u>Petitions to Initiate Rulemaking Proceedings by Substantially Affected Persons</u>. Any person subject to the jurisdiction of or affected by actions of the School Board may submit a petition for initiation of rule-making proceedings at any time.

All such petitions must contain the name and address of the petitioner, specific reasons for adoption, amendment or repeal, the specific action requested, the date submitted, and shall specify the proposed rule.

Any interested person may file a statement in support of or in opposition to any petition for the initiation of rulemaking proceedings. The interested person shall furnish the petitioner with a copy upon filing of the statement.

Any interested person may submit a reply to the statement in paragraph (b) herein prior to action being taken by the School Board. The interested person shall furnish the petitioner and the person filing under paragraph (b) with a copy upon filing of the reply.

School Board Action on Petitions to Initiate Rulemaking.

Upon receipt of any petition for the initiation of rulemaking pursuant to Section 120.54(5), Fla. Stat., the School Board shall publish notice of receipt and disposition in the manner required in Subsection(1) herein.

If the School Board determines that the petitioner is not regulated by the Board or does not have a substantial interest in the rule, or does not have the interest as stated in the petition, the School Board may forthwith deny the petition, and shall notify the petitioner in writing with particularity the reasons for the denial. If the agency determines that rulemaking should not be initiated, a written statement setting forth, with particularity, the reasons for such determination shall be provided to the petitioner.

After the publication of notice initiating rulemaking, the School Board shall make available for public inspection and shall provide upon request, copies of the following materials:

- (1) The text of the proposed rule, or any amendment, or repeal of any existing rule;
- (2) A detailed written statement justifying the proposed rule;
- (3) A copy of the economic impact statement required by Section 120.54, Fla. Stat.;
- (4) The published notice.

The School Board shall then proceed to consider the proposed rule in the manner prescribed in Subsection (1)(g) herein.

<u>Emergency Actions</u>. If the School Board finds at any time that an immediate danger to the public health, safety, or welfare requires emergency action, an emergency rule may be adopted, modified or repealed without the necessity of following the procedure outlined in Subsection (1) herein.

If possible, the Superintendent will notify all local newspapers and all groups of affected persons prior to adoption of an emergency rule. The Board will permit, upon request, all affected persons to present testimony, evidence, and submit written statements.

Upon the request of any affected person, a transcript shall be made of the proceeding and a record shall be made consisting of the transcript and any other matter of information considered by the School Board in adopting the emergency rule. Cost of preparing the transcript shall be paid by the requesting person. In any event, a recording shall be made of the proceeding.

Notwithstanding the paragraphs above, the School Board reserves the right to use any procedure which is fair under the circumstances in the adoption of an emergency rule as long as it protects the public interest and otherwise complies with applicable statutory provisions.

Any emergency rule shall become effective immediately upon adoption and shall be automatically repealed upon expiration of 90 days, unless an earlier expiration date is prescribed within the rule.

Exemption for Collective Bargaining Agreements. In the event that any provision of a collective bargaining agreement, ratified by the Board either prior to or subsequent to the effective date of any rule herein, conflicts with all or part of any such rule, the provisions of the agreement shall be controlling and the rule shall be deemed to be amended to the extent of the conflict during the term of the agreement only insofar as it is applicable to members of the bargaining unit covered by the agreement.

If any such agreement expires prior to the ratification of a subsequent agreement, the provisions of the expired agreement shall remain in full force and effect until ratification of the subsequent agreement unless a rule or rules contrary to the agreement are adopted in the interim.

<u>Exemption for Changes in Law</u>. In the event that a law, enacted subsequent to the adoption of any rule herein, conflicts with all or part of such rule, the provisions of the law shall be controlling and the rule shall be deemed to be amended to the extent of the conflict.

<u>Non-Substantive Amendments to Rules</u>. The School Board Attorney, as the Board's designee, shall have the authority to review the School Board Rules and to:

- (1) Amend grammatical, typographical, titles and similar matters not affecting the meaning of the rules; and
- (2) Make structural changes including renumbering of sections which do not affect the substance of the rules.

Such editorial changes shall be provided to the Agency Clerk for distribution to all registered holders of policy manuals.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 120.54, 120.57, 447.309(3), Fla. Stat.; Chapter 28-3, F.A.C. History: New, June 12, 1989 Revised: August 14, 1996

DECLARATORY STATEMENTS

1.104

<u>Purpose and Use</u>. A declaratory statement is a means for resolving a controversy or answering questions or doubts concerning the applicability of any statutory provision, rule, or order as it does, or may apply to a petitioner in his particular circumstances only. The potential impact upon petitioner's interests must be alleged in order for petitioner to show the existence of a controversy, question, or doubt.

<u>Application</u>. Any person may seek a declaratory statement as to the applicability of a specific statutory provision or of any rule or order of the School Board as it applies to the petitioner in his particular set of circumstances only. The School Board will give notice of each petition, briefly stating the question presented, in the manner prescribed by Section 120.565, Fla. Stat., and shall similarly give notice of the disposition of each petition, briefly explaining the School Board's response.

- (1) The petition seeking a declaratory statement shall be filed in writing with the Superintendent and shall provide substantially the following information:
 - (a) Heading: Petition for Declaratory Statement
 - (b) Name or Petitioner
 - (c) Address of Petitioner
 - (d) School Board rule, order or statutory provision on which declaratory statement is sought
 - (e) Description of how this rule, order or statute may or does affect the petitioner in his/her particular set of circumstances only
 - (f) Signature of Petitioner
 - (g) Date

<u>Disposition</u>. Upon receiving an application for a declaratory statement the Superintendent shall prepare a written statement of interpretation clarifying the application of the particular statute, order or rule to the petitioner.

The statement shall be transmitted to the individual and to each member of the Board within ten (10) days of receipt of the application. Either the petitioner or any member of the Board may within ten (10) days of receipt of the proposed statement, request an appeal of the proposed statement to the entire Board.

If an appeal is requested, the Superintendent shall place the matter on the agenda of the next regular meeting of the School Board. The Board shall review the Superintendent's proposed statement and either approve or modify the statement. In considering the adoption of such statement the School Board may, at its discretion, hold a hearing to dispose of the petition. If such hearing is held, it shall be conducted pursuant to Section 120.57, Fla. Stat., on an expedited basis, or as otherwise agreed upon by the School Board and the petitioner.

In the event that no appeal is requested by the Petitioner or by a member of the School Board within the ten (10) day period, the proposed statement of the Superintendent shall be considered final and binding on both the petitioner and the School Board. However, the School Board shall, at its next regular meeting, ratify and confirm the statement.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 120.53(1), 120.54(10), 120.565, Fla. Stat.; Chapter 28-4, F.A.C. History: New, June 12, 1989

DECISIONS OF THE SCHOOL BOARD DETERMINING SUBSTANTIAL INTERESTS

1.105

General Provisions.

<u>Scope</u>. This Section shall apply in all proceedings in which substantial interests of a party are determined by the Board, and shall be construed to secure the just, speedy and inexpensive determination of every proceeding. Specifically, this section applies to all proceedings under Section 120.57, Fla. Stat., as well as those initiated under Section 120.54(16), Fla. Stat., which are required to be conducted in accordance with Section 120.57, Fla. Stat.

<u>Presiding Officer</u>. As used herein "presiding officer" shall mean the School Board, a member of the Board who conducts a hearing on behalf of the Board, or a Hearing Officer assigned by the Division of Administrative Hearings.

<u>Computation of Time</u>. In computing any period of time prescribed or allowed by these rules, by order of a presiding officer, or by any applicable statute, the day of the act from which the designated period of time begins to run shall not be included. The last day of the period shall be included unless it is a Saturday, Sunday or legal holiday in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday. As used in these rules, legal holiday means those days designated in Section 110.117, Fla. Stat., and any other day the District School Board offices are closed. Three days may be added to prescribed time limits when service is made by mail.

<u>Parties</u>. Parties in any proceeding conducted in accordance with Section 120.57, Fla. Stat., are petitioners, respondents, or interveners. Parties shall be entitled to receive copies of all pleadings, motions, notices, orders and other matters filed in a proceeding, and shall be entitled to all rights afforded under Chapter 120, Fla. Stat. According to the nature of the proceeding the term "party" may include the School Board.

<u>Who May Appear; Criteria for Other Qualified Representatives</u>. The intent of the administrative process is to secure the just, speedy, and inexpensive determination of proceedings in which the substantial interests of a person are affected. Any person compelled to appear, or who appears voluntarily, before any hearing officer or the Board in an investigation or in any Board proceeding has the right, at his/her own expense, to be accompanied, represented, and advised by counsel or by other qualified representative. (Counsel shall mean a member of The Florida Bar or a law student certified pursuant to Article XVIII of the Integration Rule of the Florida Bar.) This rule shall be liberally construed to promote and facilitate access to the decision making process of government.

