Gulf Coast Triumph Board,

Please accept this letter as support for the Gulf County School District's Triumph application for a drone/unmanned systems education program. Gulf County has recently attracted a developer of unmanned aviation systems to open a manufacturing facility here in our Gulf County industrial park. Our School District's Triumph application could not have been more timely and appropriate. This program will provide our students the technical training and vocational skills that will guide them to future employment here in Gulf County in this rapidly growing industry.

Thank for the opportunity to offer our support for this important application and I remain available to provide any further assistance as your Triumph board deems appropriate.

Sincerely

Chairman Sandy Quinn
Gulf County Commission