<u>Representation</u>. If a person is not represented by counsel or does not appear on his/her own behalf, but is desirous of representation by a qualified representative, the presiding officer shall make diligent inquiry of the prospective representative during a non-adversary proceeding, under oath and on the record, to assure that the prospective representative is qualified to appear in the administrative proceeding(s) and capable of representing the rights and interests of the person. However, in lieu of the above, the presiding officer may consider the prospective representative's sworn affidavit setting forth his/her qualifications.

The presiding officer shall determine the qualifications of the prospective representative within a reasonable time subsequent to the appearance of a prospective representative in an administrative proceeding on behalf of any person, but, in any case, prior to hearing on the merits or the taking of testimony. If the prospective representative appears in the administrative proceeding prior to the naming of a presiding officer, the Board or its designee may make the determination of qualifications under the terms of this rule.

Chapter One

The person desirous of non-attorney representation during the administrative proceeding(s) shall be in attendance during any such inquiry conducted by the presiding officer and shall state on the record his/her request for, and acceptance and approval of, the non-attorney representative. However, if the person is unable to appear, he/she shall furnish written notice expressly stating his/her request for, and acceptance and approval of, the non-attorney representative. In addition, the person shall state during the inquiry or in the written notice that he/she is aware of the nature and extent of the services which his/her non-attorney representative can and will provide, and that he/she is aware that he/she can be represented by an attorney at his/her own expense and has chosen otherwise.

Subject to the qualification procedures herein set forth, the decision to have non-attorney representation rests solely with the person making the request, and will be considered a voluntary and informed choice.

In general, the presiding officer shall authorize the prospective representative to appear in the pending administrative proceeding(s) if the presiding officer is satisfied that the prospective representative has the necessary qualifications to render competent and responsible representation of the person's interests in a manner which will not impair the fairness of the proceeding or the correctness of the action to be taken.

In particular, in rulemaking proceedings pursuant to 120.54(3), Fla. Stat., the presiding officer shall allow a representative to present evidence and argument on behalf of a person on all issues under consideration provided the representative states his/her name, address and authority to appear on behalf of the affected person desiring to comment. In all other administrative proceedings, the presiding officer shall make a determination of the qualifications of the prospective representative in light of the nature, scope, and extent of the proceedings, the proposed representation, the applicable Federal and State laws, rules, and regulation, and the factual and legal issues to be presented during the administrative proceeding. (However, the prospective representative shall not be required to disclose facts and legal theories to the prejudice of his client.) In this regard, the presiding officer shall consider the following criteria to the extent they are relevant, material, and applicable to the proceeding:

- (1) The prospective representative's knowledge of jurisdiction and supportive legal authority to file the initial notice;
- (2) The knowledge or experience of the prospective representative regarding Chapter 120, Fla. Stat., (Administrative Procedure Act); Florida Administrative Code Chapter 22I-1 through 4 (Rules of the Division of Administrative Hearings); Rules 9.020, 9.030, 9.110, 9.310, and 9.800 of the Florida Rules of Appellate Procedure; and Sections 1.101 through 1.105, Bay County School Board Rules;
- (3) The knowledge or experience of the prospective representative regarding the application and interpretation of the Florida Rules of Civil Procedure as they relate to discovery in an administrative proceeding;
- (4) The knowledge or experience of the prospective representative regarding the rules of evidence, including the concept of hearsay and its use in an administrative proceeding;
- (5) The knowledge or experience of the prospective representative regarding the statutes or rules which may be at issue;
- (6) Knowledge of the prospective representative regarding the Standards of Conduct for Administrative Proceedings prescribed herein;
- (7) The educational background, training, or work experience of the prospective representative relevant to the subject matter involved in the proceeding; and
- (8) The relationship of the prospective representative to the person, and the need of the person to have a representative speak on his/her behalf.

It shall be presumed, although not conclusively, by the presiding officer that a non-attorney representative who has appeared in previous administrative proceedings involving similar legal and factual issues and was determined to be a qualified representative therein is qualified to appear in subsequent similar administrative proceedings.

If the presiding officer determines a prospective representative is not qualified, the findings and conclusions supporting the decision shall be reduced to writing and placed in the record.

Any finding which disqualifies a prospective representative from appearing in an administrative proceeding shall not act to bar said person from appearing in future administrative proceedings where such person is found to be a qualified representative. However, a violation of the Standards of Conduct for Administrative Proceedings, as prescribed herein, by a representative other than counsel subject to the disciplinary procedures of the Florida Bar may be considered as grounds for disqualification in a subsequent proceeding.

A representative who has filed an initial pleading or notice of appearance for that person shall remain the attorney or representative of record and shall receive pleadings and continue in the representative capacity until his withdrawal has been approved in writing by the presiding officer.

Any successor or associated attorney or other qualified representative shall file a notice of appearance prior to, or at the time of, the filing of any pleading with, or appearance before, the presiding officer.

It is recognized that there may be Federal and State laws, regulations or rules which may impose greater or lesser restrictions on the qualification for representation in administrative proceedings than those recited here or in Chapter 120, Fla. Stat. If an issue is raised pertaining to the applicability of such laws, regulations, or rules during an administrative proceeding, the presiding officer shall determine the question in light of the factual and legal issues presented and in light of the applicable principles of Federal and State law.

In any administrative proceeding, a representative, other than counsel subject to the disciplinary procedures of the Florida Bar, shall be bound by the Standards of Conduct for Administrative Proceedings prescribed herein.

Standard of Conduct for Administrative Proceedings.

<u>Preamble</u>. No rules of conduct can be framed which will set out all the duties of the representative in the varying administrative proceedings or in the relationship of the representative to his client, adversaries, other representatives, the School Board, and the public. It will be remembered that the representatives before the School Board include members of the Florida Bar in good standing, law students who are certified pursuant to and satisfy the requirements of Article XVIII of the Integration Rule of the Florida Bar, and other qualified representatives. Members of the Florida Bar and certified law students are bound by a broad code of ethics, the Florida Bar Code of Professional Responsibility, and unwritten rules of professional conduct; for other qualified representatives, no standards of conduct have previously been written. The following standards of conduct are adopted as a general but mandatory guide for all representatives appearing in any administrative proceeding except counsel subject to the disciplinary procedures of The Florida Bar.

<u>Standards of Conduct</u>. A representative shall exercise due diligence in the filing and argument of any motion or pleading to insure that the motion or pleading is filed and argued in good faith.

The signature of a representative upon any motion or pleading shall constitute a certificate that he has read the motion or pleading, that to the best of his/her knowledge it is supported by good grounds, and that it has not been presented solely for delay.

A representative shall advise his/her client to observe and to obey the law. However, where a statute or rule has not been interpreted by competent adjudication, the representative may conscientiously advise the person as to the validity and application of the statute or rule in question. A representative shall not:

- (1) Violate any of the provisions contained herein; circumvent a provision through actions of another; engage in conduct involving dishonesty, fraud, deceit, or misrepresentation; or engage in conduct that is prejudicial to the administration of justice.
- (2) File a pleading, assert a position, conduct a defense, delay an administrative proceeding, or take other action on behalf of his/her client when he/she knows or when it is obvious that such action would serve merely to harass or maliciously injure another; or engage in any tactics primarily dilatory, disorderly, contemptuous in nature, or combination thereof.
- (3) Handle a legal or factual matter which he/she knows or should know that he/she is not competent to handle without associating with him/her an attorney or another qualified representative; or handle a legal or factual matter without adequate preparation.
- (4) Accept representation in a matter upon the merits of which he/she has acted in a judicial or quasi judicial capacity, or in which he/she had substantial responsibility while he was a public employee.
- (5) State or imply that he/she is able to influence improperly or upon irrelevant grounds any agency or public official; attempt to exert any political or personal influence to sway the judgment of the presiding officer; give or lend anything of value to a presiding officer, official or employee of the Board; knowingly make false accusations against a presiding officer; or in an adversary proceeding, communicate, or cause another to communicate, as to the merits of the proceeding with a presiding officer or an official before whom the proceeding is pending, except:
 - (a) In the course of official proceedings,
 - (b) In writing if he/she promptly delivers a copy of the writings to the opposing representative, or adverse party if he/she is not represented,
 - (c) Orally upon adequate notice to the opposing representative, or the adverse party if he/she is not represented, or
 - (d) As otherwise authorized by law.
- (6) Communicate or cause another to communicate with an adverse party regarding matters at issue in the administrative proceeding where the representative knows that the adverse party is represented by an attorney or other qualified representative unless the representative has received reasonable notice prior thereto.
- (7) Disregard or advise his/she client to disregard a statute or rule of the School Board, or a ruling of the School Board made in the course of an administrative proceeding, but he/she may take appropriate steps in good faith to test the validity of such rule, statute, or ruling.
- (8) Conceal or knowingly fail to disclose that which one is bound to reveal by law.
- (9) Knowingly use perjured testimony or false evidence.
- (10) Knowingly make a false statement of law or fact.
- (11) Disclose the secrets of his/her client without the consent of the client. (Secret refers to information gained in the representative relationship that the client has requested be held inviolate or the disclosure of which would be embarrassing or would be likely detrimental to his/her client.) However:
 - (a) A representative shall reveal secrets when required by law, provided a representative required by a presiding officer to make such disclosure may first avail himself of all appellate remedies available to him/her.
 - (b) The representative shall also reveal the intention of his/her client to commit a crime and the information necessary to prevent the crime.
 - (c) The representative may disclose the truth in respect to a false accusation made by his/her client.
- (12) Suppress any evidence that he/she or this client has a legal obligation to reveal or produce; participate in the creation or preservation of evidence when he/she knows or it

is obvious that the evidence is false; counsel or assist his/her client in conduct that he knows to be illegal or fraudulent.

(13) Advise or cause a person to secrete him/herself or leave the jurisdiction of the School Board for the purpose of making him/her unavailable as a witness therein; pay, offer to pay or acquiesce in the payment of compensation to a witness contingent upon the content of his/her testimony or the outcome of the case; counsel or advise a witness to provide other than honest testimony.

A representative who receives information clearly establishing that his/her client has, in the course of the representation, perpetrated a fraud upon a person or the School Board shall promptly call upon his/her client to rectify the fraud; and if his/her client refuses or is unable to do so, he/she shall reveal the fraud to the affected person or the School Board.

A representative who receives information clearly establishing that a person other than his/her client has perpetrated a fraud upon the School Board shall promptly reveal the fraud to the presiding officer.

Failure to comply with these provisions shall authorize the presiding officer to disqualify, censure, or suspend the representative appearing in the administrative proceeding. However, no representative may be disqualified, censured, or suspended until after he/she has been apprized of the charges, afforded an opportunity to confront his/her accusers, and be heard in his/her defense.

<u>Consolidation</u>. If there are separate matters before the presiding officer which involve similar issues of law or fact, or identical parties, the matters may be consolidated if it appears that consolidation would promote the just, speedy, and inexpensive resolution of the proceedings, and would not unduly prejudice the rights of a party. Any party to a proceeding may request that it be consolidated with other proceedings, or the presiding officer may on his/her own initiative order separate proceedings to be consolidated.

<u>Joinder of Parties</u>. If it appears that the determination of the rights of parties in a proceeding will necessarily involve a determination of the substantial interests of persons who are not parties, the presiding officer may, upon motion of a party, or upon his own initiative enter an order requiring that the absent person be notified of the proceeding and be given an opportunity to be joined as a party of record.

<u>Disqualification</u>. Unless good cause is shown, all motions for disqualification of a presiding officer should be made at least five days prior to the date scheduled for the final hearing.

<u>Service of Papers</u>. Unless the presiding officer otherwise orders, every pleading and every other paper filed in a proceeding, except applications for witness subpoenas shall be served on each party. Service shall be made upon the party or his/her representative by delivering a copy or by mailing it to the last known address.

<u>Agency Investigations and Probable Cause Determinations</u>. This rule shall not apply to School Board investigations or to determinations of probable cause preliminary to Agency action.

The School Board may conduct or have conducted such investigations and make such probable cause determinations as are authorized or required by law. An investigation or determination of probable cause is a non-adversary executive function to discover or procure evidence as part of the fact-finding function of the School Board. The School Board need not have an administrative complaint pending to conduct an investigation or make such determination.

Point of Entry into Proceeding. Unless otherwise provided by law:

(1) Persons requesting a hearing on a School Board decision which does or may determine their substantial interest shall file a petition with the School Board within 21 days of

Chapter One

receipt of written notice of the decision, or within 21 days of receipt of written notice of intent to render such decision. Whenever possible, the School Board shall issue a written notice of intent to render a decision prior to the decision and allow person who may be substantially affected thereby 21 days from receipt in which to request a hearing. The notice shall state the time limit for requesting a hearing and shall reference the Board's procedural rules.

- (2) Any person who receives written notice of a School Board decision or who receives written notice of intent to render a decision and who fails to request a hearing within 21 days, shall have waived his/her right subsequently to request a hearing on such matters.
- (3) The School Board may publish notice of its decision, or of its intent to render a decision in newspapers of general circulation in the County and may also, where appropriate, mail copies of its notice to applicants, competitors, and interested groups. Such action by the School Board may be used in establishing petitioner's date of receiving notice.

Formal Proceedings.

Prehearing Procedures.

<u>Initiation of Formal Proceedings</u>. Initiation of formal proceedings shall be made by petition to the School Board. The term petition as used herein includes any application or other document which expresses a request for formal proceedings. Each petition should be printed, typewritten or otherwise duplicated in legible form on white paper of standard size. Unless printed, the impression shall be on one side of the paper only and lines shall be doubled-spaced and indented. All petitions filed under these rules should contain:

- (i) The name and address of each Agency affected and each Agency's file or identification number, if known;
- (ii) The name and address of the petitioner or petitioners, and an explanation of how his/her substantial interests will be affected by the School Board determination;
- (iii) A statement of when and how petitioner received notice of the School Board decision or intent to render a decision;
- (iv) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (v) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief;
- (vi) A demand for relief to which the petitioner deems him/herself entitled; and
- (vii) Other information which the petitioner contends is material.

Upon receipt of a petition for formal proceedings, the School Board shall either accept or deny the petition, and if accepted shall elect either to conduct the hearing itself through the School Board or a member thereof, or request that a Hearing Officer from the Division of Administrative Hearings be assigned to conduct the hearing. In proceedings involving dismissal of a member of the instructional staff employed on the basis of an Annual Contract or a Professional Services Contract, the selection of the hearing officer or panel shall be determined by the defendant, rather than by the School Board. In such proceedings involving a member of the instructional staff employed on the basis of a Continuing Contract, the selection of the hearing officer or panel shall be determined by the School Board.

A petition may be denied if the petitioner does not state adequately a material factual allegation, such as a substantial interest in the School Board determination, or if the petition is untimely.

The School Board shall promptly give written notice to all parties of the action taken on the petition, and shall state with particularity its reasons therefor.

If he School Board elects to request that a Hearing Officer of the Division of Administrative Hearings be assigned to conduct the hearing, the Superintendent shall forward the petition, and all materials filed with the Board, to the Division of Administrative Hearings, and shall notify all parties of its action.

<u>Amendments of Petitions</u>. The petitioner may amend the petition prior to the School Board's designating the presiding officer by filing and serving an amended petition in the manner prescribed for filing and serving an original petition. The petitioner may amend its petition after the designation of the presiding officer only upon order of the presiding officer.

<u>Answer</u>. A respondent or intervenor may file an answer which shall contain any available affirmative defenses. If an answer is filed, it shall be filed within 20 days of service of the petition.

<u>Motions</u>. All motions shall be in writing unless made on the record during a hearing, and shall fully state the action requested and the grounds relied upon. The original written motion shall be filed with the presiding officer. The presiding officer shall conduct such proceedings and make such orders as are deemed necessary to dispose of issues raised by motions. Every written motion may be accompanied by, or included in, a written memorandum stating the grounds upon which the motion is based. Other parties to a proceeding may within seven (7) days of service of a written motion, file written memoranda in opposition.

<u>Motions in Opposition to Petition</u>. Motions in opposition to a petition, which may be filed by any party, include motions to dismiss, to strike, and for more definite statement, and shall be filed within 20 days of service of the petition. Any ruling by a presiding officer on a motion in opposition to a petition shall be incorporated in a recommended order, and can be finally disposed of only by the School Board.

<u>Prehearing Conferences</u>. The presiding officer may conduct or request the parties to have one or more prehearing conferences for the purpose of hearing arguments on pending motions, clarifying and simplifying issues, discussing the possibilities of settlement of the issues, examining exhibits and documents, exchanging names and addresses of witnesses, and resolving other procedural matters.

Intervention. Persons other than the original parties to a pending proceeding who have a substantial interest in the proceeding, and who desire to become parties may petition the presiding officer for leave to intervene. Petitions for leave to intervene must be filed at least five (5) days before the final hearing and should be in conformance with procedures outlined herein and shall also include allegations sufficient to demonstrate that the intervenor is entitled to participate in the proceeding as a matter of constitutional or statutory right or pursuant to School Board rule, or that the substantial interests of the intervenor are subject to determination or will be affected through the proceeding.

<u>Discovery</u>. Parties may obtain discovery through the means and in the manner provided in Rules 1.280 through 1.400, Florida Rules of Civil Procedure. The presiding officer may issue appropriate orders to effectuate the purposes of discovery and to prevent delay, including the entry of a recommended order of default pursuant to rules herein.

<u>Notice of Hearing</u>. The School Board, with the concurrence of the presiding officer, shall set the time and place for all hearings. The presiding officer shall issue and serve written notice thereof by U.S. mail on all parties of record. No less than 14 days notice shall be given for the final hearing on the merits of the petition unless otherwise agreed by the parties. The notice of hearing shall contain the statement set out in Section 120.57(1)(b)2., Fla. Stat.

<u>Continuances</u>. The presiding officer may in his discretion grant a continuance of a hearing for good cause shown, or upon stipulation of all parties. Requests for continuance shall be made in writing. Requests for continuance shall be made in writing. Except in cases of extreme emergence, requests for continuance must be made at least five (5) days prior to the date noticed for the hearing.

Chapter One

<u>Dismissal and Default</u>. The failure or refusal of a party to comply with any lawful order may be cause for dismissing the petition, or for entry of a default order. The presiding officer shall serve upon all parties written notice of any recommended order entered pursuant to item a. above. The party against whom such an order is entered may, not later than 15 days after service of the notice, file a motion requesting that the recommendation for default of dismissal be set aside and stating the ground relied upon. If a default is entered by the School Board against the party who has the burden of proof in a proceeding, the proceeding will be dismissed. If the default is entered by the School Board against a party who does not have the burden of proof, the party in default shall be not be allowed to cross-examine witnesses, or to otherwise participate in the proceeding as a party.

Conduct of Formal Hearings.

<u>Subpoenas</u>. Subpoenas may be issued by the School Board, by a presiding officer, or by a Hearing officer of the Division of Administrative Hearings. Subpoena forms shall be supplied by the School Board or the Presiding officer.

Subpoenas requiring the attendance of witnesses or production of records, files, and memoranda from any place in the state, at any designated place of hearing before the presiding officer, for the purpose of taking the testimony of such witness or inspection of documents, shall be issued upon written application of any party. The application for such subpoena shall state the name and address of the witness for whom the subpoena is to be issued, and the time and place for the witness to appear.

Any party or person against whom a subpoena is directed may file a motion to quash or limit the subpoena with the School Board. The motion shall set forth the grounds relied upon.

A subpoena may be served by any person authorized by law to serve process or by any person who is not a party and who is of majority age. Service shall be made by delivering a copy thereof to the person named in the subpoena. Proof of such service shall be made by affidavit of the person making service of not served by an officer authorized by law to do so.

<u>Witness Fees</u>. Witness fees shall be paid by the party at whose instance the witness is summoned. Witness fees shall be tendered at the time of service of a subpoena. Except in the case of state employees or employees of the School Board, the fees shall be the same as those allowed by the circuit courts of the state. State employees shall be entitled to compensation at the rate provided under Section 112.061, Fla. Stat. School Board employees and other public employees shall be entitled to compensation at the rate provided for travel and per diem by Section 6.105. This paragraph shall not limit the fees of expert witnesses.

<u>Witnesses</u>. All witnesses shall be sworn and subject to examination and cross-examination. The presiding officer may allow members of the general public to appear as witnesses at a hearing, and to present oral or written communications intervenor. The presiding officer may set fair and reasonable conditions on such appearances, and the communications shall be subject to cross-examination, challenge and rebuttal.

<u>Evidence</u>. Oral evidence shall be taken only on oath or affirmation. Each party shall have the right to present evidence relevant to the issues; to cross-examine opposing witnesses; to impeach any witness regardless of which party first called him/her to testify; and to rebut the evidence presented against it.

Any relevant evidence shall be admitted if it is the sort of evidence on which reasonable prudent persons are accustomed to rely in the conduct of their affairs. Hearsay evidence may be used to supplement or explain other evidence, but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil actions. Irrelevant and unduly repetitious evidence shall be excluded.

Chapter One

<u>Recordation</u>.--The School Board shall have the responsibility of preserving the testimony at final hearing. Proceedings shall be reported by a certified court reporter or by recording instruments. Any party to a hearing may, at its own expense, provide a certified court reporter if the School Board does not. The presiding officer may, in his/her discretion, provide a certified court reporter. At hearing during which the services of a court reporter have been retained, any party who wishes a written transcript of the testimony shall order the same at its own expense. If a court reporter records the proceedings, the recordation shall become the official transcript.

Post-Hearing Procedures.

<u>Post-hearing Memoranda</u>. If a hearing is conducted by other than the School Board, all parties may submit proposed finding of fact, conclusions of law, and recommended orders, or legal briefs on the issues within a time designated by the presiding officer.

<u>Recommended Order</u>. If a hearing is conducted by other than the School Board, or member thereof, the presiding officer shall, within 30 days after the hearing or receipt of the hearing transcript, whichever is later, file a recommended order which shall include a caption, time and place of hearing, appearances entered at the hearing, statement of the issues, finding of fact and conclusions of law, separately stated, and recommendation for final School Board action.

If the presiding officer determines that a party participated in the proceeding primarily to harass or to cause unnecessary delay, or for frivolous purpose, or to needlessly increase the cost of securing the approval of an activity, the recommended order shall so state and shall recommend the award of costs and attorney fees to the other party.

<u>Exceptions to Recommended Order</u>. Parties may file exceptions to finding of fact with the School Board within 20 days of service of the recommended order.

<u>Final Orders</u>. If a hearing is conducted by the School Board, a final order shall be entered within 90 days after the hearing or receipt of the hearing transcript, whichever is later. The final order shall include a caption, time and place of the hearing appearances entered at the hearing, statement of the issues, finding of facts, conclusions of law, and statement of final School Board action.

If the final hearing has been conducted by other than the School Board, the School Board shall issue its final order within 90 days of receipt of the recommended order, following consideration at a public meeting. This proceeding shall not be a de novo review, but shall be confined to the record submitted to the School Board together with the recommended order.

If a party files exceptions to a recommended order or submits proposed finding of fact to the School Board, the final order shall include an explicit ruling on each exception or proposed finding of fact as well as a brief statement of grounds for denying the exception or proposed finding of fact; provided, however, the School Board will not be required to make explicit rulings on subordinate, cumulative, immaterial or unnecessary proposed facts and such proposed facts may be rejected in the final order by simple statement that they are irrelevant or immaterial.

The final order shall award costs and a reasonable attorney fees to the prevailing party when the nonprevailing party has been identified by the presiding officer in the recommended order as having participated in the proceeding for an improper purpose, pursuant to Section 120.59(6), Fla. Stat.

<u>Informal Proceedings</u>. Proceedings conducted under Subsection 120.57(2), Fla. Stat., and this Subsection shall be informal in nature and shall not involve disputed issues of material fact, unless otherwise agreed by the parties. Pursuant to Section 1006.07, Fla. Stat., all proceedings for expulsion of students

shall be conducted in accordance with this subsection whether or not such proceedings involve disputed issues of material fact.

An informal proceeding may be granted by the School Board upon written request made within 21 days after receipt of written notice of Board action, or written notice of intent to render a decision. However this requirement may be waived by the Board in case of student expulsions without consent of the parties. The notice shall state the time limit for requesting a hearing and shall reference this rule. If a hearing is held, the School Board may:

- a. Administer oaths and affirmations;
- b. Rule upon offers of proof and receive relevant evidence;
- c. Regulate the course of the hearing;
- d. Enter any order to carry out the purposes of Chapter 120, Fla. Stat.; and
- e. Make or receive offers of settlement, stipulation, and adjustment.

<u>Submission of Evidence</u>. Within 30 days of commencing the proceeding, the School Board shall provide all affected persons with an opportunity to submit written statements or other pleadings as provided in Section 120.57(2)(a)2., Fla. Stat. The affected persons shall be given 15 days to respond to evidence submitted pursuant to the above outlined procedures.

Final Order. The final order shall be issued in compliance with Section 120.59, Fla. Stat.

Miscellaneous Proceedings.

<u>Multi-tiered Hearings</u>. party who has participated in a hearing shall not be allowed, consistent with the principles of res judicata and collateral estoppel, to raise identical issues already determined in a Section 120.57 proceeding in a subsequent administrative hearing. However, this does not preclude subsequent administrative review of School Board action when authorized by law.

When administrative review of School Board action is authorized by law, the reviewing agency shall not conduct a de novo hearing on the matter unless explicitly authorized to do so by law. The reviewing Agency shall base its review solely on the record complied in the Section 120.57 proceeding and may allow oral argument concerning the content of, and issues raised in such record. The reviewing Agency shall issue a final order based on the record and shall either affirm, reverse or modify the prior agency action. Unless otherwise provided by law or rule, administrative review must be sought by petition to the reviewing Agency within 30 days following the rendition of the School Board's order. The party in possession of the record shall be responsible for compiling the record for review by the reviewing Agency. The reviewing Agency shall issue its final order within ninety (90) days of receipt of the record.

Informal Dispute Resolution.

Unless otherwise provided by law or rule, informal disposition may be made of any proceeding or matter which may result in a Section 120.57 proceeding by stipulation, agreement, settlement or consent order. However, nothing herein shall require informal dispute resolution prior to seeking a Section 120.57 proceeding.

Any person entitled to be a party as defined in Section 120.52(10), Fla. Stat., who is substantially affected by School Board action, or proposed School Board action, may file a protest in writing with the School Board. The protest shall be submitted within ten (10) days after such person learns of the facts giving rise to the protest, but in no event shall the protest be submitted after final agency action.

Upon receipt of the protest, the School Board will endeavor to resolve the issues raised by the protest. If the School Board and protestant cannot agree upon a resolution within 15 days after receipt of the protest, or if the School Board fails to respond within said fifteen (15) day period, the protestant may Chapter One -120-

proceed with a request of a Section 120.57 hearing. The protestant shall have fourteen (14) days from receipt of the School Board response, or from the conclusion or the fifteen (15) day period for Board response in which to request a Section 120.57 hearing.

The School Board shall whenever possible, respond to a protest within the 15 days period, and shall set forth its reasons for agency action or proposed agency action as fully as possible. The School Board shall also consider the matters raised in the protest and shall whenever possible, explain its position relative to such matters in its response.

<u>Rule Proceedings under Section 120.57, Fla. Stat</u>. At any time prior to the conclusion of a public hearing conducted under the provisions of Section 120.54(3), Fla. Stat., any person may assert that his substantial interests will be affected in the proceedings, and shall affirmatively demonstrate that the rulemaking proceedings do not provide an adequate opportunity to protect his substantial interests and request that the hearing be conducted under the provisions of Section 120.57 to the extent necessary to provide that opportunity and to protect his/her substantial interests.

Unless the School Board rejects the request at the time the right is asserted, within 48 hours after making such assertion the party shall file a petition with the person conducting the rulemaking proceeding substantiating the matter asserted by the party, setting forth specific facts supportive of the claim that the rulemaking proceedings will not provide an adequate opportunity to protect his substantial interests. The School Board shall determine the merits of the petition and issue its order granting or denying it. The School Board may hold a hearing for this purpose.

When a petition for a hearing under the provisions of Section 120.57 is granted, the rulemaking proceeding shall be suspended. Upon the conclusion of the Section 120.57 proceeding, the rulemaking proceeding shall be resumed. In no event shall the School Board file the proposed rule for adoption until a petition for a hearing under Section 120.57 has been denied or until the issues raised in the petition have been resolved by the School Board.

The petition shall be filed with the School Board. The Board may conduct the proceeding or it may request the Division of Administrative Hearings to assign a hearing officer to conduct the proceeding. If the School Board requests that the Division of Administrative Hearings assign a hearing officer to conduct the proceeding, the request shall be made within ten (10) days of the decision to proceed under Section 120.57, Fla. Stat.

Unless the School Board rejects the request at the time the right is asserted, the School Board shall publish notice in the appropriate manner prescribed by Section 120.54(1), Fla. Stat., that a petition has been filed. The notice shall contain sufficient information to advise substantially affected persons of the proceeding.

<u>Protests from Contract Bidding Process</u>. Any protest to an action or proposed action of the Board relating to a bid or bid award shall be resolved in the manner prescribed by Section 6.104 of these rules.

Authority: § 1001.41, Fla. Stat. Law Implemented: Chapter 28-5, F.A.C.; 120.53(1)(b),120.53(1)(c), §§ 1012.33., 1006.07, Fla. Stat. History: New, June 12, 1989

PART TWO THE DISTRICT SCHOOL BOARD

DEFINITIONS

1.201

The following terms, wherever used or referred to in this compilation of Rules shall have the following meaning:

<u>School District</u>. Bay County shall constitute a school district and shall be known as "The School District of Bay County, Florida" and hereinafter referred to as "the District" or "the School District."

<u>School Board</u>. The governing body of the School District of Bay County is constituted a body corporate in the name of "The School Board of Bay County, Florida" and hereinafter referred to as "the Board" or "the School Board."

<u>Superintendent</u>. The responsibility for the administration of the schools and the supervision of instruction in the District is vested in the Superintendent who shall also be secretary and executive officer of the Board.

<u>Principal</u>. The term "principal" unless qualified, shall mean the administrative head of any school, and shall be synonymous with the term "building principal" as defined by Section 1012.01, Florida Statutes.

<u>School</u>. The term "school" shall mean any educational facility operated by the Board to which the Department of Education has assigned an administrative number.

<u>Pupil or student</u>. "Pupil" or "student" shall mean any person enrolled in an educational program operated by the Board.

<u>He, his, or him</u>. The terms "he," "his" or "him" as used herein shall be interpreted to include both the male and the female gender.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.41, Fla. Stat. History: New, June 12, 1989

MEMBERSHIP OF THE BOARD

The School Board of Bay County is composed of five (5) members elected by the qualified electors of the District. One (1) member is elected on a District-wide basis from each of the five School Board Member Residence Areas. Each member is elected for a term of four (4) years. Two (2) members are elected at the general election at the time of the presidential election and three (3) members are elected at the general election at the time of the gubernatorial election. The School Board Member Residence Areas are hereby established as follows:

<u>Residence Area No. 1</u>. As filed with the Clerk of the Circuit Court of Bay County. Such description is hereby adopted as a part of this rule by reference.

<u>Residence Area No. 2</u>. As filed with the Clerk of the Circuit Court of Bay County. Such description is hereby adopted as part of this rule by reference.

<u>Residence Area No. 3</u>. As filed with the Clerk of the Circuit Court of Bay County. Such description is hereby adopted as part of this rule by reference.

<u>Residence Area No. 4</u>. As filed with the Clerk of the Circuit Court of Bay County. Such description is hereby adopted as part of this rule by reference. Residence Area No. 5. As filed with the Clerk of the Circuit Court of Bay County. Such description is

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.36, Fla. Stat. History: New, June 12, 1989

hereby adopted as part of this rule by reference.

AUTHORITY AND RESPONSIBILITY

The School Board is responsible for the organization and control of the public schools of the District and is empowered to determine the policies necessary for the effective operation and general improvement of the school system. The School Board will limit its actions to establishing policy and rules and to meeting the requirements prescribed by law and Rules of the State Board of Education. Board members have authority only when the Board is meeting in official session and a quorum is present. The School Board shall not be bound in any way by any action on the part of an individual Board member or an employee except when such action is taken in response to direction of or authorization of the Board.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.32, 1001.37(4), Fla. Stat. History: New, June 12, 1989 1.202

1.203

ORGANIZATION AND OFFICERS

A Chairman and a Vice-Chairman shall be elected by the Board at its organizational meeting held in nonelection years at a regular or special Board meeting in November and in election years on the third Tuesday after the first Monday in November; provided, that if a vacancy should occur in the Chairmanship, the Board will proceed to elect a Chairman at the next ensuing regular or special meeting.

The Chairman shall preside at all meetings of the Board, appoint committees, and perform such other duties as may be prescribed by law or action of the Board. The Vice-Chairman shall preside in the absence of the Chairman and shall perform such other duties of the Chairman as circumstances require.

The Superintendent, as provided by law, shall be the Secretary and Executive Officer of the School Board. At each organizational meeting, the Superintendent shall act as Chairman until the organization of the Board is completed. The Superintendent may call upon the various personnel employed by the Board for such information and data relative to their work as he may require in the performance of his duties and responsibilities. The Board Attorney shall be appointed at the Organizational Meeting.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.371, Fla. Stat. History: New, June 12, 1989 Revised: February 24, 2015

PARTICIPATION IN ORGANIZATIONAL ACTIVITIES

Each of the Board members is encouraged to participate in the activities and programs conducted by state, regional and national associations of school boards. The Superintendent shall include an amount in each proposed annual budget to cover expenses of participation in such activities by Board members.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.41, Fla. Stat. History: New, June 12, 1989 1.204

1.205

BOARD MEETINGS

1.206

Regular meetings of the School Board will be held on the day and time as established by the Board at their annual organizational meeting in November. The date of a regular meeting may be changed by action of the Board at any previous meeting; provided, that every member is notified either by letter or by distribution of the minutes carrying a record of the change. Special meetings may be called, as needed, in the manner prescribed by Section 1.102 . Public notice shall be given for all meetings in the manner prescribed by Section 1.102.

<u>Place of Meetings</u>. The first regular meeting of each month shall be held at the Board Meeting Room of the District Administrative Offices in Panama City, Florida. However, the location of such meetings may be changed upon giving appropriate notice when the Board determines that the public interest can be served best by holding the meeting elsewhere.

<u>Quorum</u>. A majority shall constitute a quorum for any meeting of the school Board. No business may be transacted unless a quorum is present, except a minority may adjourn the meeting from time to time until a quorum is present.

<u>Voting Interpretation</u>. The vote shall be unanimous if all members vote in the affirmative or in the negative on any question or issue. All members of the Board, including the Chairman, shall vote on all questions and issues except where a conflict of interest exists. The vote of each member shall be recorded in the minutes on each issue.

<u>Minutes</u>. The official minutes of the Board shall be kept by the Superintendent as prescribed by law. The minutes shall be maintained in a safe and secure place and shall be made available to any citizen desiring to examine the minutes during regular office hours. If any member of the Board or the Superintendent wishes any of his/her statements recorded, he/she may request that such become a part of the official minutes. Any other matter may be made a part of the official minutes by direction of the Chairman or by a majority vote of the Board. The minutes shall be reviewed, corrected if necessary, and approved at the next regular meeting. However, minutes may be approved at an intervening special meeting if the Board desires. The minutes shall be signed by the Superintendent and the Chairman after being approved.

Rules of Order. The rules of order for all meetings of the School Board shall be as follows:

- (a) A quorum being present at the hour at which the Board meeting is duly scheduled, the Chairman shall take the chair, call the meeting to order, and proceed with the business of the meeting.
- (b) Should a quorum be assembled at the hour appointed and the Chairman be absent, the Vice-Chairman or a Chairman pro-tem shall serve during that meeting or until the Chairman or Vice-Chairman shall appear.
- (c) It shall be the duty of the Chairman to preserve order at all times and to endeavor to conduct all business which comes before the Board with propriety and dispatch.
- (d) Items on the agenda may be discussed without the necessity of a motion or second.
- (e) The Chairman by virtue of his/her membership shall exercise his/her legal responsibility to vote on every question or issue coming before the Board.
- (f) A motion when made must be seconded and then, if requested by a member, repeated distinctly by the Chairman or the Board Secretary. Any motion may be reduced to writing if the Chairman or any member so desires.
- (g) Any member who has made a motion shall have the liberty of withdrawing his/her motion, with the consent of his/her second, prior to the vote being taken.
- (h) The consideration of any question may be postponed to a specific time or the question may be suppressed altogether by an indefinite postponement.

- (i) A motion once voted down may not be renewed at the same meeting of the Board without the consent of a majority of the members of the Board.
- (j) An amendment may be made to any motion and shall be decided before the original motion, but no more than one amendment to an amendment shall be entertained.
- (k) A motion for adjournment shall always be in order and shall be decided without debate, except that such motion may not be entertained when the Board is voting on another question or while a member is addressing the Board.
- (I) A motion to order the previous question ("call the question") is not debatable and requires the affirmative vote from three members of the Board. The call for the previous question shall not cut off any pending amendment but the vote shall be taken without debate on the amendments in their order and finally the main question.
- (m) No member shall be interrupted while speaking unless he/she is out of order, or for the purpose of correcting mistakes or a misrepresentation.
- (n) Any question not covered by the above rules shall be governed by Chairman's rules.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.371, 1001.372(2), 1001.37(4), 1001.42, Fla. Stat. History: New, June 12, 1989 Revised June 25, 1992, June 14, 2000; November 14, 2007

PROCEDURES FOR MAKING A FORMAL PRESENTATION TO THE BOARD

1.207

Any person or group desiring to make a formal presentation to the Board or to address the Board relative to a specific matter shall file with the Superintendent, at least 7-1/2 days prior to a meeting, a written request to be placed on the agenda. Such request shall contain the following information:

- (1) Name and address of the person making the request.
- (2) The organization or group, if any, represented.
- (3) Content of the information to be presented. If written material is to be passed out, a copy of such material shall accompany the request.
- (4) If made against an individual, any charges or information to be presented that might be considered derogatory or of a serious nature shall be presented in writing and shall be in the form of an affidavit. A copy of such charges shall be sent to the individual concerned. If possible, any such charge shall be investigated prior to consideration.

The Superintendent shall respond verbally or in writing to any person or group requesting to be placed on the agenda. If the agenda for the meeting is unduly long, the Superintendent shall place the presentation request on the agenda for the next regular meeting. If a question should arise regarding the granting of a request, the Superintendent and the Chairman of the Board shall confer and the Chairman shall make the decision.

The Superintendent shall furnish an exact copy of the request to each Board member in time to permit him/her to study the matter prior to the Board meeting.

The Superintendent shall promptly investigate the subject matter of the request and shall furnish each Board member a written report of his findings and recommendations in time to allow the Board member of review the matter prior to the Board meeting.

It is the intent of the Board to provide adequate time for discussion on each topic so that each citizen desiring to address the Board has ample time to do so. However, when it appears that public discussion will take an excessive amount of time and is not necessary in order to adequately address the issue under consideration, the Chairman, in his discretion, may place limits on the amount of time allotted to each speaker or to the proponents or opponents on a particular issue. Any such limits shall afford equal time to each side of an issue. The Board may override any such limits imposed by the Chairman by majority vote of the members present.

Any person or representative of an organization or group not having made arrangements as herein prescribed may be heard, at the discretion of the Board, at the end of the regular agenda of the Board meeting.

The provisions of this Rule shall not apply to hearings conducted pursuant to Chapter 120, Fla. Stat. Such proceedings shall be conducted in the manner prescribed by Sections 1.103, 1.104, and 1.105.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.42, 1001.41, Fla. Stat. History: New, June 12, 1989

BOARD COMMITTEES

<u>Committees</u>. Committees may be appointed by the Chairman when requested by the Board. The duties of any such committee shall be outlined at time of appointment and the committee shall be automatically dissolved upon acceptance by the Board of its final report or by vote by the Board. Committees or individuals serving on committees may take no action binding upon the Board. However, their reports to the Board may contain recommendations for action to be taken by the Board. Each member of the Board shall be notified of all committee meetings, but he/she shall have no vote. All meetings of Board committees shall be open to the public.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.41, Fla. Stat. History: New, June 12, 1989 Revised: August 9, 2000

LEGAL COUNSEL

1.209

The School Board shall obtain an attorney, from outside its own membership, who shall act as legal advisor to the Board and the administrative staff. The Board shall provide a written contract for its attorney which shall specify duties and responsibilities and compensation to be paid. Special counsel may be retained to assist the Board attorney in any litigation or other matter when specifically approved by the School Board. The Board Attorney shall be appointed at the Organizational Meeting each year. When additional legal services are needed by the Superintendent or School Board, the Board may employ or retain a competent attorney to render such services. When approved by the School Board, the attorney is authorized to provide legal services for officers or employees of the Board who are charged with civil or criminal actions arising out of and in the course of the performance of assigned duties and responsibilities.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1012.26, Fla. Stat.; 6A-1.42, SBER History: New, June 12, 1989 1.208

The School Board (Ethics)

1.210

School Board Members will:

1. Attend all regularly scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings.

2. Set the standards for the district through Board policy. Board members do not manage the district on a day-to-day basis.

3. Individual Board members may not commit the Board to any action.

4. Encourage the free expression of opinion by all Board members, and seek systematic communications between the Board and students, staff, and all elements of the community.

5. Respect the right of other Board members to have opinions and ideas that differ.

6. Communicate to Board members and the Superintendent expression of public reaction to Board policies and school programs.

7. Recognize that decisions are made by a majority vote and accept those decisions as a team.

8. Make decisions only after the facts are presented and discussed.

9. Recognize that the Board and employees must comply with the Code of Ethics for Public Officers and Employees (Chapter 112, Florida Statutes).

10. Understand the chain of command and refers problems or complaints to the proper administrative office.

11. Recognize that the it must comply with the Public Meetings Law and has authority to make decisions only at official Board meetings.

12. Insist that all Board and District business is ethical and honest.

13. Recognize the authority of the Superintendent and will not attempt to circumvent the Superintendent's authority.

14. Take action only after hearing the Superintendent's recommendations.

15. Refuse to use Board membership for personal or family gain or prestige. Any conflicts of interest shall be publically announced before Board action is taken.

16. Give the staff the respect and consideration due skilled professional employees.

17. Present personal criticism of District operations to the Superintendent, not to District staff or at a Board meeting.

18. Respect the right of the public to attend and observe Board meetings.

19. Respect the right of the public to be informed about District decisions and school operations as allowed by law.

Chapter One

Authority: §1001.41, Fla. Stat. Law Implemented: §1001.41, Fla. Stat. History: New, May 27, 2009 Revised: July 21, 2010 (without requirement of meeting)

PART THREE THE SUPERINTENDENT OF SCHOOLS

RESPONSIBILITIES

1.301

The Superintendent shall be the chief executive and administrative officer of the Board and shall have, in addition to the powers and duties specifically imposed by law, all executive and administrative powers and duties in connection with the conduct of the schools which are not required by statute to be exercised directly by the Board. It shall be the duty of the Superintendent to complete all executive and administrative transactions not required by law or resolution to be brought before the Board and to prepare all other matters of administrative procedure or policy for Board approval. The enumeration in this section, or elsewhere in these rules, of specific powers and duties shall not be construed to derogate from the generality of duties hereby imposed.

<u>General Supervisory Duties</u>. It shall be the responsibility of the Superintendent to direct and supervise the work of all the schools, offices, and employees of the Board; all such employees shall be subordinate to the Superintendent in all matters, including those specifically assigned by these Rules to a particular unit or supervisor.

<u>Administrative Duties</u>. The Superintendent shall be directly responsible for the administrative duties of his office. In cooperation with the principals, directors, and supervisors, he shall assign teachers to their respective teaching duties and shall appraise the qualities of their respective services; he shall assist principals with the organization and internal operation of their respective schools; he shall assist in securing facilities, personnel, and materials necessary to permit effective functioning of the educational program.

The Superintendent shall supervise the collecting, recording, and disbursing of all funds collected within the several schools in accordance with the Rules of the School Board.

As chief executive officer of the School Board, the Superintendent is responsible for representing the Board in matters of collective bargaining with certified bargaining agents of employee organization. In fulfilling this responsibility, the Superintendent may designate one or more persons to represent him in collective negotiations sessions.

<u>Other Duties</u>. It shall be the duty of the Superintendent to enforce the Rules of the Board, to prepare and submit the annual budget for adoption by the Board, to approve and direct all expenditures within the appropriations adopted by the Board, to submit the annual calendar for adoption by the Board, to make continuous study of the development and needs of the schools, to prepare reports to the Board on the conditions and needs of the schools, and to acquaint the public with the activities and needs of the schools.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.49, 1001.51, 447.010, Fla. Stat. History: New, June 12, 1989

DIRECTIVES, PROCEDURES, ADMINISTRATIVE MANUALS

The Superintendent shall have authority to issue such directives and to prescribe such procedures as may be necessary to carry out the purpose and intent of School Board Rules. The Superintendent shall also have the authority to issue administrative manuals or guidelines as he may deem necessary for the effective administration of the schools and shall distribute them to the employees directly concerned. A copy of each administrative manual, procedure, or guideline shall be forwarded to each Board Member prior to implementation. Insofar as the provisions of such manuals are procedural in nature and consistent with officially adopted Rules of the School Board, the provisions thereof shall be binding upon all employees.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.49, Fla. Stat. History: New, June 12, 1989

EMERGENCIES

1.303

In case of an emergency, the Superintendent may suspend any part of these Rules; provided, that he/she shall report the fact of and the reason for such suspension promptly to the School Board; and provided further, that the suspension shall expire at the next meeting of the Board unless continued in effect by action of the School Board. In case of an emergency, the Superintendent may close any or all schools. The members of the School Board shall be informed immediately of any event or conditions which require the closing of a school or the schools of the district. In any case not covered by these Rules, the Superintendent shall base the decision on his/her best professional judgment.

Authority: § 1001.41, Fla. Stat. Law Implemented: §§ 1001.49, 1001.51, Fla. Stat. History: New, June 12, 1989 1.302

DELEGATION OF AUTHORITY

When it becomes expedient for the Superintendent to delegate authority, he/she shall assume full responsibility for the execution and satisfactory completion of any activity resulting from such delegated authority. The Superintendent may not delegate authority in any matter requiring the exercise of independent judgment which, by statute or by Rule of the Board, is his direct responsibility. As a general rule all reports and recommendations to the Board from any employee shall be made through the Superintendent.

Any official communication between the Board and its employees shall be directed through the Superintendent.

Except where specifically prohibited by law, and within the guidelines outlined in 1.304 above, the Superintendent shall have the authority to appoint designees to ensure the efficient operation of the District and the schools.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.49, Fla. Stat. History: New, June 12, 1989 Revised: October 11, 1989

COMPENSATION OF SUPERINTENDENT

The Superintendent shall be paid compensation in the amount prescribed by Section 1001.47, Fla. Stat.

Authority: § 1001.41, Fla. Stat. Law Implemented: § 1001.47, Fla. Stat. History: New, June 12, 1989 1.304

March 8, 2017

To Whom It May Concern:

Eastern Shipbuilding Group was established in 1976. Today, Eastern's history includes a portfolio of over 350 vessels and Eastern is one of the most diverse vessel construction companies as a result of its state of the art production line and fabrication process. Eastern has built everything from Offshore Supply Vessels to Tugs, ATB's, Inland Towboats, a SWATH Vessel, Passenger Vessels, Ro-Ro/Passenger Ferries, Inland Transport Vessels, Barges, Fireboats, Research Vessels, Offshore Construction Vessels, Dredges, High Speed Passenger Vessels, Fishing Vessels, and more. As one of today's leading innovators in the marine industry, the sizable fleet of quality built Eastern vessels can be found from coast to coast and around the world.

Eastern is always seeking quality employees to meet the demands for our highly-skilled jobs. The advances in our industry are ongoing, and it is crucial for our employees to keep up with the proper training. We serve as partners with Tom P. Haney Technical Center by sitting on their Welding Technology Occupational Advisory Committee. We provide input on curriculum and the training necessary to meet the demands of today's global workforce. Our partnership has been extremely beneficial, and we remain pleased with the high caliber of training offered.

Haney Technical Center refers many of their welding students our way, but we also have needs for properly trained pipefitter-related positions. With the announcement of the U. S. Coast Guard contract with a value in excess of \$10 billion dollars, we will have even more employment opportunities for trained welders and pipefitter- related positions. Construction of the first vessel is expected to commence in 2018 which is quickly approaching. We are excited about the possibility of Haney opening an Industrial Pipefitter program with updated facilities, equipment and technology to improve training in our industry. The high demand for skilled employees in this field make this a great investment in career opportunities for students as well as enabling us to meet our needs for qualified employees. Eastern Shipbuilding Group supports the funding request by Tom P. Haney Technical Center to open an Industrial Pipefitter program and looks forward to improving the quality and numbers of trained industrial pipefitter employees in our workforce.

Kind regards,

Brian R. D'Isernia, Founder and CEO

1 Everitt Avenue Panama City, FL 32401 Office: 850.691.0129 www.westrock.com

March 7, 2017

To Whom It May Concern:

WestRock is an American corrugated packaging company with a large operation in Panama City, Florida. We are constantly looking for quality employees who can meet our high standards and provide the necessary skills for our operations. It would be a great benefit to our community and to our business if there were expanded opportunities for Industrial Pipefitters to receive local training.

An ongoing concern in Bay County and Northwest Florida area is the need for qualified Industrial Pipefitters. Shortages in this area create staffing issues as we try to find personnel to fill our needs. In order to meet the demands for our customers, we must have skilled workers in this field.

Tom P. Haney Technical Center has a history of providing outstanding educational programs including welding but currently does not have an Industrial Pipefitters program. Employment of plumbers, pipe layers, pipefitters, and steamfitters is expected to grow 16% between 2008 and 2018, faster than the average for all occupations. Our industry has undergone immense changes in the last 50 years, and therefore our workforce must keep up with current industry standards.

In 2015, there were 624 workers employed in this occupation in Panama City, Florida. Many people in this career field are expected to retire in the next 10 years, which will create additional job openings.

We ask that you support Tom P. Haney Technical Center's request for additional funding to add an Industrial Pipefitting program so that we can meet the needs for trained employees in this specialty.

Sincerely,

V, Wade

Michael Wade Human Resources Manager

March 08, 2017

Mr. Bill Husfelt, Superintendent Bay District Schools 1311 Balboa Avenue Panama City, Florida 32401

Dear Mr. Husfelt,

The Bay County Chamber of Commerce has always believed that education is a vital tool in retaining and recruiting businesses. In order for Bay County to be competitive in the job market and with the state of today's economy, it is imperative that we have school facilities that are up to date and technology that is state of the market.

The Bay County Chamber of Commerce fully supports Bay District Schools efforts in funding requests to expand Haney Technical Center's Automotive Service Technology Program; Air Conditioning, Refrigeration, and Heating Technology (HVAC) Program; and create an Industrial Pipefitter Program. Locally and regionally, these occupations are currently in high demand and anticipated to grow. With recent announcements from GKN Aerospace opening their first Florida location in Bay County and Eastern Shipbuilding Group acquiring the Coast Guard Cutter contract, there will be demand and opportunities for the skills these programs will provide.

You have full support of the Chamber as you seek funding for all of these programs and if there is anything else we can do, please let us know.

Sincerely,

Claire Sherman Chairman of the Board

Carol Roberts President/CEO

235 W. 5th St. - Panama City, Florida 32401 Phone: 850.785.5206 - Fax: 850.763.6229 – www.panamacity.org

March 10, 2017

To whom it may concern,

The Bay Economic Development Alliance is a public/private partnership working in conjunction with Haney Technical School to promote job creation and capital investment in Bay County, Florida. To be competitive in a global economy, it is critical that we have a well-trained, available workforce.

Tom P. Haney has a history of providing outstanding educational programs. We must continue to be proactive to support existing programs while looking for ways to fund new programs that are needed to meet the ever changing workforce demands of the prospective companies we are trying to recruit to our region.

With this in mind, we ask that you support Tom P. Haney Technical request for additional funding to add an Industrial Pipefitting program, renovate the existing Automotive Service Technology program and upgrade the HVAC program. The financial support of these programs is critical for us as a community to continue to meet the needs for trained employees in these areas.

Sincerely,

eccas Hard

Becca Hardin President

DATE 2/14/2018

To the members of the Gulf Coast Triumph Board:

I wish to submit this letter of support for Bay District Schools' Triumph Gulf Coast, Inc Trust Fund Grant application for the following projects: STEM Training Center, Manufacturing Academy Expansion, and the Industrial Pipefitter Program.

Bay District Schools has championed a mission to provide equitable educational opportunities to over 27,000 students from Pre-K to 12th grade representing a racially and socioeconomically diverse student population in Bay County. The school district strives to enhance student opportunities even more through offering high-quality academic programs in Science, Technology, Engineering and Math (STEM) as well as career and technical education that lead to successful career pathways. The funding of the submitted projects ensures that our district has the resources to develop career pathways toward a workforce pipeline, area industries can depend on for employees.

Maritech Machine Inc fully endorses Bay District Schools' proposal for funding as we believe growth of jobs in the county will be in the manufacturing sector. We are the direct beneficiary of the education provided by BDS and specifically Tom P. Haney. Additionally, we continue to look for qualified students/candidates to fuel our growth and future expansion.

The submitted pre-applications for these projects have already earned the recommendation of the Bay County Board of Commissioners, thus demonstrating a potential for transformational change--not only in the lives of Bay County residents but in the economic landscape for the entire Northwest Florida region.

Respectfully submitted,

Name	Ed Phelan

I wish to submit this letter of support for Bay District Schools' Triumph Gulf Coast, Inc. Trust Fund Grant application for the following projects: STEM Training Center, Manufacturing Academy Expansion, and the Industrial Pipefitter Program.

Bay District Schools has championed a mission to provide equitable educational opportunities to over 27,000 students from Pre-K to 12th grade representing a racially and socioeconomically diverse student population in Bay County. The school district strives to enhance student opportunities even more through offering high-quality academic programs in Science, Technology, Engineering and Math (STEM) as well as career and technical education that lead to successful career pathways. The funding of the submitted projects ensures that our district has the resources to develop career pathways toward a workforce pipeline area industries can depend on for employees.

Berg Steel Pipe, Inc. fully endorses Bay District Schools' proposal for funding. One of our goals at Berg is to fully support active engagement amongst high school students in our area towards careers in Engineering and Manufacturing. We are excited about the possibilities this grant holds for our local and regional area.

The submitted pre-applications for these projects have already earned the recommendation of the Bay County Board of Commissioners, thus demonstrating a potential for transformational change--not only in the lives of Bay County residents but in the economic landscape for the entire Northwest Florida region.

If you have questions, I can be contacted at 850-784-8275, or at <u>sherry.knighten@bergpipe.com</u>.

Sincerely,

in flu

February 5, 2018

To the Members of the Gulf Coast Triumph Board:

I wish to submit this letter of support for Bay District Schools' Triumph Gulf Coast, Inc. Trust Fund Grant application for the following projects: STEM Training Center, Welding Workforce Training Lab, and the Industrial Pipefitter Program.

Bay District Schools has championed a mission to provide equitable educational opportunity to over 27,000 students from Pre-K to 12th grade representing a racially and socioeconomically diverse student population in Bay County. The school district strives to enhance student opportunities even more through offering high-quality academic programs in Science, Technology, Engineering and Math (STEM) as well as career and technical education that lead to fruitful career pathways. The funding of the submitted projects ensure that our schools have the resources to further develop such pathways toward a workforce pipeline area industries can depend on.

HealthSouth Emerald Coast Rehabilitation Hospital, fully endorses Bay District Schools objectives and goals. HealthSouth supports Bay District Schools in several direct and indirect ways. We support Bay Education Foundation, which provides scholarships to deserving students. Junior Leadership Bay, which develops and prepares students to be active and contributing members of our community. In addition, Junior Achievement, which works to create a better-prepared and success-oriented workforce.

The submitted pre-applications for these projects have already earned the recommendation of the Bay County Board of Commissioners, thus demonstrating a potential for transformational change not only in the lives of Bay County residents but also in the economic landscape for the entire Northwest Florida region.

HealthSouth Emerald Coast Rehabilitation Hospital fully supports Bay District Schools' Triumph Gulf Coast, Inc., Trust Fund Grant application for STEM Training Center, Welding Workforce Training Lab, and the Industrial Pipefitter Program. We believe this Grant will provide many more opportunities for the students of Bay County and will create a better-prepared and successful workforce, which will be a true enticement to new and existing businesses looking to open, move or grow in the Bay County area.

Respectfully,

Tony Bennett Chief Executive Officer

To the members of the Triumph Gulf Coast Board:

Our organization wishes to submit this letter of support for Bay District Schools Triumph Gulf Coast, Inc. Trust Fund Grant application for the following projects: STEM Training Center, Welding Workforce Training Lab, and the Industrial Pipefitter Program.

Our region struggles to fill job vacancies in all of the above categories due to the lack of a trained workforce. Bay District Schools has long been a supporter of our business community in striving to meet their employment needs. This grant is certain to take our school system to the next level allowing our regional area to not only assist existing industry but to make us more competitive in recruitment of larger employers.

Bay District Schools has championed a mission to provide equitable educational opportunity to over 27,000 students from Pre-K to 12th grade representing a racially and socioeconomically diverse student population in Bay County. The school district strives to enhance student opportunities even more through offering high-quality academic programs in Science, Technology, Engineering and Math (STEM) as well as career and technical education that lead to fruitful career pathways. The funding of the submitted projects ensure that our schools have the resources to further develop such pathways toward a workforce pipeline area industries can depend on.

The Bay County Chamber of Commerce fully endorses the goals of Bay District Schools. The school district has been an exceptional partner with Chamber programs such as Career Connections. This program identifies students who are not necessarily college bound and educates them on certificate programs and employers in Bay County where they can obtain a great future here at home in Northwest Florida. Our Junior Leadership Bay program has succeeded due to the cooperation of the school system whereby educating students on opportunities in Bay County and leadership roles that they may pursue. The Educators In Industry program is yet another long term partnership where counselors are brought out into the community so they have a full understanding of workforce opportunities and needs in Bay County as they guide our students toward future employment.

The submitted pre-applications for these projects have already earned the recommendation of the Bay County Board of Commissioners, thus demonstrating a potential for transformational change not only in the lives of Bay County residents but in the economic landscape for the entire Northwest Florida region.

The Board of Directors of the Bay County Chamber of Commerce thanks you in advance for your consideration to support Bay District Schools and your assistance to help us build a better Bay County.

Respectfully submitted,

and a. Kolunte

To the members of the Gulf Coast Triumph Board:

I wish to submit this letter of support for Bay District Schools' Triumph Gulf Coast, Inc Trust Fund Grant application for the following projects: STEM Training Center, Welding Workforce Training Lab, and the Industrial Pipefitter Program.

Bay District Schools has championed a mission to provide equitable educational opportunity to over 27,000 students from Pre-K to 12th grade representing a racially and socioeconomically diverse student population in Bay County. The school district strives to enhance student opportunities even more through offering high-quality academic programs in Science, Technology, Engineering and Math (STEM) as well as career and technical education that lead to fruitful career pathways. The funding of the submitted projects ensure that our schools have the resources to further develop such pathways toward a workforce pipeline area industries can depend on.

The Bay Economic Development Alliance fully endorses Bay District Schools goals. It is critically important that we have robust, sustainable educational programs to support our economic development recruitment efforts while we continue to find ways to strengthen our regional economy.

The submitted pre-applications for these projects have already earned the recommendation of the Bay County Board of Commissioners, thus demonstrating a potential for transformational change not only in the lives of Bay County residents but in the economic landscape for the entire Northwest Florida region.

Respectfully submitted, S. Hand'
